Hirsch Cohen, 2023-02-06 In the Broadway musical *The King and I* the King is confronted by a problem that is described as a puzzlement In the biblical story of Noah and the flood the reader also is confronted by a puzzlement Here is Noah the most worthy human being saved from the devastating flood and he is found drunk and naked in his tent The narrator says nothing of motivation so what prompts Noah to get so drunk as to appear ready for sexual intercourse Has God completely misjudged Noah's character A provocative exegesis whose insights derive from psychoanalysis philology and geology THE DRUNKENNESS OF NOAH is additionally innovative in that it leads to a repudiation of the documentary theory once a prime test of most biblical scholars Cohen's insightful interpretation discovers the simple meaning of the text

**Paul, Women, and Wives** Craig S. Keener, 1992-06-01 Paul's letters stand at the center of the dispute over women the church and the home with each side championing passages from the Apostle Now in a challenging new attempt to wrestle with these thorny texts Craig Keener delves as deeply into the world of Paul and the apostles as anyone thus far Acknowledging that we must take the biblical text seriously and recognizing that Paul's letters arose in a specific time and place for a specific purpose Keener mines the historical lexical cultural and exegetical details behind Paul's words about women in the home and ministry to give us one of the most insightful expositions of the key Pauline passages in years

**Irony of Theology and the Nature of Religious Thought** Donald Wiebe, 1991 Donald Wiebe critically examines the pervasive assumption that theology is a form of religious thought that is both compatible with and supportive of religious faith The irony he argues is that theology is in fact detrimental to religion and the religious way of life

*Gnostic Secrets of the Naassenes* Mark H. Gaffney, 2004-04-19 Reveals the hidden meaning of the Grail and a secret Christian doctrine for achieving higher consciousness Shows that Gnosticism is not a derivative of Christianity but the revelation of the true message of Jesus Describes the ancient relationship between water and spirit Explains the doctrine of immanence taught by Jesus at the Last Supper Features the translated source text from The

Refutation of All Heresies by Bishop Hippolytus the only existing record of the Naassene Sermon In the third century C E the Catholic Bishop Hippolytus composed A Refutation of All Heresies in which his chief target was the Gnostic sect the Naassenes whose writings included a recounting of Jesus actual teachings at the Last Supper Contrary to Church attacks the Naassenes were not a heretical derivative of Christianity but the authentic foundation and purveyor of Christ s message In fact much of what passes as Christianity has nothing to do with the original teachings of its founder The message recorded in the Naassene Sermon was intended for an inner circle of disciples who were prepared for advanced initiation into Jesus wisdom teachings The Grail discussed therein was not an actual chalice but a symbol of the indwelling of the divine The teachings involved the awakening of spirit and included practices aimed at restoring the soul s lost connection with God Immanence in the true sense intended by Jesus thus allows for spiritual attainment in this life by ordinary individuals without the intermediary of Church or priest This was the real meaning of the Last Supper and why the Naassenes believed that Jesus was the fulfillment of all the Mystery traditions

The Wiles of Women/The Wiles of Men Shalom Goldman,2016-03-22 One of the world s oldest recorded folktales tells the story of a

handsome young man and the older woman in whose house he resides Overcome by her feelings for him the woman attempts

to seduce him When he turns her down she is enraged and to her husband she accuses the young man of attacking her The

husband seemingly convinced of his wife s innocence has the young man punished But it is precisely that punishment that

leads to the hero s vindication and eventual rise to power and prominence In the West we know this tale classified in folklore

as the Potiphar s Wife motif from its vivid narration in the Hebrew Bible But as Shalom Goldman demonstrates in this book

the Bible s is only one telling of a story that appears in the scriptures and folklore of many peoples and cultures in many

different eras including ancient Egypt classical Greece and ancient Mesopotamia as well as post Biblical Jewish literature the

Qur an and Inuit culture Goldman compares and contrasts the treatment of this motif especially in the literature and lore of

the ancient Near East Biblical Israel and early Islam at the same time touching on gender issues the status of women in

Middle Eastern societies and the varying constructions of male female relationships and the vexed question of originality in the narratives of the monotheistic traditions

**Para-Narratives in the Odyssey** Maureen Alden, 2017-09-15

Readers coming to the Odyssey for the first time are often dazzled and bewildered by the wealth of material it contains which is seemingly unrelated to the central story the main plot of Odysseus return to Ithaca is complicated by myriad secondary narratives related by the poet and his characters including Odysseus own fantastic tales of Lotus Eaters Sirens and cannibal giants Although these para narratives are a source of pleasure and entertainment in their own right each also has a special relevance to its immediate context elucidating Odysseus predicament and also subtly influencing and guiding the audience s reception of the main story By exploring variations on the basic story shape drawing on familiar tales anecdotes and mythology or inserting analogous situations they create illuminating parallels to the main narrative and prompt specific responses in readers or listeners This is the case even when details are suppressed or altered as the audience may still experience the reverberations of the better known version of the tradition and it also applies to the characters themselves who are often provided with a model of action for imitation or avoidance in their immediate contexts
