Karl Rove

The Climax Of Populism The Election Of 1896 By Durden Robert Franklin:

The Climax of Populism Robert F. Durden, 2021-10-21 Rarely has a third political party in the United States exerted a force upon national events comparable to that of the Populists during the 1890s This force reached its climax in the presidential race of 1896 when the national reforms epitomized in the cry for free silver were at issue Yet despite a number of recent studies confusion and error regarding the Populists in the crucial election of 1896 still persist Robert F Durden by extensive use of the papers of Marion Butler Populist senator from North Carolina and national chairman of the party during the campaign sheds new light upon many points the conduct of the St Louis convention the role of Tom Watson and the fusion strategy Durden s work is not only valuable for its clarification of the Populist campaign but also for the example it offers of the practical working of American politics with the baffling balances among regions and groups **The Triumph**

of William McKinley Karl Rove, 2015-11-24 A fresh look at President William McKinley from New York Times bestselling author and political mastermind Karl Rove a rousing tale told by a master storyteller whose love of politics campaigning and combat shines through on every page Doris Kearns Goodwin Pulitzer Prize winning author of Team of Rivals The 1896 political environment resembles that of today an electorate being transformed by a growing immigrant population an uncertain economy disrupted by new technologies growing income inequality and basic political questions the two parties could not resolve McKinley s winning presidential campaign addressed these challenges and reformed his party With a sure touch and professional eye The Washington Post Rove tells the story of the 1896 election and shows why McKinley won creating a governing majority that dominated American politics for the next thirty six years McKinley a Civil War hero changed the arc of American history by running the first truly modern presidential campaign Knowing his party needed to expand its base to win he reached out to diverse ethnic groups seeking the endorsement of Catholic leaders and advocating for black voting rights Running on the slogan The People Against the Bosses McKinley also took on the machine men who dominated his own party He deployed campaign tactics still used today including targeting voters with the best available technology Above all he offered bold controversial answers to the nation s most pressing problem how to make a new more global economy work for every American and although this split his own party he won the White House by sticking to his principles defeating a champion of economic populism William Jennings Bryan Rove brings to life the drama of an electoral contest whose outcome seemed uncertain to the candidate and his handlers until the end The New York Times Book Review in a lively and rigorous book The Wall Street Journal that will delight students of American political history **Democracy**

in Desperation Douglas Steeples, David O. Whitten, 1998-09-24 The Panic of 1893 and the depression it triggered mark one of the decisive crises in American history Devastating broad sections of the country like a tidal wave the depression forced the nation to change its way of life and altered the pattern and pace of national development ever after The depression served as the setting for the transformation from an agricultural to an industrial society exposed grave economic and social

problems sharply tested the country's resourcefulness reshaped popular thought and changed the direction of foreign policy. It was a crucible in which the elements of the modern United States were clarified and refined. Yet no study to date has examined the depression in its entirety. This is the first book to treat these disparate matters in detail and to trace and interpret the business contraction of the 1890s in the context of national economic, political, and social development. Steeples and Whitten first explain the origins of the depression, measure its course, and interpret the business recovery, giving full coverage to structural changes in the economy, namely the growing importance of manufacturing, emergence of new industries, consolidation of business, and increasing importance of finance capitalism. The remainder of the book examines the depression's impact on society, discussing, for example, unemployment, birth rate, health, and education, and on American culture, politics, and international relations. Placing the business collapse at the center of the scene, the book shows how the depression was a catalyst for ushering in a more modern America. Mobilising the Masses Matthew

Cunningham, 2022-04-05 The radical right has gained considerable ground in the twenty-first century. From Brexit to Bolsonaro and Tea Partiers to Trump, many of these diverse manifestations of right-wing populism share a desire to co-opt or supplant the mainstream parties that have traditionally held sway over the centre-right. It is now more important than ever to understand similar moments in Australian and New Zealand history. This book concerns one such moment: the Great Depression and the explosion of large populist conservative groups that accompanied the crisis. These citizens' movements, as they described themselves, sprang into being virtually overnight and amassed a combined membership in the hundreds of thousands. They staunchly opposed party politicians and political parties for their supposed inaction and infighting. Whether left or right, it did not matter. They wanted to use their vast numbers to pressure their governments into enacting proposals they believed were in the national interest: a smaller, more streamlined government where Members of Parliament were free to act according to their conscience rather than their party allegiance. At the same time, the movements prescribed antidotes for their nation's economic ill health that were often radical and occasionally anti-democratic. At the height of their power, they threatened to disrupt or outright replace the centre-right political parties of the time, particularly in Australia. At a time when fascism and right-wing authoritarianism were on the march internationally, the future shape of conservative politics was at stake. *Race and Politics in North Carolina, 1872-1901* Eric Anderson, 1980-12-01

