# The Impossible Presidency Illusions And Realities Of Executive Power

**William Edward Leuchtenburg**

## **The Impossible Presidency Illusions And Realities Of Executive Power:**

**The Impossible Presidency** Harold M. Barger, 1984      **The Powers of the Presidency**, 2013 This is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition      The ^AUbiquitous Presidency Joshua M. Scacco, Kevin Coe, 2021-03-12 American democracy is in a period of striking tumult The clash of a rapidly changing socio technological environment and the traditional presidency has led to an upheaval in the scope and standards of executive leadership This book brings needed insight to this situation by offering the first comprehensive framework what the authors term the ubiquitous presidency for understanding contemporary presidential communication in these complex times      **The Oxford Handbook of the American Presidency** George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today      *The British Presidency* Michael Foley, 2000 The Premiership of Tony Blair has not only reaffirmed previous trends towards leader centered parties and governments it has provided a decisive change in the development of a British presidency The strategies and techniques designed to secure and expand Blair s public outreach together with the priority attached to the prime minister s personal pledges and individual vision have propelled the office into new dimensions of independence Michael Foley argues that the ascendancy of Blair is not an aberration but rather a culmination of trends that have established vigorous leadership as a key criterion of political evaluation and governing competence This edition is completely up to date including the first convincing analysis of Tony Blair s leadership style      The Presidential Dilemma Michael A. Genovese, 2017-07-28 This brief thought provoking text evaluates the performance of recent presidents from Johnson to Bush finding that overall each has failed to live up to public expectations Written by one of the top presidency scholars today The Presidential Dilemma reflects on the idea that as our country s problems grow our politicians seem to shrink Arguing that American presidents of the last 40 years have largely failed to meet the needs expectations and responsibilities placed upon them the book discusses how presidents might better maximize their opportunities for leadership and suggests a distinctive theory of presidential politics presidents facing a system of multiple veto points seek to maximize power and influence The third edition of Genovese s stimulating book is thoroughly updated to reflect presidential development in recent years and a new introduction brings his arguments current As he demonstrates the emergence of democracy as a new social and political paradigm undermined traditional authority and legitimacy Subjects no longer automatically follow now citizens must be persuaded They may give to a leader their authority and power or not As Genovese notes in a world of mass consumerism those wishing to lead have precious little to offer by way of inducement Genovese s goal is to examine the reasons why the performance of recent presidents has been underwhelming discuss how they might maximize their opportunities for leadership and ask a key question Can presidents be

both powerful and accountable The book follows a clear format and tries to show why America's officeholders have so rarely been leaders and how presidents can become leaders instead of mere officeholders

**Why Presidents Fail And How They Can Succeed Again** Elaine C. Kamarck, 2016-07-26 Failure should not be an option in the presidency but for too long it has been the norm From the botched attempt to rescue the U.S. diplomats held hostage by Iran in 1980 under President Jimmy Carter and the missed intelligence on Al Qaeda before 9/11 under George W. Bush to most recently the computer meltdown that marked the arrival of health care reform under Barack Obama the American presidency has been a profile in failure In *Why Presidents Fail and How They Can Succeed Again* Elaine Kamarck surveys these and other recent presidential failures to understand why Americans have lost faith in their leaders and how they can get it back Kamarck argues that presidents today spend too much time talking and not enough time governing and that they have allowed themselves to become more and more distant from the federal bureaucracy that is supposed to implement policy After decades of imperial and rhetorical presidencies we are in need of a managerial president This White House insider and former Harvard academic explains the difficulties of governing in our modern political landscape and offers examples and recommendations of how our next president can not only recreate faith in leadership but also run a competent successful administration

*Greatness in the White House* Robert K. Murray, Tim H. Blessing, 2010-11 A narrative account of the survey of almost 1,000 professional historians on what constitutes a successful performance in the presidency this survey tells us almost as much about the thinking and biases of historians as it does about the nature of the American presidency Besides comparing past presidential polls and constructing a ranking list of the nation's chief executives this study examines why historians rate presidents the way they do and it analyzes those qualities and traits historians look for in a successful president It also delimits what constitutes a failing performance in the White House and marks the major pitfalls that almost assuredly lead to an adverse historical verdict In the process the study demonstrates that there is not always a close correlation between what historians say a president should do and what historians obviously feel when actually ranking the performances of the presidents of the United States This study should prove enlightening not only to the historical profession but to the general public political pundits newscasters public officials and all presidential aspirants and even to past and present occupants of the White House and their staffs

