The Innsmouth Heritage Brian M. Stableford, 1992 *The Innsmouth Heritage and Other Sequels* Brian Stableford, 2012-04-16 Eleven new tales of fantasy and horror based upon the classic originals by H P Lovecraft Oscar Wilde Hans Christian Andersen Arthur Conan Doyle Robert Louis Stevenson Jules Verne H Rider Haggard and Bram Stoker *The Innsmouth Heritage and Other Sequels* Brian Stableford, 2009-01-01 Eleven new tales of fantasy and horror based upon the classic originals by H P Lovecraft Oscar Wilde Hans Christian Andersen Arthur Conan Doyle Robert Louis Stevenson Jules Verne H Rider Haggard and Bram Stoker **The Paradise Game** Brian Stableford, 2019-01-13 In a galactic culture that extends from quasi utopian worlds like New Alexandria to the vermin infested slums of Old Earth the Star Pilots are the great heroes of the day and Grainger has become a legend in his own time Pharos is paradise or so it appears But the champions of commerce want to package and sell the planet and the conservationists want to stop them Grainger's employer Titus Charlot is enlisted to negotiate a settlement but the game is rigged Charlot needs the Star Pilot's help but there seems to be nothing he can do until the planet's ecosystem takes a hand and paradise suddenly turns deadly Hooded Swan Book 4 **Streaking** Brian Stableford, 2011-11-14 For hundreds of years the male members of the Kilcannon family have considered themselves to be the beneficiaries of distortions in the statistical distribution of chance associating their most fortunate windfalls with visual distortions that they call streaks This belief has led to the accumulation of a vast heritage of superstitions rules which if broken might allegedly terminate the privilege The current heir Canny Kilcannon is anxious to dispose of this burden but is unsure as to how far he can go in tempting fate When his father dies his life is further complicated when a female beneficiary of a similar centuries old lucky streak reveals herself to him Lissa suggests that they attempt the ultimate experiment to test the boundaries of their gift Can they succeed Or will they bring down upon them the black lightning of which both of their traditions warn A truly compelling tale of luck and probability in the real world BRIAN STABLEFORD has written and edited almost 200 volumes of science fiction horror fantasy literary criticism and reference among others many of them being published by the Borgo Press Imprint of Wildside Press He lives and works in England **Changelings and Other Metamorphic Tales** Brian Stableford, 2009-03-01 Ten fantastic stories of humans changing into something else vampires animals aliens and others by a modern master of science fiction and fantasy literature **War Games** Brian Stableford, 2012-05-15 Throughout the centuries that have passed since humans first ventured into interstellar space they have been at war with the alien Veich The human race has in consequence been fully militarized its educational system being a form of military training which includes among other disciplines the elimination of fear from the human psyche Attitudes to the war have however been colored by the gradual discovery of relics revealing that it is echoing an earlier interstellar conflict whose antagonists have completely disappeared victors and vanquished alike On a neglected continent of an unimportant world ex sergeant Remy and other human and Veich deserters have joined forces to form a mercenary company

that places its expert skills at the disposal of the dominant indigenes This refuge from the greater war is however disrupted when archeologists on another world discover evidence that there might be significant relics of the earlier war buried in the inhospitable heart of the continent where barbarian tribes are currently massing for a religious war Remy has no alternative but to revert to working for his own race knowing that whatever he enables them to find or even if they find nothing at all his own life will be in grave peril and that nothing will ever be the same again Great military SF Also published as Optiman

Nature's Shift Brian Stableford, 2011-09-09 Peter Bell the Third accidentally named from the title of a poem by Percy Bysshe Shelley is called upon to renew his old friendship with Rowland Usher who was deliberately named after the protagonist of a story by Edgar Allan Poe In the new House of Usher that Rowland is growing in the Orinoco Delta Usher explains the scientific work in genetics that he is doing there to Peter while they both mourn Rowland's dead twin sister Magdalen who has apparently committed suicide for reasons that no one quite understands As a scientist Peter is inevitably convinced when he discovers Magdalen's ghost haunting the house that the haunting can only be figurative and symbolic but that does not make it any less meaningful or problematic A marvelous new novel in this long running series by a master of biological extrapolation

Salome and other Decadent Fantasies Brian Stableford, 2011-11-15 Decadent literature is intrinsically and proudly a literature of moral challenge it is sceptical cynical and satirical It recognizes that everyday morality does not work either in practical or in psychological terms and is therefore a sham but that ideal morality is not necessarily unfortunately unattainable This volume collects the best of Brian Stableford's decadent work including Salome O For a Fiery Gloom and Thee The Last Worshipper of Proteus The Evil That Men Do Ebony Eyes The Fisherman's Child The Storyteller's Tale The Unluckiest Thief The Flowers in the Forest The Mandrake Garden and Chanterelle

one The Daedalus Mission Book Three *Yesterday Never Dies* Brian Stableford, 2013-07-30 At an 1847 revival of Meyerbeer's opera *Robert le Diable* the ghost of Blaise Thibodeaux the author of *La Resonance du temps* appears in one of the boxes just as Thibodeaux had predicted to Auguste Dupin that it would thirteen years before Unfortunately Dupin is unable to attend the performance leaving his uninformed friend and narrator Reynolds to try to make sense of the apparition and all the confusing circumstances surrounding it Once Dupin has returned to the intellectual fray however and pulled the multitudinous threads of possibility together seven individuals must set forth for the forest of Fontainebleau in the dead of night in order to bring the temporal resonance that Thibodeaux had earlier attempted to produce to its full fruition hoping at least to understand why he wanted to do so although the Comte de Saint Germain apparently in control for once has much greater ambitions than that Another riveting entry in this ongoing historical fantasy series *The Return of the Djinn and Other Black Melodramas* Brian Stableford, 2017-04-06 Six stories of fantasy and science fiction by a modern master including three pieces published for the first time *The Path of Progress* *Kalamata's Blessing* *The Shepherd's Daughter* *Shadows of the Past* *Reconstruction* and the original short fantasy novel *The Return of the Djinn* **Science Fiction Culture** Camille Bacon-Smith, 2000 An inside look at this wonderfully strange universe *A Vision of Hell* Brian Stableford, 2012-11-30 The people of the Echronian Millennium had been reminded of the Underworld that existed beneath the platform on which they had constructed their better cleaner safer world leaving the original surface of Earth a dark dreary and forgotten place That awareness had become a political pawn which many different people were trying to manipulate in their own interests In the meantime the search for more information about what actually existed in the Underworld went on tentatively and ineptly The hunter sent to help clarify the situation brought back a sensational prize and revealed it to the world but in so doing he triggered an unexpected and unprecedented reaction which changed the whole nature of the game gave the people of Heaven a vision of Hell and threw the fate of both worlds into the balance The second novel in the exciting *Realms of Tartarus* series
