War and Society in Habsburg Spain I.A.A. Thompson,2024-10-28 The historical study of war in the Spain of Philip II forms the starting point for the articles in this volume They approach this not so much from a military angle but as a problem of organization procurement and finance In a sense the articles represent an assessment of the effectiveness of the Spanish government and so given the apparent precocity of government growth in 16th century Spain they can also be seen as a critical commentary on the operational capabilities of the early modern absolutist state Six of the essays here focus on the Spanish Armada in terms of its political and military objectives but demonstrating how these were conditioned by basic systems limitations not least in the procurement of suitable cannon In the final articles Dr Thompson turns to the impact of war and its financing on the social structure bearing in particular on the definition of nobility and its sale and on local democracy and making full use here as elsewhere of the relatively unexplored local sources Two of the papers here appear for the first time in English whilst a third has been newly prepared for this volume L tude historique de la guerre sous Philippe II roi d Espagne est la base des articles contenus dans le pr sent recueil Ceci est abord non tant sous l angle militaire mais comme un probl me d organisation d acquisition de mat riel et de financement En un certain sens ces documents repr sentent une valuation de l efficacit du gouvernement espagnol et peuvent par cons quent tant donn e l apparente pr cocit de la croissance gouvernementale en Espagne au 16 si cle tre consid r s comme un commentaire critique quant aux capacit s op rationnelles de l Etat absolu proto moderne Une demi douzaine des essais font l examen de l Armada espagnole en terme d objectifs politiques et militaires tout en d montrant comment ces derniers taient conditionn s par des contraintes structurales [Mediterranean Encounters, Economic, Religious, Political, 11001550](#) David Abulafia,2024-10-28

This third volume by David Abulafia looks at the interactions between territories peoples and religions across the Mediterranean and at the influence of the Mediterranean economy on the world beyond Topics addressed are trade across the Christian Muslim frontier the relative importance of local and long distance trade in economic development the policies of Frederick II and his successors towards the Jews and Muslims and the complex political relationships within the western and central Mediterranean in the aftermath of the revolt of the Sicilian Vespers Attention is also paid to Italian merchants and bankers as far afield as London and Southampton and to the business affairs of Lorenzo de Medici Taken together these papers present an original Mediterranean perspective on the economy society and politics of central and late medieval Europe

The Corruption of Angels Mark Gregory Pegg,2009-01-10 On two hundred and one days between May 1 1245

and August 1 1246 more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women more commonly known as Catharism Nobles and diviners butchers and monks concubines and physicians blacksmiths and pregnant girls in short all men over fourteen and women over twelve were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint Pierre In the cloister of the Saint Sernin abbey before scribes and witnesses they confessed whether they or anyone else had ever seen heard helped or sought salvation through the heretics This inquisition into heretical depravity was the single largest investigation in the shortest time in the entire European Middle Ages Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care often in unexpected ways to build a richly textured understanding of social life in southern France in the early thirteenth century He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers perceptions of those lives The Corruption of Angels similar in breadth and scope to Emmanuel Le Roy Ladurie s Montaignou is a major contribution to the field It shows how heretical and orthodox beliefs flourished side by side and more broadly what life was like in one particular time and place Pegg s passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy

