The Imagination of Spring Richard F. Gustafson, 1966 **The Imagination of Spring: the Poetry of Afanasy Fet**
Pseud Richard Folke GUSTAFSON, 1966 **Poets of Modern Russia** Peter France, 1982 A serious and detailed study of modern Russian poetry aimed at readers with little or no Russian **The Lyric Poetry of A.K. Tolstoi** Sheelagh Duffin Graham, 2023-07-10 [The Cambridge Companion to Modern Russian Culture](#) Nicholas Rzhevsky, 2012-04-05 A fully updated new edition of this overview of contemporary Russia and the influence of its Soviet past **The Cambridge History of Russian Literature** Charles Moser, 1992-04-30 An updated edition of this comprehensive narrative history first published in 1989 incorporating a new chapter on the latest developments in Russian literature and additional bibliographical information The individual chapters are by well known specialists and provide chronological coverage from the medieval period on giving particular attention to the nineteenth and twentieth centuries and including extensive discussion of works written outside the Soviet Union The book is accessible to students and non specialists as well as to scholars of literature and provides a wealth of information *Worlds Within Worlds* Jane Tussey Costlow, 2014-07-14 The novelist Ivan Turgenev 1818 1883 is known primarily as a chronicler of his age and crafter of elegant prose like the simplest painting of daily artifacts his works have pleased partly because they shape a recognizable world and partly because their form gives to the content its resonant signifying power Here Jane Costlow accounts for both the historicity and aesthetic elegance of Turgenev s realist novels in close readings of *Rudin* *A Nest of Gentry* *On the Eve* and *Fathers and Children* all written between 1855 and 1861 Each essay focuses on a particular aspect of Turgenev s art as it relates to his human and aesthetic concerns This study challenges traditional views of Turgenev as an objective recorder of his times suggesting that the engaging qualities of his novels lie less in their historicity than in the lyricism and aesthetic consciousness with which he shaped his narratives Costlow explores the lyric meditation pastoral longing and unspoken emotion that are the hallmarks of Turgenev s prose and that make up his worlds within worlds the realms of his novels that elude the historical Throughout she demonstrates how the aesthetics of constraint and understatement mask the author s awareness of limitation and complexity in human experience By stressing the enigmatic and challenging qualities of his works Costlow exposes Turgenev to revealing new readings Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Reinventing Romantic Poetry* Diana Greene, 2004-01-15 *Reinventing Romantic Poetry* offers a new look at the Russian literary scene in the nineteenth century While celebrated poets such as Aleksandr Pushkin worked within a male centered Romantic aesthetic the

poet as a bard or sexual conqueror nature as a mother or mistress the poet's muse as an idealized woman Russian women attempting to write Romantic poetry found they had to reinvent poetic conventions of the day to express themselves as women and as poets Comparing the poetry of fourteen men and fourteen women from this period Diana Greene revives and redefines the women's writings and offers a thoughtful examination of the sexual politics of reception and literary reputation The fourteen women considered wrote poetry in every genre from visions to verse tales from love lyrics to metaphysical poetry as well as prose works and plays Greene delves into the reasons why their writing was dismissed focusing in particular on the work of Evdokiia Rostopchina Nadezhda Khvoshchinskaia and Karolina Pavlova Greene also considers class as a factor in literary reputation comparing canonical male poets with the work of other men whose work like the women's was deemed inferior at the time The book also features an appendix of significant poems by Russian women discussed in the text Some found in archival notebooks are published here for the first time and others are reprinted for the first time since the mid nineteenth century

Esthetics as Nightmare Charles A. Moser, 2014-07-14 As an epoch of censorship terror drew to a close with the death of Nicholas I and the end of the Crimean War Russian intellectuals had begun expressing their desires for political philosophical and religious reform through passionate debates over literature and esthetics Charles Moser re-creates the leading controversies over literature and art during a crucial period that saw the work of such authors as Turgenev Dostoevsky and Tolstoy Emphasizing particularly the years from 1862 to 1870 Moser presents the doctrines of lesser known and major figures from both liberal and conservative camps which influenced the development of Socialist Realism and Russian Formalism The debates presented begin with a discussion of an essay by Nikolay Chernyshevsky *Esthetic Relations of Art to Reality* which set the stage for the entire period Among the many topics examined by the author are the doctrines of the radical critic Dmitry Pisarev and the writings of his opponents such as Nikolay Solov'ev and Evgeny Edelson Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