Eric Anderson studies one of the most remarkable centers of black political influence in the late nineteenth century: North Carolina's second congressional district. From its creation in 1872 as a result of gerrymandering to its collapse in the extremism of 1900, the black second produced increasingly effective black leaders in public office, from postmasters to prosecuting attorneys and congressmen. *Race and Politics in North Carolina* illuminates the complex effects upon whites of the rise of black leadership, both within the Republican party and in the larger community. Although many white Republicans found it difficult to accept an increasing role for blacks, they worked in acceptable if awkward partnership with Negro Republicans. By 1900, strident appeals for white

solidarity had cracked the fragile biracial unit of the Republican second district With the emergence of such Democratic leaders as Furnifold Simmons Josephus Daniels Charles B Aycock and Claude Kitchin second district men all a restrictive notion of the Negro s place in society had triumphed in North Carolina and the nation Eric Anderson s study examines regional and national history His record clarifies a confusing uneven period of promise from the emancipation to the disfranchisement of black Americans **Ben Tillman and the Reconstruction of White Supremacy** Stephen

Kantrowitz,2015-01-01 Through the life of Benjamin Ryan Tillman 1847 1918 South Carolina s self styled agrarian rebel this book traces the history of white male supremacy and its discontents from the era of plantation slavery to the age of Jim Crow As an anti Reconstruction guerrilla Democratic activist South Carolina governor and U S senator Tillman offered a vision of reform that was proudly white supremacist In the name of white male militance productivity and solidarity he justified lynching and disfranchised most of his state s black voters His arguments and accomplishments rested on the premise that only productive and virtuous white men should govern and that federal power could never be trusted Over the course of his career Tillman faced down opponents ranging from agrarian radicals to aristocratic conservatives from woman suffragists to black Republicans His vision and his voice shaped the understandings of millions and helped create the violent repressive world of the Jim Crow South Friend and foe alike and generations of historians interpreted Tillman s physical and rhetorical violence in defense of white supremacy as a matter of racial and gender instinct This book instead reveals that Tillman s white supremacy was a political program and social argument whose legacies continue to shape American life Widener Library Shelflist: American history Harvard University. Library,1967 *The Atlas of African-American History and Politics: From the Slave Trade to Modern Times* Arwin D Smallwood,Jeffrey M Elliot,1998 THE ATLAS OF AFRICAN AMERICAN HISTORY AND POLITICS consists of more than 150 originally produced maps which trace the African experience throughout the world and in America The volume traces the complete history of African Americans and their lives employing artfully conceived maps and enhanced by sharply written historic narratives graphically reinforcing the facts This work is appropriate for courses in African American history and American history where instructors would like to integrate African American history into their curricula A London Bibliography of the Social Sciences ,1931 Vols 1 4 include material to June 1 1929 Realigning America R. Hal Williams,2022-03-31 The presidential election of 1896 is widely acknowledged as one of only a few that brought about fundamental realignments in American politics New voting patterns replaced old a new majority party came to power and national policies shifted to reflect new realities R Hal Williams now presents the first study of that campaign in nearly fifty years offering fresh interpretations on the victory of Republican William McKinley over Democrat William Jennings Bryan In tracing the triumph of gold over silver in this fabled battle of the standards R Hal Williams also tells how the Republicans the party of central government national authority sound money and activism pulled off a stunning win over the Democrats the party of state s rights decentralization inflation and limited government

Meanwhile the People's Party one of the most prominent third parties in the country's history which also nominated Bryan went down to a defeat from which it would never recover Williams plunges readers into a contest that set new standards in financing organization and accountability and he analyzes the transition from the long dominant military style of campaign to the educational style that appealed to a savvier electorate He also presents key players in new light he views Bryan not simply as a gifted speaker whose Cross of Gold speech took the Democratic convention by storm but as a more calculating politician with his eye squarely on the nomination he depicts McKinley's campaign manager Mark Hanna not as the one dimensional fundraising machine painted by history but rather as a shrewd insightful politician who understood what was required to get his man elected and he presents retiring president Cleveland as an increasingly out of touch irrelevant chief executive whom the Democrats repudiated in a way no other party ever had a sitting president With the Republicans star on the rise and the Democrats banished to the South and the cities the 1896 election was more than a victory of one party over another it marked the emergence of new ways of politicking that makes this campaign especially relevant for twenty first century readers *The Junior College Library Collection*, 1970 **Library of Congress Catalog** Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards *A History of Three Cultures* Arwin D. Smallwood, 1997 **Women Vernacular Humorists in Nineteenth-century America** Linda Ann Morris, 1978 Women Vernacular Humorists in Nineteenth-century America Linda Morris, Linda Ann Morris, 1988 Oorspr verschenen als proefschrift 1978 Stephens Ann Sophie 1813 1886 Whitcher Francis M 1814 1852 Holley Marietta 1856 1926 **History of U.S. Political Parties: 1860-1910 : the gilded age of politics**, 2002 American Book Publishing Record, 1982-04 Library of Congress Catalogs Library of Congress, 1970 *Books for College Libraries: Social sciences* Association of College and Research Libraries, 1988 This third edition lists 50 000 titles that form the foundation of an undergraduate library's collection This volume covers the social sciences Recording for the Blind & Dyslexic, ...