**Guide to the Presidency** Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U.S. political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty-seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the

reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office

### **The Post-Heroic Presidency**

Michael A. Genovese,Todd L. Belt,2016-06-13 This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad

**The Reagan Years** Joseph Hogan,1990 A collection of political commentaries published originally in the Wall Street Journal by a Reagan critic No index No bibliography Contributors from both Britain and the US but mostly Britain cover Reagan s management of institutions Congress the Supreme Court the Cabinet councils and the White House staff the mass media the political parties and assess his leadership in the arenas of economic policy and foreign affairs Generally oriented to the level of advanced undergraduate students and generally well done though an index is sorely lacking Distributed in the US and Canada by St Martins Press Annotation copyrighted by Book News Inc Portland OR

**The Myth of the Strong Leader** Archie Brown,2014-04-08 From one of the world s preeminent political historians a magisterial study of political leadership around the world from the advent of parliamentary democracy to the age of Obama All too frequently leadership is reduced to a simple dichotomy the strong versus the weak Yet there are myriad ways to exercise effective political leadership as well as different ways to fail We blame our leaders for economic downfalls and praise them for vital social reforms but rarely do we question what makes some leaders successful while others falter In this magisterial and wide ranging survey of political leadership over the past

hundred years renowned Oxford politics professor Archie Brown challenges the widespread belief that strong leaders meaning those who dominate their colleagues and the policy making process are the most successful and admirable In reality only a minority of political leaders will truly make a lasting difference Though we tend to dismiss more collegial styles of leadership as weak it is often the most cooperative leaders who have the greatest impact Drawing on extensive research and decades of political analysis and experience Brown illuminates the achievements failures and foibles of a broad array of twentieth century politicians Whether speaking of redefining leaders like Franklin Delano Roosevelt Lyndon Johnson and Margaret Thatcher who expanded the limits of what was politically possible during their time in power or the even rarer transformational leaders who played a decisive role in bringing about systemic change Charles de Gaulle Mikhail Gorbachev and Nelson Mandela among them Brown challenges our commonly held beliefs about political efficacy and strength Overturning many of our assumptions about the twentieth century s most important figures Brown s conclusions are both original and enlightening *The Myth of the Strong Leader* compels us to reassess the leaders who have shaped our world and to reconsider how we should choose and evaluate those who will lead us into the future

**The Role of U.S. Domestic Political Factors in the American Defense Policy Process** David C. Kozak,1986 **Laws, Men and Machines (Routledge Revivals)** Michael Foley,2014-02-04 First published in 1990 Laws Men and Machines is an original

interpretation of the lasting influence that Newtonian mechanics has had on the design and operation of the American political system The author argues that it is this mechanistic tradition that now instinctively shapes the way we conceive of analyse and evaluate American politics and that the Newtonian conception of the world still finds expression in the checks and balances of the American system **The Contemporary American President** Robert E DiClerico,2016-12-05 Debuting in its first edition *The Contemporary American President* explores the potential and limitations of presidential influence in times of rising public expectation for the office and the declining ability of presidents to meet it It focuses on six major areas concerning the presidency selection power accountability decision making personality and leadership and offers an appreciation of the challenges of the office as the institution attempts to function in an increasingly controversial political environment *The American President* William Edward Leuchtenburg,2015 *The American President* is an enthralling account of American presidential actions from the assassination of William McKinley in 1901 to Bill Clinton s last night in office in January 2001 William Leuchtenburg one of the great presidential historians of the century portrays each of the presidents in a chronicle sparkling with anecdote and wit Leuchtenburg offers a nuanced assessment of their conduct in office preoccupations and temperament His book presents countless moments of high drama FDR hurling defiance at the economic royalists who exploited the poor ratcheting tension for JFK as Soviet vessels approach an American naval blockade a grievously wounded Reagan joking with nurses while fighting for his life This book charts the enormous growth of presidential power from its lowly state in the late nineteenth century to the imperial presidency of the twentieth That striking

change was manifested both at home in periods of progressive reform and abroad notably in two world wars Vietnam and the war on terror Leuchtenburg sheds light on presidents battling with contradictory forces Caught between maintaining their reputation and executing their goals many practiced deceits that shape their image today But he also reveals how the country's leaders pulled off magnificent achievements worthy of the nation's pride Now with a preface new to the paperback edition *The American President* provides a timely reflection on the office that has shaped and continues to shape the destiny of the United States and its people

