Public Theology and Institutional Economics Toine van den Hoogen,2019-10-09 This book

shows why in our modern society many important questions in our public debates urge for attention to be given to questions about economy and why religious thinking gives unexpectedly relevant perspectives on these Neither economy nor religion is a private matter Our daily life and personal decisions about lifestyle are marked by our public choices and attitudes As we are actually part of complex and disturbing processes in an information society our daily lives are changing in rapid ways Beginning with a discussion of what public theology is actually about the text moves on to discuss three dimensions of these processes namely our capitalist market economy our urge for a common ground in the conflicts of that economy and our responsibility for a sustainable lifestyle in that economy Religious thinking especially that of Gregory of Nazianzus 329 390 confronts questions about spiritual awareness in these domains Dark Nights of the Soul Thomas Moore,2005-06-16 Every human life is made up of the light and the dark the happy and the sad the vital and the deadening How you think about this rhythm of moods makes all the difference Our lives are filled with emotional tunnels the loss of a loved one or end of a relationship aging and illness career disappointments or just an ongoing sense of dissatisfaction with life Society tends to view these dark nights in clinical terms as obstacles to be overcome as quickly as possible But Moore shows how honoring these periods of fragility as periods of incubation and positive opportunities to delve the soul s deepest needs can provide healing and a new understanding of life s meaning Dark Nights of the Soul presents these metaphoric dark nights not as the enemy but as times of transition occasions to restore yourself and transforming rites of passage revealing an uplifting and inspiring new outlook on such topics as The healing power of melancholy The sexual dark night and the mysteries of matrimony Finding solace during illness and in aging Anxiety anger and temporary Insanities Linking creativity spirituality and emotional struggles Finding meaning and beauty in the darkness **The Toughest Indian in the World** Sherman Alexie,2000 A collection of nine short stories about the lives and loves of modern day American Indians **The Universe is Indifferent** Ann W. Duncan,Jacob L. Goodson,2016-11-09 Centered upon the lives of employees at a Manhattan advertising firm the AMC television series Mad Men touches on the advertising world s unique interests in consumerist culture materialistic desire and the role of deception in Western capitalism While the subject matters of the chapters in this collection have a decidedly socio historical focus the authors use basic topics as starting points for philosophical religious and theological reflections The authors show how Mad Men reveals deep truths concerning the social trends of the 1960s and early 1970s in American life and deserves a significant amount of reflection from philosophical religious and theological perspectives Some of the chapters go beyond mere reflection and make deeper inquiries into what these trends say about American cultural habits the business world within Western capitalism and the rapid social changes gender race and sexuality that occur during this period Chapters examine paradigms of masculinity and femininity as well as the presentation of motherhood fatherhood sexuality and childhood This collection shows how social change represents the undercurrent of the interpersonal dramas of the characters on Mad Men from the staid and conventional early seasons to the war
