Murder Jack Levin,, Julie B. Wiest,2018-10-18 Any murder causes pain and suffering that ripple through families and communities of both the victims and the perpetrators but premeditated murders cause the worst kind of damage The Allure of Premeditated Murder is about the worst kinds of premeditated homicide in which the perpetrator plans an attack over a period of days weeks or months leaving behind massive carnage and unspeakable suffering Drawing on extensive research and interviews with murderers sociologists Jack Levin and Julie B Wiest help readers understand why such vicious murders occur and what we can do to minimize their incidence Throughout the book they examine why people engage in acts of premeditated murder planning and implementing terrible violence against others from the perpetrator s viewpoint By juxtaposing the motivations for these hideous homicides against everyday social circumstances these often baffling crimes are explained in an easy to understand manner that paves the way for promising solutions In the process of examining the characteristics of premeditated murder the book also addresses those questions that are commonly asked about this kind of

violent crime but usually unanswered How could a killer have enjoyed his murderous rampage when he committed suicide right afterward Why do sadistic killers sometimes regard their murders as great accomplishments What can be done to effectively reduce the likelihood of this kind of homicide As violence remains such a prominent and troubling topic nationwide The Allure of Premeditated Murder successfully explores the reasons behind the worst violence as well as the most promising solutions

From These Ashes Part Iii T.E. Reynolds,2011-02-18 Even in historys darkest times enlightened men looked to the heart when choosing a friend From These Ashes is about a young man from Barnwell County South Carolina who inherits 150 of his fellow human beings Part I A Friend Loveth at All Times speaks of the close relationships that existed on plantations between master and slave and the unrecognized struggle for freedom complicated by loyalty to a fair master Part II A Brother Offended continues the story through the war The characters serve with the 2nd South Carolina Cavalry under Edgefields M C Butler sharing in such adventures as Brandy Station Hamptons cattle raid and the bitter return to South Carolina to fight against Kilpatricks Army who gloried in burning a path from the low country to Columbia with more vengeance than Sherman dealt Georgia After the war the main character returns home to find another challenge Following true accounts of the Reconstruction Part III Through Wisdom is a House Built places the characters into this agonizing time In Part III the main character does what he

must to build a safe future for those he loves from the ashes left by Kilpatrick's invasion. From These Ashes celebrates positive qualities in men of both colors. Reynolds believes what we give our power over to will manifest. With this story he has chosen to celebrate the good in mankind, the good that was present then and is now. President Lincoln once said when meeting Harriet Beecher Stowe, "So you're the little lady who wrote the book that started this great war." Reynolds shares a veiled history with a new generation of Americans. Knowledge brings understanding and understanding empathy. So with this tale his prayer is set free. Let the South be free to celebrate her Confederate heritage. West's South Eastern Reporter, 1997

Parading Through History Frederick E. Hoxie, 1995. Exploring the links between the nineteenth century nomadic life of the Crow Indians and their modern existence, this book demonstrates that dislocation and conquest by outsiders drew the Crows together by testing their ability to adapt their traditions to new conditions. *Walter Dean Myers* Mary Ellen Snodgrass, 2015-01-24. Walter Dean Myers, preeminent author of teen fiction, biography, and verse, refines the image of black characters that are frequently trivialized or vilified in juvenile literature, advertising, television, and film. From his saga *The Glory Field* to his novel *The Young Landlords*, Myers's canon surveys the complex realm of the teen years as colliding settings in home school and the street. This volume introduces readers to both the writer and his work with an emphasis on the characters, dates, events, motifs, and themes from the books. Myers's 101 A to Z entries offer concise analytical discussion on all topics and include generous citations from primary and secondary sources. Each entry concludes with a selected bibliography on such subjects as segregation, Malcolm X, urbanism, writing, metafiction, drugs, and alcohol, slavery, and the Vietnam War. Appendices offer a timeline of historical events in Myers's writings and forty topics for group or individual projects, oral analysis, background material, and theme development. A map of Harlem, where many of the stories are set, genealogical diagrams for characters, and an author chronology contribute to a comprehensive presentation. **The Journal of the American Academy of Psychiatry and the Law**, 2000. **Bad Men Do What Good Men Dream** Robert I. Simon, 2009-02-20. Robert Simon's *Bad Men Do What Good Men Dream*, a forensic psychiatrist illuminates the darker side of human behavior. This rare title is both essential reading for the mental health professional and accessible in style and content to the fascinated lay reader. In twelve powerful and provocative chapters, the author introduces readers to a psychological perspective on evil character and destiny, as well as the making of good men and women. Simon also illuminates the psychology of psychopaths, serial killers, rapists, and all manner of evil characters who appall and challenge us by their very existence. He rejects the common belief that his subjects are monsters with nothing in common with the more normal among us. Simon posits that if we deny our dark side, it can only obscure our understanding of violent offenders and impede our ability to both know ourselves and control our own, at times unacceptable, impulses. The author is among the foremost experts in forensic psychiatry. He is Director of the Program in Psychiatry and Law at Georgetown University School of Medicine. Author or co-author of more than two dozen books and editions, including the foundational *Textbook of Forensic*
