

# He Wishes For The Cloths Of Heaven

HAD I the heavens' embroidered cloths,  
Enwrought with golden and silver light,  
The blue and the dim and the dark cloths  
Of night and light and the half-light,  
I would spread the cloths under your feet:  
But I, being poor, have only my dreams;  
I have spread my dreams under your feet;  
Tread softly because you tread on my dreams.

*Our Secret Discipline* Helen Vendler, 2007-11-29 The fundamental difference between rhetoric and poetry according to Yeats is that rhetoric is the expression of ones quarrels with others while poetry is the expression of ones quarrel with oneself Through exquisite attention to outer and inner forms Vendler explores the most inventive reaches of the poets mind

Insistent Images Elżbieta Tabakowska, Christina Ljungberg, Olga Fischer, 2007-01-01 Insistent Images presents a number of new departures dealing with iconicity on the conceptual and the structural levels On the level of structure the interface between different aspects of iconicity lexical meaning and grammar is discussed in reference to both spoken and signed languages Novel approaches to aural iconicity investigate a wide range of phenomena from phonological iconicity to the role of iconic features in discourse in the nineteenth century practice of reading aloud in the almost magic incantations of fin de siècle poetry and in Tolkien s invented languages Several papers examine the function of iconicity in visual and avant garde poetry where iconic features allow a reduction of means which paradoxically generates textual diversification and complexity A discussion of iconic text strategies shows how texts are comprehended through iconic holistic transfer from complex natural and action patterns Literature which integrates text image and physical space is another novel area of study as are the investigations into the iconic properties of film and of multimedia performance Film is intrinsically iconic while at the same time being like photography indexical in multimedia performance on the other hand iconicity functions intermedially by both integrating and reflecting processes of perception and conceptualization These last two new fields of inquiry further enhance this truly interdisciplinary volume s explorations of icons as insistent images
