Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **The National Quarterly Review** ,1869 The Chronicles of Barsetshire: The warden and

Barchester towers.-v. 3. Doctor Thorne.-v. 4 Framley parsonage.-v. 5-6. The small house at Allington.-v. 7-8. The last chronicle of Barset Anthony Trollope,1891 Arthurian Literature XXX Elizabeth Archibald,David F. Johnson,2013-12 The influence and significance of the legend of Arthur are fully demonstrated by the subject matter and time span of articles here Topics include Perceforest in historical context a new source for Malory s Morte Darthur magic and the supernatural in early Welsh Arthurian narrative and ecology in Sir Gawain and the Green Knight Contributors Richard W Barber Nigel Bryant Aisling Byrne Carol J Chase Si n Echard Helen Fulton Michael Twomey Patricia Victorin *Arthurianism in Early Plantagenet England* Christopher Michael Berard,2019 First full scale account of the use of the Arthurian legend in the long twelfth century The precedent of empire and the promise of return lay at the heart of King Arthur s appeal in the Middle Ages Both ideas found fullness of expression in the twelfth century monarchs and magnates sought to recreate an Arthurian golden age that was as wondrous as the biblical and classical worlds but less remote Arthurianism the practice of invoking and emulating the legendary Arthur of post Roman Britain was thus an instance of medieval medievalism This book provides a comprehensive history of the first 150 years of Arthurianism from its beginnings under Henry II of England to a highpoint under Edward I It contends that the Plantagenet kings of England mockingly ascribed a literal understanding of the myth of

King Arthur's return to the Brittonic Celts whilst adopting for themselves a figurative and typological interpretation of the myth. A central figure in this work is Arthur of Brittany 1187-1203 who for more than a generation was the focus of Arthurian hopes and their disappointment. CHRISTOPHER MICHAEL BERARD is a Visiting Assistant Professor of English at Providence College. He completed his PhD at the University of Toronto's Centre for Medieval Studies.
