

The Insurrection

S Ashworth

The Insurrection:

Crimes against the State James A. Beckman, Eric Merriam, 2024-08-08 This work provides an authoritative survey of America's long and turbulent history of rebellions against laws and institutions of the state ranging from violent acts of sedition and terrorism to acts of nonviolent civil disobedience against discriminatory or unjust laws Crimes against the State is an evenhanded and illuminating one-stop resource for understanding acts of rebellion against legal authorities and institutions and the motivations goals driving them Special care is taken to differentiate between hostile acts and actors that seek to overthrow or otherwise damage the state and or targeted demographic groups through violence such bad actors as the January 6 Capitol mob and bombers of abortion clinics and acts and actors that seek to defy reform or improve laws and institutions of the state through nonviolent action such good actors as activists in the civil rights movement Within these pages readers will 1 learn how to differentiate between sedition insurrection treason domestic terrorism espionage and other acts meant to injure or overthrow the government 2 gain a deeper understanding of laws policies and events that have aroused violent or nonviolent opposition 3 gain a deeper understanding of the perspectives and motivations of both good actors and bad actors and 4 learn about state responses to these challenges and threats from martial law style crackdowns to new laws and reforms

The Examiner, 1863 [The Plebeian Experience](#) Martin Breaugh, 2013-12-10 How do people excluded from political life achieve political agency Through a series of historical events that have been mostly overlooked by political theorists Martin Breaugh identifies fleeting yet decisive instances of emancipation in which people took it upon themselves to become political subjects Emerging during the Roman plebs's first secession in 494 BCE the plebeian experience consists of an underground or unexplored configuration of political strategies to obtain political freedom The people reject domination through political praxis and concerted action therefore establishing an alternative form of power Breaugh's study concludes in the nineteenth century and integrates ideas from sociology philosophy history and political science Organized around diverse case studies his work undertakes exercises in political theory to show how concepts provide a different understanding of the meaning of historical events and our political present The Plebeian Experience describes a recurring phenomenon that clarifies struggles for emancipation throughout history expanding research into the political agency of the many and shedding light on the richness of radical democratic struggles from ancient Rome to Occupy Wall Street and beyond

The Invention of Terrorism in Europe, Russia, and the United States Carola Dietze, 2021-07-27 Terrorism's roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze's

lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book's centerpiece The first is the failed attempt to assassinate French Emperor Napoleon III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown's raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods

The Parliamentary Debates Great Britain. Parliament, 1825 *Causation: The Basics* Stuart Glennan, 2024-04-22

Causation The Basics explores questions about what causes are and how we come to know them describe them and put them to use The book begins with an introduction to the history of philosophical thinking about causation followed by a series of chapters introducing important contemporary accounts of causation It concludes with chapters on causation and agency causal discovery and causal explanation Key questions explored in the book include What distinguishes correlation from causation How are the causes of singular events related to more general patterns of cause and effect How are commonsense scientific and legal conceptions of causation related Can certain occurrences be singled out as the main or principle causes of some effect Is there a place in the world's causal structure for human agency and free will While introducing the major philosophical debates about the nature of causation *Causation The Basics* emphasizes the uses and challenges of causal reasoning as it occurs in the sciences engineering medicine and other areas of human life With a glossary of key terms and suggestions for further reading the book provides readers with a clear and concise introduction to both theoretical and practical questions about causation *The History of the War with Russia* Henry Tyrrell, 1855 *Trotsky and the Russian Revolution* Geoffrey Swain, 2014-02-24

Supporters of Stalin saw Trotsky as a traitor and renegade Trotsky's own supporters saw him as the only true Leninist In *Trotsky and the Russian Revolution* Geoffrey Swain restores Trotsky to his real and central role in the Russian Revolution In this succinct and comprehensive study Swain contests that In the years between 1903 and 1917 it was the ideas of Trotsky rather than Lenin which shaped the nascent Bolshevik Party and prepared it for the overthrow of the Tsar During the autumn of 1917 workers supported Trotsky's idea of an insurrection carried out by the soviet rather than Lenin's demand for a party orchestrated coup d'etat During the Russian Civil War Trotsky persuaded a sceptical Lenin that the only way to victory was through the employment of officers trained in the Tsar's army As well as examining Trotsky's critique of Stalin's Russia in the 1930s this seminar reader probes deeper to explore the ideas which drove Trotsky forward during his years of influence over Russia's revolutionary politics exploring such key concepts as how to construct a revolutionary party how to stage a successful insurrection how to fight a revolutionary war and how to build a socialist state **The February Revolution, Petrograd, 1917** Tsuyoshi Hasegawa, 2017-10-02 The February Revolution

