The Individual Psychology Of Alfred Adler:

Individual Psychology of Alfred Adler Alfred Adler, 1964-12-30 When we hear such expressions as feelings of inferiority and insecurity striving for self enhancement and power woman s revolt against her feminine role the oversolicitous mother the dethronement of the first born the need for affection when maladjustment is spoken of as self centeredness psychological health as other centeredness psychiatry as the science of interpersonal relations neurotic symptoms as ego defenses and forms of aggression to mention only a few instances we are meeting ideas in which Alfred Adler was the pioneer from 1907 the date of his first important publication until his death in 1937 The purpose of the present volume is to make Adler s contributions to the theory and practice of psychology available in a systematic and at the same time authentic form To this end we made selections from his writings and organized them with the aim of approximating the general presentation of a college textbook Because every word in the main body of the work is Adler s the outcome of our efforts if we have been successful should be the equivalent of a textbook by Adler on Individual Psychology the name which he gave to his system

but rather looks from his experience of human society onto the contingency of human life All of his theoretical concepts are bound up in this holistic approach Adler's theoretic development shows that the basic concepts of Individual Psychology are not only descriptive labels they grow out of inner experience Adler expresses harsh criticism of all forms of community governed by the will to power and pleads for a cooperation in terms of real social interest or community feeling This E Book is a revised edition of the introduction to the third volume of the Alfred Adler study edition published in 2010 A new chapter has been added The relational dimension of Individual Psychology The step by step development of Alfred Adler's thinking is described following lectures and papers collected in the study edition The quotations are taken from the original versions of Adler's papers
