funny bleak brutal Dante style guide to a posthumous world of artistic failures James Morrison author of Gibbons or One Bloody Thing After Another Sublimely weird and brilliant Louis Barabbas composer lyricist Coraline A Musical The Lost Dream of Don Quixote Janet Rigg, 2014-07-01 When the Cuban revolutionary Jos Mart awakens from death in the afterlife he finds himself high in the Sierra Maestra and is swiftly led by forces to the Hacienda of the spirits There he finds the ghosts of his fellow revolutionary comrades of Cuba s bid for independence As time continues the spirit of Jos Mart finds the attic of the house in which the souls have been drawn The apparitions of books swiftly manifest upon empty bookshelves lining the attic walls Immediately observing the novel Don Quixote de la Mancha he begins to read his unrivalled favorite literature aloud His fellow veterans also discover the library and as Jos Mart continues he summons the spirit of Don Quixote returned from the dead to an afterlife as a worldly ghost When the owners of the hacienda appear to the spirits for the first time they become aware that their presence is felt by the couple Soon Lina gives birth to a son Instantly a special bond forms between Don Quixote and the newborn The veterans are equally enamored with the new child Fidel Alejandro Castro Don Quixote serves as a kind of alter ego for the young Castro often seeing the events of his childhood and pre revolution society through the prism of the rites of chivalry In The Lost Dream of Don Quixote Rigg weaves historical fact with magical fiction into a story of how Fidel Castro drew from his subconscious spiritual guides which inspired his rise into becoming Cuba s revolutionary leader and laying the foundations for a new modern chivalric society *Selling the City* Lee M. A. Simpson, 2004 Between 1880 and 1940 California cities were in the vanguard in creating comprehensive city plans and zoning ordinances that came to characterize modern American city growth This book reveals the means by which property owning middle class women achieved entry into the male dominated sphere of urban planning It suggests that women in California were not excluded from public life Instead they embraced the middle class ideology of propertied self interest and participated to the fullest extent possible in the urban struggle for regional dominance that shaped this period of western history Likewise as urban historians have presented this story as essentially male this work suggests that although California s urban elite often maintained a division of labor along traditional gender lines they clearly worked in a cross gender alliance to shape a regional identity based on a commitment to urban growth *The City of Lost Dreams* Robert L. Skidmore, 2000-09 After ten years in the Federal Bureau of Investigation s Los Angeles Field Office Inspector Richard Thatcher reluctantly reports to Washington D C He arrives the day after a mysterious assailant murders the Chief of Staff to the President To Thatcher s dismay he is assigned to command the investigation An attack on the Mayor of the District of Columbia initially seems unrelated but eventually it complicates matters The media sensationally alleges that a high ranking conspiracy is underway but Thatcher can find no evidence to substantiate this allegation The immediate trail takes him to the White House where his aggressive approach antagonizes the suspicious President An investigative reporter intrudes Against his best judgment Thatcher becomes entangled in a personal relationship with the younger woman The leads take him across

the country to the victim's widow where a suspect divorce leads Thatcher to the possibility of a crime of passion. This effort directs him to the charming Mimi Wilson, the White House Spokesperson who had an affair with the murdered chief of staff. Among others, Thatcher finds the mature Mimi more compatible than the aggressive nineties generation reporter. Things get worse when he pursues leads suggested by Mimi. A conniving Senator entraps Thatcher in a provocation that threatens to involve the Bureau in a highly critical congressional investigation. This brings Thatcher into direct conflict with the new White House Chief of Staff. As Thatcher threads his way through his convoluted investigation, he consults with the detectives from the Metropolitan Police who have no leads to the mayor's assailant. Neither Thatcher nor the city detectives can isolate a motive for either the White House murder or the attack on the Mayor. Gradually, the evidence accumulates and enables Thatcher to identify the killer, the one person Thatcher least suspected.

**Magic Off Main** Beverly Jean Rasporich, Esther Warkov, 2003. *Magic Off Main* chronicles the life and art of Esther Warkov, a visual artist of Jewish heritage who lives in Winnipeg and paints in a surrealistic and postmodern style. By tracing the development of Warkov's art over forty years, Rasporich addresses aspects of biography, social and cultural history, and art history in a cohesive volume. This biography is not limited to the narrow discipline of art and art history. Rather, it is a contribution to the larger field of Canadian studies, including cultural studies and social history.

Inventing Autopia Jeremiah B.C. Axelrod, 2009-06-02. Flat out one of the most interesting books I've read in years. To say that a book about California might rank with Kevin Starr's *Americans* and the *California Dream* or Mike Davis' *City of Quartz* is dangerously high praise, but I think Axelrod's book may someday be in that league. John Ganim, University of California, Riverside. *Inventing Autopia* thoughtfully weaves together planning and policy history with cultural history to great effect. It is sure to change our understanding of the ways in which Los Angeles not only grew and developed but envisioned itself in the era. William Deverell, author of *Whitewashed Adobe: The Rise of Los Angeles and the Remaking of Its Mexican Past*.

*Lost in the City: Tree of Desire and Serafin* Ignacio Solares, 2010-07-22. Cristina, the young protagonist of *Tree of Desire*, and her little brother Joaquín run away from a home that is outwardly normal but inwardly dysfunctional. Lost on the streets of Mexico City, they confront some of the most terrifying aspects of city life. Or is it all a dream? The story suggests, without confirming, that sexual abuse has driven Cristina to her desperate escape. But is it an escape? Are they awakening from a dream or reentering a nightmare? Serafín too is lost in the city. Searching for his father, who has deserted the family, he is virtually helpless amid the city dangers. Serafín finds compassion in surprising places but will he survive to return to his mother and their rural village? These two novels by one of Mexico's premier writers illuminate many aspects of contemporary Mexican life. Solares describes Mexico's different social classes with Dickensian realism. His focus on young protagonists, unusual in Mexican literature, opens a window onto problems of children's vulnerability that know no national borders. At the same time, his use of elements of the fantastic and the paranormal and his evocative writing style make reading his novels a most pleasurable experience.