Crisis and Continuity Teofilo F. Ruiz, 2016-11-11 Offers a critical reassessment of the Reconquest of Castile from the Moors in the fifteenth century Explores the land and climate of northern Castile the urban and rural society and the demography and fiscal oppression of the Reconquest *The Hospitallers of Rhodes and their Mediterranean World* Anthony Luttrell, 2024-10-28 The studies in the present volume on the history of the Order of the Hospital between 1306 and 1522 are not only concerned with the part it played in the defence of the Latin Levant but also with its role in Western society The first articles deal with the settlement of Rhodes the conflicts with the Turks and with the Hospitallers participation in crusading expeditions As important however is the question of how they managed to support their military achievements Drawing on the results of many years research into the archives of the Hospital both in Malta and in the provincial archives Dr Luttrell examines their administration of the Rhodian islands and details some of the resources they drew from elsewhere notably the West whether in terms of recruitment money raising or the exploitation of their estates Particular attention is given to the Hospitaller properties in Italy and Spain and to the nature of Hospitaller life in these western priories and commanderies Les tudes regroup es dans le pr sent volume qui traitent de l histoire de l Ordre de l H pital entre 1306 et 1522 ne s attachent pas seulement au r le jou par celui ci dans la d fense du Levant latin mais aussi son r le dans la soci t occidentale Les premiers articles s int ressent la colonisation de Rhodes aux conflits avec les Turcs et la participation des membres de l Ordre aux exp ditions crois es La question de savoir comment ils parvinrent financer leurs exploits militaires reste toutefois importante s appuyant sur les r sultats obtenus apr s de nombreuses ann es de recherches dans les archives de l H pital Malte et en province le Dr Luttrell examine leur administration des les rhodiennes et fait un compte rendu qu ils tir rent d ailleurs

notamment de l'Ouest que ce soit en terme de recrutement de collecte de fonds ou d'exploitation de leurs terres Une attention plus particulière est portée sur *Production and Consumption in the Low Countries, 13th-16th Centuries* Raymond van Uytven, 2024-10-28 The subject of this volume is the relationship between production and consumption considered not only as the supply and demand sides of economic life but within the broader context of the societies of the Low Countries between the 12th and the 16th centuries Amongst the topics covered are the reality of the so called late medieval depression comparisons between the great merchant cities of Bruges and Antwerp and the actual importance of the trade in art and luxury goods One group of articles then looks in detail at the cloth industry which remained the mainstay of the region's wealth and the effects upon it of changes in technology and in fashion while the volume concludes with two studies specially translated from Dutch on wine and beer consumption **Between France and England** Michael Jones, 2024-10-28 Between France and England characterises the role played by most rulers of the duchy of Brittany during the late Middle Ages before it was finally united with Valois France These essays including three appearing for the first time in English explore political and institutional aspects of the changing relationship between France and Brittany within the context of Anglo French relations as well as social consequences of the development of a largely autonomous state within the larger French kingdom during a period dominated by war and economic crisis The transformation of medieval France into an early modern state changed the traditional relationship between the king and his great feudal princes But some princes reacted by imitating the crown creating their own more advanced administrations and an ideological base for claims to exercise regal rights within their lordships often expressed in striking visual and symbolic form These trends are evident in the late medieval duchy of Brittany where the Montfort dynasty all but succeeded in nullifying royal control From Ignatius Loyola to John of the Cross Terence O'Reilly, 2024-10-28 The 16th century saw the rise of movements of religious reform which in Spain as elsewhere contributed to make the history of the period such a ferment In these essays Terence O'Reilly is concerned with the writings produced by these movements notably Illuminism the early Jesuits Erasmianism and the Carmelite reform and with the mixture of medieval and new literary conventions that they display The book first deals with Ignatius Loyola and his Spiritual Exercises examining its origins in his experience of conversion and the books he read and locating him not in the period of the militant Counter Reform but in an earlier world linked to the teachings of 16th Spanish Erasmians and illuminists One study hitherto unpublished presents the lost treatise in which the Dominican Melchor Cano argued that Ignatius was an alumbrado The following sections move to the later the century considering the connections between spirituality and literature in works such as the ode to Salinas and above all in the mystical poetry of John of the Cross and its basis in exegesis and liturgical and devotional texts *Rural and Urban Aspects of Early Medieval Northwest Europe* Adriaan Verhulst, 2024-10-28 The articles here concern the period from the end of the Roman Empire up to the 10th 11th centuries and the lands between the Loire and the Rhine most particularly the Low Countries Rural history forms the

