## **The Inner Elite Dossiers Of Papal Candidates:**

**The Inner Elite** Gary MacEóin,1978      **Popes and Cardinals of the 20th Century** Harris M. Lentz III,2015-07-11

From 1900 through 2000 the Catholic Church has had nine popes As the 21st century began John Paul II was in his 22nd year as head of the church During the century more than 600 cardinals have helped to lead the church This biographical reference work covers all nine popes and all 641 cardinals The first section presents the popes in chronological order and provides date and place of birth and death education and training for the priesthood positions held within the church and roles in church leadership and various conclaves In the second section the cardinals are listed alphabetically and much the same biographical information is provided for them An appendix gives all the cardinals appointed by John Paul II in 2001

**U.S.-Vatican Relations, 1975-1980** P. Peter Sarros,2020-01-31 This book explores the bilateral relations between the United States and the Vatican from 1975 to 1980 a turbulent period that had two presidents three presidential envoys and three popes This previously untold story shows how the United States and the Vatican worked quietly together behind the scenes to influence the international response to major issues of the day Peter Sarros examines the Iran hostage crisis the tensions of the Cold War the Helsinki process and the Beagle Channel dispute among other issues These interactions produced a tacit alliance in the foreign policies of the United States and the Vatican even before the establishment of full diplomatic relations This unique book is based largely on official documents from the archives of the Office of the U S Special Envoy of the United States to the Vatican supplemented by Sarros s contemporaneous diaries notes and other unpublished sources The confidential consultations at the Vatican by three special envoys and by Sarros in his role as charg and ambassador at the Vatican were critical in obtaining Vatican support on major international issues The Vatican also derived substantial benefits from the partnership through U S support of Vatican initiatives in Lebanon and elsewhere and by U S policies that gave Vatican diplomacy the flexibility to play a larger role in the international sphere Sarros concludes that American diplomacy was successful at the Holy See during this period because it took advantage of the Vatican s overarching international strategy which was to increase its influence through support for the global balance of power while blocking the expansion of Soviet power and communism in Europe U S Vatican Relations 1975 1980 will be of interest to students and scholars of history and political science especially in the fields of diplomatic relations and church history      *The War on Error* Martin Kramer,2017-09-08 In *The War on Error* historian and political analyst Martin Kramer presents a series of case studies some based on pathfinding research and others on provocative analysis that correct misinformation clouding the public s understanding of the Middle East He also offers a forensic exploration of how misinformation arises and becomes fact The book is divided into five themes Orientalism and Middle Eastern studies a prime casualty of the culture wars Islamism massively misrepresented by apologists Arab politics a generator of disappointing surprises Israeli history manipulated by reckless revisionists and American Jews and Israel the subject of irrational fantasies Kramer shows how error

permeates the debate over each of these themes creating distorted images that cause policy failures Kramer approaches questions in the spirit of a relentless fact checker Did Israeli troops massacre Palestinian Arabs in Lydda in July 1948 Was the bestseller Exodus hatched by an advertising executive Did Martin Luther King Jr describe anti Zionism as antisemitism Did a major post 9 11 documentary film deliberately distort the history of Islam Did Israel push the United States into the Iraq War Kramer also questions paradigms the Arab Spring the map of the Middle East and linkage Along the way he amasses new evidence exposes carelessness and provides definitive answers Mother Figured Deirdre de la Cruz,2015-12-30 There is no female religious figure so widely known and revered as the Virgin Mary Mary has inspired in cultures around the world a deep devotion a desire to emulate her virtue and a strong belief in her power Perhaps no population has been so deeply affected by this maternal figure as Filipino Catholics whose apparitions of Mary have increased in response to recent events drawing from a broad repertoire of the Catholic supernatural and pulling attention to new articulations of Christianity in the Global South In Mother Figured historical anthropologist Deirdre de la Cruz offers a detailed examination of several appearances and miracles of the Virgin Mary in the Philippines from materials and sites ranging from the mid nineteenth century to the present By analyzing the effects of the mass media on the perception and proliferation of apparition phenomena de la Cruz charts the intriguing emergence of new voices in the Philippines that are broadcasting Marian discourse globally Based on two years of ethnographic fieldwork and hitherto unexplored archives in the Philippines the United States and Spain Mother Figured documents the conditions of Marian devotion s modern development and tracks how it has transformed Filipinos social and political role within the greater Catholic world
