The Hundred Flowers Campaign And The Chinese Intellectuals:

The Hundred Flowers Campaign and the Chinese Intellectuals Roderick MacFarquhar, 1960 **The Hundred Flowers Campaign and the Chinese Intellectuals** Roderick MacFarquhar, 1974 The Hundred Flowers Campaign and the Chinese Intellectuals Grace Pui-Man Lee, 1971 Intellectuals, Utopian Dreams, and the Question of Human Rights in China Mab Huang, 2022-03-11 This book brings together 13 papers published by the author over the past 50 years arranged chronologically so the reader can follow the unfolding development of the author's thinking on the issues discussed here. The essays primarily investigate the role intellectuals in the dramatic changes in China since the fall of the old imperial order with an emphasis on the tension between the urge towards utopian dreams and the quest for human rights and democracy. The earlier pieces are two chapters from the author's 1969 Columbia University PhD dissertation dealing with the Chinese Communist Party leadership methods and the conflict between the Party and the peasants during the time of the People's Commune Movement. Several other essays on the question of human rights date from the 1980s and 1990s. The last two essays go beyond China to take up the debate on Asian values and the concept of peace in Asia. Given the unique perspective which differs from that of the ruling party and government in China as well as the usual political realist perspective of the Western press, this book will contribute to a better understanding of the complex and entangled role of the intellectuals and the political process on both sides of the Taiwan Strait. It will be helpful to both the academic community and the well educated general public. *The Cambridge History of China* Roderick MacFarquhar, John King Fairbank, 1987 *The Intellectual in Modern Chinese History* Timothy Cheek, 2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today. Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China's defeat in the Sino-Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics. Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure, idea, or debate. The map provides coordinates to track different times, different social worlds, and key concepts. The historical method focuses on context and communities during six periods to make sense of ideas, institutions, and individual thinkers across the century. Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China. **A Hundred Flowers** Gail Tsukiyama, 2012-08-07 Novel about an ordinary family facing extraordinary times at the start of the Chinese Cultural Revolution. Human Rights In The People's Republic Of China Yuan-li Wu, 2019-04-10 This book examines the effects that political institutions, the legal system, and economic policies have had on the human rights record in the PRC since 1949. The authors first address the problems of assessing political liberties in a nation that emphasizes economic over civil rights and that has traditionally valued collective rights over individual. **Chinese Political Culture, 1989-2000**, An analysis of Chinese political culture. It is divided into three major areas: Chinese identities and popular culture including regional

identities public opinion surveys the Beijing area Chinese workers the Shanghai area and ideological debates such as the new Confucianism **Thread Of The Silkworm** Iris Chang,2008-08-06 The definitive biography of Tsien Hsue Shen the pioneer of the American space age who was mysteriously accused of being a communist deported and became to America s continuing chagrin the father of the Chinese missile program *Problems of Communism* ,1987 *Mao's Forgotten Successor* Robert Weatherley,2010-07-30 Hua Guofeng succeeded Mao in 1976 emerging almost out of nowhere following an unexceptional career in Shanxi and Hunan In just over two years Hua had been eclipsed by Deng Xiaoping a more politically shrewd progressive and charismatic figure If Hua s rise to power was remarkable then this fall was even more so *China's Universities and the Open Door* Ruth Hayhoe,2016-07-22 Recent events in Tianamen Square have made such books abruptly important though in some aspects outdated This one examines reforms in higher education from before the republic to March 1988 and focuses on educational and economic relations with groups outside China and the effect the reforms may

Administrative Reform in Post-Mao China Stephen K. Ma,1996 This book analyzes China s bureaucratic behavior since the inauguration of administrative reform in the late 1970s Although bureaucratic behavior in China in the past decade was increasingly corrupted this aspect of China s post Mao reform has not been subjected to a rigorous scrutiny This book explores the gulf between desired and the actual bureaucratic behavior among China s public administrators The author argues that this behavioral gap in China s modernization stems from several factors including the nation s cultural heritage the ruling party s approach to government and the absence of trusted full fledged academic groups assigned to advise on administrative reform The book then probes one of the gravest consequences of the behavioral gap reform corruption a phenomenon which seems to be a mixed blessing of modernization **Chinese Intellectuals Between State and Market** Merle Goldman,Edward Gu,2005-08-03 This edited volume describes the intellectual world that developed in China in the last decade of the twentieth century How as China s economy changed from a centrally planned to a market one and as China opened up to the outside world and was influenced by the outside world Chinese intellectual activity became more wide ranging more independent more professionalized and more commercially oriented than ever before The future impact of this activity on Chinese civil society is discussed in the last chapter **China's Cold War Science Diplomacy** Gordon Barrett,2022-08-25 During the early decades of the Cold War the People s Republic of China remained outside much of mainstream international science Nevertheless Chinese scientists found alternative channels through which to communicate and interact with counterparts across the world beyond simple East West divides By examining the international activities of elite Chinese scientists Gordon Barrett demonstrates that these activities were deeply embedded in the Chinese Communist Party s wider efforts to win hearts and minds from the 1940s to the 1970s Using a wide range of archival material including declassified documents from China s Ministry of Foreign Affairs Archive Barrett provides fresh insights into the relationship between science and foreign relations in the People s Republic of China **The Social Sciences And Fieldwork In China**

