The Ice Ladder Jean Ann Polland, 1988-11-01 A fairy tale describing the journey of a brave lad who endures hardships to find his princess **Fish Ladders for Ice Harbor Dam, Snake River, Washington** Louis Z. Perkins, 1974 **Innocents on the Ice** John C. Behrendt, 2013-12-01 Adventures in the Antarctic only happen when someone makes a mistake From the Preface In 1956 John C Behrendt had just earned his master s degree in geophysics and obtained a position as an assistant seismologist in the International Geophysical Year glaciological program He sailed from Davisville Rhode Island to spend eighteen months in Antarctica with the IGY expedition as part of a U S Navy supported scientific expedition to establish Ellsworth Station on the Filchner Ice Shelf Innocents on the Ice is a memoir based on Behrendt s handwritten journals looking back on his daily entries describing his life and activities on the most isolated of the seven U S Antarctic stations Nine civilians and thirty Navy men lived beneath the snow together and intense personal conflicts arose during the dark Antarctic winter of 1957 Little outside contact was available to ease the tension with no mail delivery and only occasional radio contact with families back home The author describes the emotional stress of the living situation along with details of his parties explorations of the Filchner Ronne Ice Shelf system during the summers of 1957 and 1958 Along the hazardous 1 300 mile traverse in two Sno Cats the field party measured ice thickness and snow accumulation as part of an international effort to determine the balance of the Antarctic ice sheet and made the first geological observations of the spectacular Dufek Massif in the then unexplored Pensacola Mountains Behrendt also draws upon his forty years of continual participation in Antarctic research to explain the changes in scientific activities and environmental awareness in Antarctica today Including photos maps and a glossary identifying various forms of ice Innocents on the Ice is a fascinating combination of the diary of a young graduate student and the reflections of the accomplished scientist he became **The Gentleman's Magazine** , 1814

Brown, 262 MICH 356 (1933) , 1933 68 The Ice House Thomas Gustafson, 2018-11-29 The Larson icehouse had stood abandoned on the south shore of Black Wolf Lake for the past eighty years During that time the building had a rather checkered some might say sordid past And now in the spring of 1980 evil had apparently taken up residence Jessica Wiggins Stewart Gregory and Caleb Anders eighth graders at Immanuel Lutheran School in Longville Minnesota were enjoying their last spring break before starting high school in the fall Jess had a faith statement to prepare for church Stewart had a project to complete for the science fair and Caleb well Caleb was bored But Caleb was never bored for long Some strange men had occupied the icehouse Caleb s curiosity was an itch that needed scratching Over the next five days with Jess and Stewart s help he would determine who these men were and why their mission was so secretive In the process he would put himself in grave danger There are singular moments in our lives when our actions can truly make a difference In the spring of 1980 the activities at the Larson icehouse would provide one of these moments in Caleb s short life Figure-skating. Combined ... Montagu S. Monier-Williams, Winter Randell Pidgeon, Arthur Dryden, 1892 *Touch the Top of the World* Erik Weißenmayer, 2002-03-26 The incredible bestselling book from the author of *No Barriers* and *The Adversity Advantage* Erik Weißenmayer was born with retinosis, a degenerative eye disorder that would leave him blind by the age of thirteen. But Erik was determined to rise above this devastating disability and lead a fulfilling and exciting life. In this poignant and inspiring memoir he shares his struggle to push past the limits imposed on him by his visual impairment and by a seeing world. He speaks movingly of the role his family played in his battle to break through the barriers of blindness, the mother who prayed for the miracle that would restore her son's sight and the father who encouraged him to strive for that distant mountaintop. And he tells the story of his dream to climb the world's Seven Summits and how he is turning that dream into astonishing reality, something fewer than a hundred mountaineers have done. From the snow-capped summit of McKinley to the towering peaks of Aconcagua and Kilimanjaro to the ultimate challenge, Mount Everest, this is a story about daring to dream in the face of impossible odds. It is about finding the courage to reach for that ultimate summit and transforming your life into something truly miraculous. An inspiration to other blind people and plenty of us folks who can see just fine. Cubs Stellan and Jytte survived their treacherous trek across the Nunquvik, but their quest to rescue their mother has only begun. Svenna is imprisoned at the sinister Ice Clock, the headquarters of the Grand Patek, whose dangerous influence is spreading throughout the bear kingdom. Only one bear has ever stood up to the Grand Patek: Svern, the cubs' father, a famous warrior who's been in exile for years. And so, along with their friend Third, the cubs set out to find Svern in the legendary Den of Forever Frost, a place some bears claim never existed at all. But time is running out.