Petrograd 1917 is the most comprehensive book on the epic uprising that toppled the tsarist monarchy and ushered in the next stage of the Russian Revolution Hasegawa presents in detail the intense drama of the nine days of the revolution including the workers strike soldiers revolt the scrambling of revolutionary party activists to control the revolution and the liberals conspiracy to force Tsar Nicholas II to abdicate Based on his previous work published in 1981 the author has revised enlarged and reinterpreted the complexity of the February Revolution resulting in a major and timely reassessment on the occasion of its centennial See inside the book *The North American Review* ,1862 [The Fall of Napoleon: Volume 1, The Allied Invasion of France, 1813-1814](#) Michael V. Leggiere,2007-11-12 This book tells the story of the invasion of France at the twilight of Napoleon s empire With more than a million men under arms throughout central Europe Coalition forces poured over the Rhine River to invade France between late November 1813 and early January 1814 Three principal army groups drove across the great German landmark smashing the exhausted French forces that attempted to defend the eastern frontier In less than a month French forces ingloriously retreated from the Rhine to the Marne Allied forces were within one week of reaching Paris This book provides the first complete English language study of the invasion of France along a front that extended from Holland to Switzerland **Letters and Papers** Great Britain. Public Record Office,1890 **Reports from Select Committees of the House of Commons, and Evidence, Communicated to the Lords** Great Britain. Parliament. House of Lords,1851 **Collected Works (12+ illustrated edition) of Karl Marx: Capital, The Communist Manifesto,Critique of Hegel's Philosophy of Right** Karl Marx,2021-01-08 Karl Heinrich Marx was a German philosopher economist historian sociologist political theorist journalist and socialist revolutionary It is hard to think of many who have had as much influence in the creation of the modern world In addition to his overtly philosophical early work his later writings have many points of contact with contemporary philosophical debates especially in the philosophy of history and the social sciences and in moral and political philosophy Historical materialism Marx s theory of history is centered around the idea that forms of society rise and fall as they further and then impede the development of human productive power Marx s economic analysis of capitalism is based on his version of the labour theory of value and includes the analysis of capitalist profit as the extraction of surplus value from the exploited proletariat Marx sees the historical process as proceeding through a necessary series of modes of production characterized by class struggle culminating in communism Content Critique of Hegel s Philosophy of Right 1843 On the Jewish Question 1843 The Holy Family 1845 Theses on Feuerbach 1845 The Poverty of Philosophy 1847 Wage Labour and Capital 1847 Manifesto of the Communist Party 1848 The Class Struggles in France 1850 Address of the Central Committee to the Communist League The Eighteenth Brumaire of Louis Napoleon 1852 A Contribution to the Critique of Political Economy 1859 Marx s Inaugural Address Capital *History of Europe from the Commencement of the French Revolution in M.DCC.LXXXIX. to the Restoration of the Bourbons in M.DCCC.XV.* Archibald Alison,1848 *The Rhetoric of Historical Representation* Ann Rigney,2003-02-13 The role which narrative discourse plays in

the writing of history is an area of increasing interest to historians and literary theorists resulting in some of the most stimulating and controversial historiographical work in recent years The rhetoric of historical representation represents one of the first attempts to carry out a sustained textual analysis of historiographical practice Ann Rigney focusses on three celebrated nineteenth century histories of the French Revolution written by Alphonse de Lamartine Jules Michelet and Louis Blanc What distinguishes her account is the sensitivity and sophistication with which she handles the semiotic issues each text raises She shows how a greater understanding of the specific features of historical narration can be achieved through a comparative analysis of the different representations of a common event This fresh new perspective on a long standing historiographical debate brings into relief the ways in which the narrative medium can be used to invest events with one significance rather than another

The Monthly Law Reporter ,1861 **The History of Ireland, Ancient and Modern**
Martin Haverty,1860 **Twentieth Century** ,1914 The Nineteenth century and after London *The Speeches and Public Letters of the Liberator; with Preface and Historical Notes* Mary Francis Cusack,Daniel O'Connell,2025-07-10 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
