Hawthorne D. G. Kehl,2013-03-29 When he was a student at Oxford University C S Lewis wrote to a friend expressing his great admiration of and enthusiasm for the novels of Nathaniel Hawthorne particularly *The House of the Seven Gables* and *Transformation* British title of *The Marble Faun* This study examines the parallels between these two kindred spirits and their works focusing on their similar worldviews their personal backgrounds and lifestyles and the Ultimates they both pondered It discusses common themes in their works such as myth scientism and the great power of blackness Their respective attitudes toward these issues and others such as faith repentance heaven and hell confession church attendance the clergy and Puritanism are strikingly similar Considerable attention is given to companion pieces of the two writers with discussion of the so called *Fortunate Fall* in *The Marble Faun* and *Perelandra* veil imagery in *The Minister's Black Veil* *The Blithedale Romance* and *Till We Have Faces* influence of Bunyan's allegory on *The Pilgrim's Regress* and *The Celestial Railroad* and multiform love in *The Four Loves* and *The House of the Seven Gables* Examination of such affinities between these two writers and their works provides mutual illumination and enhanced appreciation of each T. S. Eliot and Christian Tradition Benjamin G. Lockerd,2014-06-18 T S Eliot was raised in the Unitarian faith of his family in St Louis but drifted away from their beliefs while studying philosophy mysticism and anthropology at Harvard During a year in Paris he became involved with a group of Catholic writers and subsequently went through a gradual conversion to Catholic Christianity Many studies of Eliot's writings have mentioned his religious beliefs but most have failed to give the topic due weight and many

have misunderstood or misrepresented his faith More recently scholars have begun exploring this dimension of Eliot's thought more carefully and fully In this book readers will find Eliot's Anglo Catholicism accurately defined and thoughtfully considered Essays illuminate the all important influence of the French Catholic writers he came to know in Paris Prominent among them were those who wrote for or were otherwise associated with the *Nouvelle Revue Française* including André Gide Paul Claudel and Charles Louis Philippe Also active in Paris at that time was the notorious Charles Maurras whose influence on Eliot has been exaggerated by those who wished to discredit Eliot's traditionalist views A more measured assessment of Maurras's influence has been needed and is found in several essays here A wiser French Catholic writer Jacques Maritain has been largely ignored by Eliot scholars but his influence is now given due consideration The keynote of Eliot's cultural and political writings is his belief that religion and culture are integrally related Several contributors examine his ideas on this subject placing them in the context of Maritain's ideas as well as those of the Catholic historian Christopher Dawson Contributors take account of Eliot's intellectual relationship with such figures as John Henry Newman Charles Williams and the expert on church architecture W R Lethaby Eliot's engagement with other contemporaries who held a variety of Christian beliefs including George Santayana Paul Elmer More C S Lewis and David Jones is also explored This collection presents the subject of Eliot's religious beliefs in rich detail from a number of different perspectives giving readers the opportunity to see the topic in its complexity and fullness

The History of the University of Oxford: Volume VIII: The Twentieth Century Brian Harrison, Trevor Henry Aston, 1994-04-07 This volume the eighth in *The History of the University of Oxford* shows how one of the world's major universities has responded to the formidable challenges offered by the twentieth century Because Oxford's response has not taken a revolutionary or dramatic form outside observers have not always appreciated the scale of its transformation Here full attention is given to the forces for change the rapid growth in provision for the natural and social sciences the advance of professionalism in scholarship sport and cultural achievement the diffusion of international influences through Rhodes scholars two world wars and the University's mounting research priorities the growing impact of government and of public funding the steady advance of women and the impact made by Oxford's broadened criteria for undergraduate admission The volume also provides valuable background material for the discussion of educational policy In short it presents the reader with a rich cornucopia of insight into many aspects of British life

A Pastor's Highways on the Way

to the New Jerusalem Arthur Jarrell Tankersley, 2021-10-29 David Brooks wrote in *The Second Mountain* A pilgrimage is a journey undertaken in response to a story My life story has been lived in response to God's story revealed in the Bible This book is about the highways I have traveled in obedience to the Voice of the Holy breaking into my successes and failures desires and doubts and leading me by the power of grace in ever merciful and transforming ways If you are drawn to my story it is because the same Voice is calling you to share the adventure of a lifetime in following Jesus as he set his face to go up to Jerusalem Through my story may you hear Aslan's Christ's invitation Come further in Come further up This story travels by way of the highways to Zion Ps 84 5 7 Those highways become deeply paved in the hearts and minds of those who work for the healing of the world and who bring the blessings of the reign of God to barren dry and thirsty lands **The Role of Imagination in Culture and Society** Astrid Diener, 2013-07-22 Owen Barfield 1898 1997 philosopher historian and literary theoretician is well known for his friendship with C S Lewis What is virtually unknown is that he was also admired and promoted by T S Eliot who in the 1920s became his publisher at Faber and Faber There can scarcely be two writers at greater variance than Lewis and Eliot that Barfield was admired by both showed that he was an independent thinker far more subtle and complex than has so far been recognized Diener's book about Barfield's early work is the first systematic study to trace the roots and the development of his thought It places Barfield in the tradition of British and European cultural and social critics including Coleridge Arnold Nietzsche and Rudolf Steiner In the light of this tradition Barfield's work emerges as a unique and constructive contribution to twentieth century thought **The Pilgrim's Regress** C. S. Lewis, 2014-10-12 Modeled after John Bunyan's famous *Pilgrim's Progress* C S Lewis's *Pilgrim's Regress* represents a number of firsts for Lewis the first book he wrote after his conversion to Christianity his first book of fiction and the first book he published under his own name This splendid annotated edition produced in collaboration with the Marion E Wade Center in Wheaton Illinois helps readers recover the richness of Lewis's allegory Often considered obscure and difficult to read *The Pilgrim's Regress* nonetheless remains a witty satire on cultural fads a vivid account of spiritual dangers and an illuminating tale for generations of pilgrims old and new Editor David C Downing's critical introduction provides needed biographical and cultural context for fully appreciating *The Pilgrim's Regress* Downing relies throughout both on his own expertise and on previously unpublished sources from Lewis himself to identify allusions to other authors translate quotations and explain humor hidden within Lewis's text Among the hundreds of annotations are references that draw parallels to Lewis's later works including *Mere Christianity* *Surprised by Joy* and *The Chronicles of Narnia* **Recharting the Thirties** Patrick J. Quinn, 1996 The aim of *Recharting the Thirties* is to revitalize the awareness of the reading public with regard to eighteen writers whose books have been largely ignored by publishers and scholars since their major works first appeared in the thirties The selection is not based on a political agenda but encompasses a wide and divergent range of philosophies clearly the contrasts between Empson and Upward or between Powell and Slater indicated the wide ranging vision of the period

Women writers of the period have largely been marginalized and the writings of Sackville West and Burdekin for example not only present distinct feminine voices of the period but also illuminate how much good literature has been forgotten
