The Incredible Woman Power Sexual Politics Volume 1:

Women, Law and Culture Jocelyne A. Scutt, 2017-02-17 This book explores cultural constructs societal demands and political and philosophical underpinnings that position women in the world It illustrates the way culture controls women s place in the world and how cultural constraints are not limited to any one culture country ethnicity race class or status Written by scholars from a wide range of specialists in law sociology anthropology popular and cultural studies history communications film and sex and gender this study provides an authoritative take on different cultures cultural demands and constraints contradictions and requirements for conformity generating conflict Women Law and Culture is distinctive because it recognises that no particular culture singles out women for special treatment rules and requirements rather all do Highlighting the way law and culture are intimately intertwined impacting on women whatever their country and social and economic status this book will be of great interest to scholars of law women s and gender studies and media studies **The Word of a Woman?** J. Jordan, 2004-08-18 The notion that women lie about rape is a prevalent belief with pervasive influence This book is unique in combining police file data with interviews obtained from both rape survivors and detectives in order to critically explore how this belief affects police officers responses to women who report rape Examination of this material is located within a broader analysis of the historical and socio cultural environment and illustrates how rape investigations continue to be conducted within the context of pervasive beliefs and stereotypes regarding both the nature of rape and the nature of women *Serial Survivors* Jan Jordan, 2008 The survival stories of fifteen women who were sexually assaulted by the same man Malcolm Rewa a serial rapist who terrorised women in Auckland **Women and The Magna Carta** Jocelyne Scutt, 2016-04-30 On the eight hundredth anniversary of the Magna Carta Women and the Magna Carta investigates what the charter meant for women s rights and freedoms from an historical and legal perspective Women's Encounters with Violence Sandra Cook, Judith Bessant, 1997-07-22 The issue of violence against women in countries around the world continues to receive increasing public media political and scholarly attention While research findings in Women s Encounters of Violence in Australia are framed within a specific perspective they extend beyond national boundaries to provide a critical analysis needed to change political and social policies worldwide Editors Sandy Cook and Judith Bessant introduce the history of violence in Australia and examine how culturally embedded laws and customs have acted like locks on women s oppression In addition to culture specific topics such as the injustices suffered by Australian Aboriginal and Torres Strait Islander women the contributors also explore issues that cross cultural boundaries including violence against women with disabilities homeless women and lesbians Promoting a crucial international context to this pervasive problem Women s Encounters of Violence in Australia proves an excellent supplemental text for students as well as an accessible and timely resource for a broad range of professionals in counseling social work health care and law and faculty in sociology public policy and women s studies Informed Choice of Medical Services: Is the Law Just?
