The Initiation Of Sarah:

The Initiation of Sarah, 1988 *Television Fright Films of the 1970s* David Deal, 2015-01-27 If the made for television movie has long been regarded as a poor stepchild of the film industry then telefilm horror has been the most uncelebrated offspring of all Considered unworthy of critical attention scary movies made for television have received little notice over the years Yet millions of fans grew up watching them especially during the 1970s and remember them fondly This exhaustive survey addresses the lack of critical attention by evaluating such films on their own merits Covering nearly 150 made for TV fright movies from the 1970s the book includes credits a plot synopsis and critical commentary for each From the well remembered Don't Be Afraid of the Dark to the better forgotten Look What's Happened to Rosemary's Baby it's a trustworthy and entertaining guide to the golden age of the televised horror movie **Lights, Camera, Witchcraft** Heather Greene, 2021-10-08 Follow the Witch Through Decades of American Entertainment Deviant mistress of the dark arts Goddess worshipper dancing in the moonlight Crystal wielding bookworm with a black hat and broom We recognize the witch because no industry has been quite so influential in shaping our vision of her as Hollywood This comprehensive book delves into the fascinating history of witchcraft and witches in American film and television From Joan the Woman and The Wizard of Oz to Carrie and Charmed author and film scholar Heather Greene explores how these movies and TV shows helped influence the public image of the witch and profoundly affected how women negotiate their power in a patriarchal society Greene presents more than two hundred examples spanning silent reels to present day blockbusters As you travel through each decade you'll discover compelling insights into the intersection of entertainment critical theory gender studies and spirituality

within the history of mass media remains under discussed Are You in the House Alone seeks to address this imbalance in a series of reviews and essays by fans and critics alike It looks at many of the films the networks and names behind them and also specific genres everything from Stephen King adaptations to superheroes to true life dramas So kickback and crack open the TV guide once more for the event that is the Movie of the Week **Carrie** Neil Mitchell,2014-01-07 Brian De Palma s adaptation of Stephen King s debut novel Carrie 1976 is one of the defining films of 1970s New Hollywood style and a horror classic The story of a teenage social outcast who discovers she possesses latent psychic powers that allow her to deliver retribution to her peers teachers and abusive mother Carrie was an enormous commercial and critical success and is still one of the finest screen adaptations of a King novel This contribution to the Devil s Advocates series not only breaks the film down into its formal componenets its themes stylistic tropes technical approaches uses of color and sound dialogue and visual symbolism but also considers a multitude of other factors contributing to the work s classic status The act of adapting King s novel for the big screen the origins of the novel itself the place of Carrie in De Palma s oeuvre the subsequent versions and sequel and the social political and cultural climate of the era including the influence of second wave feminism loosening sexual norms and changing representations of adolescence as well as the explosion of interest in and the evolution of the horror genre during the decade are all shown to have played an important part in the film s success and enduring reputation

The Anatomy of Regret Susan Kavalier-Adler, 2018-04-17 Anatomy of Regret has a highly clinical focus with cases that illustrate how critical psychic change can emerge from the mourning of the grief of psychic regret This book highlights the developmental achievement of owning the guilt of aggression and of tolerating insight into the losses one had produced The author uses the term psychic regret to capture the essence of the process of facing regret consciously This is in contrast to the split off and persecutory dynamics of unconscious guilt Unconscious guilt exposes itself through visceral and cognitive impingements which are related to internal world enactments and it relies on unconscious avoidance of the pain and loss involved in facing psychic regret The author's theory of developmental mourning is illustrated in this book through in depth lively clinical processes cases and vignettes

Contested Issues in the Evaluation of Child Sexual Abuse Kathleen Faller, Mark Everson, 2016-01-08 This book represents a significant contribution to the highly contested debate surrounding how allegations of child sexual abuse should be evaluated Despite decades of substantial research in this sensitive area professional consensus remains elusive A particular source of contention is the sensitivity vs specificity debate whether evaluators should aim to reduce the number of true allegations that are labelled false or to reduce the number of false allegations that are labelled true This edited collection aims to address directly and offer new insights into this debate It responds directly to Kuehnle and Connell's edited volume The Evaluation of Child Sexual Abuse Allegations A Comprehensive

Guide to Assessment and Testimony 2009 which included chapters which advocated strong specificity positions at the expense of sensitivity The chapters in this collection feature both challenges to and replies by the authors in Kuehnle and Connell s book making this an essential resource that moves the debate forward This book was originally published as a special issue of the Journal of Child Sexual Abuse **The Eleusis of Chi Omega** ,1879
