Complete Spiritual Doctrine of St. Therese of Lisieux Fr. François Jamart, 2017-02-07 Over a century ago there lived a Carmelite nun Th r se of Lisieux Although she was young and seemed to have no authority she taught a Little Way very straight and short which would lead people to perfection Others had declared that sanctity was hard to attain but she said that it was easy Th r se maintained that in order to become holy it was not necessary to engage in manifold practices to perform rigorous penances or to receive extraordinary graces What was needed was simply that we acknowledge our nothingness and approach God with love and confidence Sanctity she proclaimed is an interior disposition which makes us humble and little in God s arms conscious of our weakness and trusting even to audacity in the goodness of our Father Th r se did not reveal new truths nor did she teach new means for attaining perfection Her doctrine was not a revelation of a new kind of sanctity but a new way of revealing sanctity to us What she teaches flows from the knowledge of God as He is revealed in the Gospel she invites us to return to evangelical simplicity The Church has endorsed her doctrine at the highest level in 1999 Pope John Paul II declared her a Doctor of the Church In the Complete Spiritual Doctrine of St Th r se of Lisieux he presents her teachings in their original beauty simplicity and practicality According to the judgment of the Carmelite nuns of Lisieux this work represents the pure doctrine of Th r se without deviation Since this book first appeared in French in 1958 and in English in 1961 it has established itself as a classic Although many fine studies on St Th r se have appeared in more recent years the Complete Spiritual Doctrine of St Th r se of Lisieux is still an indispensable guide to the Little Way

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD,2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese s spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God s Word and God s grace hidden in the events of her life The book shows how through self reflexivity and meditation on God s Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God s grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual s spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese s simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of every day with reflexivity in love as the key
