Despite high risks, Katya and Misha had spoken against the government. The children alone and desperate fear the worst. Will they ever see their parents again? But all it takes is one crumpled letter to give Marya and Georgi hope and send them on a dangerous mission to reunite their family. They must steal away in the dark of night, escape the city and find passage to the great Siberian wilderness. And even then, if they succeed in getting away, their journey will have only just begun. In this companion novel to her breathtaking Russian epic *Angel on the Square*, National Book Award-winning author Gloria Whelan takes readers on a remarkable journey that is both perilous and transforming.

The Impossible Journey Mary Besley, 1978 *The Choice for Love* Dr. Barbara De Angelis, 2018-03-13 From the moment we are born and through every day of our lives, each of us is traveling on a mysterious, relentless, passionate, and sometimes perplexing journey in search of the experience of Love. Love, however, isn't simply an emotion, a behavior, or even the bond you feel with another person; it's a supercharged, light-drenched, limitless vibrational field of infinite divine energy that is our essential nature. The true search for love then must inevitably direct us within where we discover that the love we've been seeking in countless ways has been inside of us all along. *The Choice for Love* is the inspiring and revelatory new book from New York Times best-selling author and renowned transformational teacher Barbara De Angelis, Ph.D. Known for helping millions of people make profound shifts in their relationship with themselves, others, and spirit, Dr. De Angelis has written an eloquent, illuminating, and deeply compassionate guide for transforming your relationship to love and bringing more of it into all aspects of your life. She offers you invaluable wisdom and practical tools for healing, opening, and expanding your emotional and spiritual heart and teaches you how to use love as the highest spiritual practice. What is the choice for love? It is a revolutionary shift in your relationship with the energy of love itself. It invites you into a new, enlightened experience of love as a vibrational state of being. It isn't the choice for new thoughts about love, new attitudes about love, or a new philosophy about love. It's the choice to enter into the experience of your own unlimited love and open to the unfathomable treasures that your heart holds. When we think that love originates from the outside, we mistakenly believe that we need to wait until something happens to give us an experience of love. Dr. De Angelis explains that love isn't something we can actually get from anyone else. No one can give you any love you don't already have. Love comes from the inside out. Now more than ever, in these unsettling times on our planet, we're each called to become a living remedy: to not fall in love but to rise in love. *The Choice for Love* is a masterful and sacred pilgrimage of words whose enlivened wisdom will move you, awaken you, and liberate you to embrace, embody, and delight in more love than

you ever imagined was possible Impossible Journey Kirstin M. Krick, 2001 **Ground Static** Lyra Xolani, 2025-05-14

Erosion of Reality by Spatialisation and Digitalisation Pieter Brabers, 2021-01-01 This book offers an innovative view of everyday reality It clarifies how the spatial dimension of reality as well as our personal and inter personal perception and interaction with reality aggravates human separateness at the expense of human connectedness It shows how many urgent societal challenges are affected by an imbalance between spatial and the non spatial aspects and offers an analysis of the impoverishment of society both in spatial terms spatialisation and in informational terms digitalisation Drawing on insights from quantum physics and depth psychology it proposes an unorthodox view of the potential of humans and of reality in itself that was lost in this impoverishment I found this book hugely interesting highly original and very well written I haven t come across these ideas presented in quite this way and so the book could be considered a groundbreaking contribution Dr Stephan Harding Resident Ecologist Schumacher College Author of Animate Earth It rarely happens that we are invited by a scholarly text to look at reality in a basically different way than the one we are used to at least in a way that is seductive and compelling at the same time But this is precisely what the text of Pieter Brabers has done with me Dr John Rijsman Emeritus Professor of Social Psychology Tilburg University Pieter Brabers monumental treatise draws our attention to possibly the key problem that underlies all our problems the way we construct reality Brabers opens the way to a better reality construction and understanding this form could highlight even if not necessarily immediately resolve the problems generated by our faulty reality as he calls it I recommend this book to all serious students of the disconnect that marks the fault of the contemporary view of the world Dr Ervin Laszlo author of The Akasha Paradigm Pieter Brabers 1944 studied Architecture and worked as a Lecturer at Delft University of Technology the Netherlands He has lived for the last 20 years in the south of Spain
