R.

Phippen,1852 **River Warfare in Vietnam** Robin L. Rielly,2024-02-19 America s entrance into the wars in Vietnam came as a result of several factors Among them was the necessity of bolstering French influence in the area in the face of mounting communist expansion This expansion was intensified by the outbreak of the Korean War making it necessary for the United States to revamp its Southeast Asian policy During the French era control of Vietnam s rivers streams and canals became necessary This led various factions to develop specialized military units heavily dependent on new types of river craft that could traverse the myriad waterways in Vietnam The focal point of this study is a new assessment of the conduct of river warfare Drawing on little known French Vietnamese and American sources and materials it sheds light on an important aspect of the Vietnam War Chapters also detail numerous aspects of river warfare not generally covered in other books on the subject *Shantyboats and Roustabouts* Gregg Andrews,2022-12-07 Winner of the James V Swift Medal for Excellence in Maritime Literature Winner of the Missouri History Book Award Winner of the John Lyman Book Award Winner of the Hamlin Garland Prize in Popular History Shantyboat dwellers and steamboat roustabouts formed an organic part of the cultural landscape of the Mississippi River bottoms during the rise of industrial America and the twilight of steamboat

packets from 1875 to 1930 Nevertheless both groups remain understudied by scholars of the era Most of what we know about these laborers on the river comes not from the work of historians but from travel accounts novelists songwriters and early film producers As a result images of these men and women are laden with nostalgia and minstrelsy Gregg Andrews's *Shantyboats and Roustabouts* uses the waterfront squatter settlements and Black entertainment district near the levee in St Louis as a window into the world of the river poor in the Mississippi Valley exploring their daily struggles and experiences and vividly describing people heretofore obscured by classist and racist caricatures