subject of the first studies which focus on the large classical estates of the Carolingian period Adriaan Verhulst has argued convincingly that these were medieval creations not any inheritance from Late Antiquity and emphasizes their regional differences The following section on urban history consists of three studies on the origins and early development of the key Flemish cities of Ghent Bruges and Antwerp this last now in English and three broader ranging essays which seriously challenge Pirenne's long accepted views of town origins In these the author makes full use of contemporary archaeological research to supplement the scanty written sources and to examine the possibilities of discontinuity from Roman times through the early Middle Ages Cette s rie d articles concerne la p riode allant de la fin de l Empire romain jusqu aux 10 et 11e si cles et le territoires situ s entre la Loire et le Rhin avec un attachement plus particulier aux pays bas Les premi res tudes qui se concentrent sur les grands domaines classiques de l poque carolingienne ont pour sujet l histoire rurale Adriaan Verhulst a soutenu de fa on convaincante qu il s agissait l de cr ations m di vales plut t que d un h ritage provenu de l Antiquit tardive et il en souligne les diff rences r gionales La section suivante qui traite de l histoire urbaine consiste en trois tudes sur les origines et le d veloppement des cit s flamandes de Gand Bruges et Anvers et en trois essais moins sp cifiques qui remettent s rieusement en question les opinions de Pirenne accept es de longue date sur les origines de la ville Au travers de ces derni res l auteur se sert pleinement de la recherche arch

Merchant Families, Banking and Money in Medieval Lucca Thomas W. Blomquist, 2024-10-28 This volume brings together a series of studies by Professor Blomquist on the evolution of banking in Lucca from the 12th and 13th centuries They describe how the leading bankers operated how they invested and how they pursued their family interests In particular they trace the transformation of money changers or campsores into deposit and transfer bankers who deployed their capital in trading ventures as well as in banking Moreover the author shows how Lucchese merchant bankers expanded their operations from Italy first to the fairs of Champagne and ultimately to all of Europe's major commercial centres Special attention is given to the use of the exchange contract or cambium as an instrument of credit and of transfer Problems of coinage and foreign exchange are also treated extensively including the origins of the Tuscan grossi and the Lucchese gold groat The collection concludes with a study of the cloth trade and another concerning the first consuls in Lucca

The Long Process of Development Jerry F. Hough, Robin Grier, 2014-11-20 Douglass North once emphasized that development takes centuries but he did not have a theory of how and why change occurs This groundbreaking book advances such a theory by examining in detail why England and Spain developed so slowly from 1000 to 1800 A colonial legacy must go back centuries before settlement and this book points to key events in England and Spain in the 1260s to explain why Mexico lagged behind the United States economically in the twentieth century Based on the integration of North's institutional approach with Mancur Olson's collective action theory Max Weber's theory of value change and North's focus on dominant coalitions based on rent and military in *In the Shadow of Violence* this theory of change leads to exciting new historical interpretations including the crucial role of the merchant navy

alliance in England and the key role of George Washington's control of the military in 1787

Toledo Cathedral Tom Nickson, 2015-12-07 Medieval Toledo is famous as a center of Arabic learning and as a home to sizable Jewish Muslim and Christian communities Yet its cathedral one of the largest richest and best preserved in all of Europe is little known outside Spain In *Toledo Cathedral* Tom Nickson provides the first in depth analysis of the cathedral's art and architecture Focusing on the early thirteenth to the late fourteenth centuries he examines over two hundred years of change and consolidation tracing the growth of the cathedral in the city as well as the evolution of sacred places within the cathedral itself He goes on to consider this substantial monument in terms of its location in Toledo Spain's most cosmopolitan city in the medieval period Nickson also addresses the importance and symbolic significance of Toledo's cathedral to the city and the art and architecture of the medieval Iberian Peninsula showing how it fits in with broader narratives of change in the arts culture and ideology of the late medieval period in Spain and in Mediterranean Europe as a whole

Essays on Iberian History and Literature, from the Roman Empire to the Renaissance H. V. Livermore, 2000 The studies by Professor Livermore collected in this volume deal with the history and literature of Portugal and Spain in the period from the fifth century Germanic invasion of Roman Spain up to the vision of the Orient in Fern o Mendes Pinto A prominent interest is the literature of the Middle Ages and Renaissance and its place in the cultural history of the peninsula Such themes include essays on the circumstances of Santillana's account of literature in his day the evolution of the Spanish romance in the fifteenth century and the person and works of Cam es Several other articles examine aspects of Anglo Portuguese contacts