**The Presidential Image** Iwan Morgan, Mark White, 2020-04-02 Presidential Image has become an integral part of the campaign presidency and legacy of Modern American presidents Across the 20th century to the age of Trump presidential image has dominated media coverage and public consciousness winning elections gaining support for their leadership in office and shaping their reputation in history Is the creation of the presidential image part of a carefully conceived public relations strategy or result of the president's critics and opponents Can the way the media interpret a president's actions and words alter their image And how much influence do cultural outputs contribute to the construction of a presidential image Using ten presidential case studies this edited collection features contributions from scholars and political journalists from the UK and America to analyse aspects of Presidential Image that shaped their perceived effectiveness as America's leader and to explore this complex controversial and continuous element of modern presidential politics

**Jimmy Carter in the White House** Robert K. Green, 2024-03-21 This fresh examination of Carter's presidency 1977-1981 the first in over twenty years sheds new light on his time in office reflecting on his domestic record his key policies on the economy civil rights and energy and challenging misconceptions about his character and leadership The success of Jimmy Carter's post-presidential career and the scandals of his successors have begun to generate a nostalgic view of Carter's time in the White House This book looks at his presidency during a time of ideological conflict in the US political landscape between liberalism and rising conservatism embodied respectively by Kennedy and Reagan Carter's efforts to hold the centre or non-ideological moral position and the impact of his character particularly his faith on how he exercised power in Washington In doing so it reveals new interpretations of his leadership style and its impact on his time in office

**Homeland Security, its Law and its State** Christos Boukalas, 2014-03-26 This book assesses the impact of post 9/11 domestic counterterrorism policy on US political life It examines political discourse law institutional architecture and state-population relations and shows that homeland security is a project with wide-ranging implications for democratic institutions and culture These implications are addressed through a novel approach that treats law and the state as social relations and relates developments in law to those in the state and in social dynamics On this basis the book examines the new political representations in counterterrorism discourse especially regarding the relation between the state and the population It examines the form and content of counterterrorism law the powers it provides and the structure and functions it prescribes for the state By focusing on the new Department of Homeland Security and the restructuring of the intelligence apparatus

the book assesses the new intelligence led policing model Finally it examines forms of popular support and resistance to homeland security to discuss citizenship and state population relations The author concludes that homeland security has turned the US into a hybrid polity the legal and political institutions of democracy remain intact but their content and practices become authoritarian and exclude the population from politics These legal and political forms remain operative beyond counterterrorism in the context of the present economic crisis They are a permanent configuration of power This book is an indispensable companion for students of counter Terrorism and Security Studies Politics Human Rights Constitutional and Criminal Law American Studies and Criminology     The FDR Years William Edward Leuchtenburg,1995 A renowned historian recounts how President Roosevelt inspired the country and changed forever the political social economic and even the physical landscape of the United States Cover

### **The Impossible Presidency Illusions And Realities Of Executive Power Introduction**

In today's digital age, the availability of *The Impossible Presidency Illusions And Realities Of Executive Power* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *The Impossible Presidency Illusions And Realities Of Executive Power* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *The Impossible Presidency Illusions And Realities Of Executive Power* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *The Impossible Presidency Illusions And Realities Of Executive Power* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *The Impossible Presidency Illusions And Realities Of Executive Power* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *The Impossible Presidency Illusions And Realities Of Executive Power* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project

Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Impossible Presidency Illusions And Realities Of Executive Power books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Impossible Presidency Illusions And Realities Of Executive Power books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Impossible Presidency Illusions And Realities Of Executive Power books and manuals for download and embark on your journey of knowledge?

### **FAQs About The Impossible Presidency Illusions And Realities Of Executive Power Books**

1. Where can I buy The Impossible Presidency Illusions And Realities Of Executive Power books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Impossible Presidency Illusions And Realities Of Executive Power book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their

work.

4. How do I take care of The Impossible Presidency Illusions And Realities Of Executive Power books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
