**Reviews, Essays and Other Writings ,** *An Autobiography and Other Writings* Anthony Trollope, 2014 This classic study of the working life of a professional writer is one of the best and also one of the strangest autobiographies ever written After a miserable childhood and misspent youth Trollope turned his life around at the age of twenty six By 1860 the hobbledehoy had become both a senior civil servant and a best selling novelist He worked for the Post Office for many years and stood unsuccessfully for Parliament Best known for the two series of novels grouped loosely around the clerical and political professions the *Barsetshire* and *Palliser* series in his *Autobiography* Trollope frankly describes his writing habits His apparent preoccupation with contracts deadlines and earnings and his account of the remorseless regularity with which he produced his daily quota of words has divided opinion ever since As the Introduction to this edition shows Trollope selected and exaggerated to create his compelling narrative of initial failure and eventual success and the inspiration that fuelled his creative imagination has too easily been overlooked The only autobiography by a major Victorian novelist Trollope's record offers a fascinating insight into his literary life and opinions This edition also includes a selection of his critical writings to show how subtle and complex his approach to literature really was

*Never Speak to Strangers and other writing from Russia and the Soviet Union* David Satter, 2020-04-22 David Satter arrived in the Soviet Union in June 1976 as the correspondent of the *Financial Times* of London and entered a country that was a giant theater of the absurd After 1982 he was banned from the Soviet Union but allowed back in 1990 and finally expelled in 2013 on the grounds that the secret police regarded his presence as undesirable From 1976 to the present he saw four different Russias which differed from each other radically while remaining essentially the same From 1976 to 1982 the Soviet Union was at the height of its world power and its people were in thrall to an absurd ideology With the advent of Gorbachev's perestroika the Soviet population was liberated from the ideology and the state hurtled to its inevitable collapse When independent Russia emerged from the wreckage the failure to replace the missing ideology with genuine moral values led to Russia's complete criminalization The articles in this unique collection are a chronicle of Russia from the day David Satter arrived in the Soviet Union until the

present Emigres from the states of the former Soviet Union often despair of their inability to convey the true character of their experiences to the West Penetrating the veil of Russian mystification requires effort and the ability to understand that seeing is not always believing The Russians have created an entire false world for our benefit This collection reflects David Satter s 40 year attempt to see them as they are

The Lands West of the Lakes Stephen C. Druce, 2009-01-01 The period 1200-1600 CE saw a radical transformation from simple chiefdoms to kingdoms in archaeological terminology complex chiefdoms across lowland South Sulawesi a region that lay outside the classical Indicized parts of Southeast Asia The rise of these kingdoms was stimulated and economically supported by trade in prestige goods with other parts of island Southeast Asia yet the development of these kingdoms was determined by indigenous rather than imported political and cultural precepts Starting in the thirteenth century the region experienced a transition from swidden cultivation to wet rice agriculture rice was the major product that the lowland kingdoms of South Sulawesi exchanged with archipelagic traders Stephen Druce demonstrates this progression to political complexity by combining a range of sources and methods including oral textual archaeological linguistic and geographical information and analysis as he explores the rise and development of five South Sulawesi kingdoms known collectively as Ajattappareng the Lands West of the Lakes The author also presents an inquiry into oral traditions of a historical nature in South Sulawesi He examines their functions their processes of transmission and transformation their uses in writing history and their relationship to written texts He shows that any distinction between oral and written traditions of a historical nature is largely irrelevant and that the South Sulawesi chronicles which can be found only for a small number of kingdoms are not

characteristic as historians have argued but exceptional in the corpus of indigenous South Sulawesi historical sources The book will be of primary interest to scholars of pre European contact Southeast Asia including historians archaeologists anthropologists linguists and geographers and scholars with a broader interest in oral tradition and the relationship between the oral and written registers **The Chronicles of Froissart** Jean Froissart,1895 **The Oxford Handbook of Biblical Studies** J.