Anne F Thurston, Burton Pasternak, 2019-07-11 Following the formation of the Chinese Academy of Social Sciences in 1977 and the beginning of a Sino American scholarly exchange program in October 1978 a small number of foreigners has been able to conduct fieldwork in China after a hiatus of over thirty years Welcomed though these new opportunities were by potential U S field researchers the initial stage of enthusiasm was shortly overshadowed by both the difficulties foreign researchers faced in China and the imposition in early 1981 of a temporary moratorium on long term fieldwork by outsiders Sober without being pessimistic realistic without being discouraging the contributors to this book describe the context in which fieldwork in China became possible the constraints under which foreign fieldworkers have labored and the potential rewards of field research to both Chinese and U S scholars They also assess the relative value of fieldwork in China versus fieldwork at its gate Hong Kong The book includes substantive reports by U S and Chinese scholars among them Fei Xiaotong China s preeminent social anthropologist as well as concrete advice to those contemplating field research in China

Chinese Intellectuals on the World Frontier J. A. English-Lueck, 1997-05-30 This is the study of the status of intellectuals in the People s Republic of China during and after the events of Tiananmen Square Currently intellectuals find themselves on the cusp of change as the socialist state monopoly on academia scientific and technical research is yielding to market pressures Universities must be at least partially self sustaining Entrepreneurial niches outside of state control are opening for intellectuals as industry privatizes The entire society has shifted its focus from ideology to material wealth These dramatic changes have forced choices on China s thought workers English Lueck in conducting over a hundred interviews highlights the choices and constraints of nonestablishment Chinese intellectuals at the end of the 20th century as they establish a new identity for themselves and perhaps even for China

Sources of East Asian Tradition: The modern period Wm. Theodore De Bary, William Theodore De Bary, 2008 Wm Theodore de Bary offers a selection of essential readings from his immensely popular anthologies Sources of Chinese Tradition Sources of Korean Tradition and Sources of Japanese Tradition so readers can experience a concise but no less comprehensive portrait of the social intellectual and religious traditions of East Asia

The Communist Road to Capitalism Ralf Ruckus, 2021-07-27 The Communist Road to Capitalism explores how a dynamic of social struggles from below followed by countermeasures of the Chinese Communist Party CCP regime has pushed the historical evolution of the People s Republic of China PRC since 1949 Under socialism until the mid 1970s during the ensuing transition until the mid 1990s and in the capitalist period since the CCP regime responded to the struggles of workers peasants migrants and women with a mix of repression concession cooptation and reform Ralf Ruckus shows that this dynamic took the country into a new phase each time and eventually all the way from socialism to capitalism in the 1950s labor struggles and the Hundred Flowers Movement were followed by the regime s Great Leap Forward in the 1960s the Cultural Revolution led to the CCP s failed attempt to revitalize socialism in the 1970s social unrest and movements for a democratic socialism made room for the regime s Reform and Opening policies in the late 1980s the

Tian anmen Square uprising triggered more radical reforms in the 1990s peasant and state worker unrest could not stop the capitalist restructuring and in the 2000s migrant worker struggles led to concessions tightened repression and the regime's global capitalist expansion strategy in the 2010s The Communist Road to Capitalism breaks with established orthodoxies about the PRC's socialist successes and myths on its later rise as an economic power It combines a historiography of workers peasants migrants and women's struggles with a searing critique of exploitation authoritarian state power and gender discrimination under socialism and capitalism Drawing lessons from PRC history Ralf Ruckus finally outlines political aims and methods for the left that avoid past mistakes and allow to fight on for a society free of all forms of exploitation and oppression
