## **The Christian Witness To The State:**

*The Christian Witness to the State* John Howard Yoder, 1977      *In the World, But Not of the World* Andrew L. Fitz-Gibbon, 2000-01-01 *In the World But Not of the World* explores the threefold tension among Alasdair MacIntyre's prognosis for Western society, the desires of some for a social transformation with a Christian moral vision at the sacred centre, and a baptist understanding of Christianity as essentially voluntary non-sacralist discipleship. Andrew Fitz-Gibbon uses five contemporary Christian social thinkers from different traditions as conversation partners. Through his examination of these thinkers, Fitz-Gibbon explores how the church may continue to truthfully narrate the Christian story in the midst of the moral tensions of late capitalist Western society. His creative conclusion is that the church at the beginning of the twenty-first century can move toward a resolution of the central tension of being in the world but not of the world through a synthesis of the believers' church tradition and an affirmation of communitarian liberal democracy.      *The Christian Witness and Congregational Magazine*, 1866      *The Christian Witness to the State*, 1977      *Christian Witness To The State* John Howard Yoder, 2007-05-16 Our purpose is to analyze whether it is truly the case that a Christian pacifist position rooted not in pragmatic or psychological but in Christological considerations is thereby irrelevant to the social order. John Howard Yoder. These words by John Howard Yoder set the course of his pathbreaking treatise *The Christian Witness to the State*. Yoder's novel contribution to the debate concerning the church's and the Christian's calling is his starting point. He insists that Christ through his death and resurrection is now exercising dominion over the world. God has reclaimed his intention for creation. Thus the structures of the social order have as much potential for good as for evil. The church belongs in this world; it has a mission to and even with society.      **The Christian Witness, and Church Member's Magazine:**, 1845      *The Christian Witness and Advocate of Bible Holiness*, 1909      **Theses on the Christian Witness to the State** Mennonite Church. Peace Problems Committee, Guy Franklin Hershberger, Edgar Metzler, Albert J. Meyer, 1960      **The State of the University** Stanley Hauerwas, 2008-04-15 In this book, controversial and world-renowned theologian Stanley Hauerwas tackles the issue of theology being sidelined as a necessary discipline in the modern university. It is an attempt to reclaim the knowledge of God as just that knowledge. Questions: why is theology no longer considered a necessary subject in the modern university, and explores the role it should play in the development of our knowledge. Considers how theology is often excluded from the knowledges of the modern university because these are constituted by an understanding of time necessary to make economic and state realities seem inevitable. Argues that it is precisely this difference that makes Christian theology an essential resource for the university to achieve its task: that is to form people who are able to imagine a different world through critical and disciplined reflection. Challenges the domesticated character of much recent theology by suggesting how prayer and the love of the poor are essential practices that should shape the theological task. Converses with figures as diverse as Luigi Giussani, David Burrell, Stanley Fish, Wendell Berry, Jeff Stout, Rowan Williams, and Sheldon Wolin. Published in the new and

prestigious Illuminations series      **Discerning the Powers in Post-Colonial Africa and Asia** Pak Nung Wong, 2016-02-17 Qualifying post Westphalian sovereign statehood as a power as argued for in Hendrik Berkhoff's political theology this book addresses the decades long theological spiritual debate between Christian realism and Christian pacifism in U S foreign policy and global Christian circles It approaches the debate by delving into the pacifist Anabaptist political theology and delineates empirically how sovereign statehood in post colonial Africa and Asia has fallen into the hands of the devil Satan as a fallen power in the Foucaultian terms of power structures techniques and episteme While the book offers intervention schemes and options it holds that Christian statecraft remains the source of hope to effectively address a number of serious global issues By extension the book is thus an invitation to ignite debates on the suitability of Christian statecraft and the nexus between spirituality and world politics making it especially interesting for scholars and students in the fields of International Politics Politics of Asian and African States Post colonial Studies and Political Theology      Words and Witnesses Naaman K. Wood, 2022-05-03 How should Christians address specific problems controversies and crises in communication today By looking at influential Christian thinkers throughout history we can identify wisdom that enriches us today in practical ways Words and Witnesses explores various influential Christian thinkers and theologians from across church history in order to expand our contemporary conversations in communication studies and media theory Individual chapters written by contributing scholars focus on major Christian thinkers starting with Athanasius St Augustine and John Chrysostom moving through the Middle Ages to address figures such as Anselm Nicholas of Cusa Teresa of Lisieux and arriving in the present with reflections on the work of John Howard Yoder C S Lewis Martin Luther King Jr Abraham Kuyper and Desmond Tutu among others Each chapter delves into how the contemporary church and scholars of media can turn to these influential Christian thinkers as resources for addressing specific problems in communication today By analyzing church practices doctrine and biblical texts this book provides the church with resources and inspiration to communicate in distinctly Christian ways      **The Theological Basis of the Christian Witness to the State** John Howard Yoder, 1957

**The Necessity of Witness** Ariaan Baan, 2015-08-17 The role of witness is a recurring theme in the work of Stanley Hauerwas it is through enacting the truth in a world of lies through seeking peace in a world of violence that witnesses show who God is who we are and what the world is like The Necessity of Witness is a study of Hauerwas and his fascinating but complex understanding of witness Ariaan W Baan argues that Hauerwas's approach makes a significant contribution to current debates in systematic theology on the relation between truth and life Reading Hauerwas can be a precarious adventure His rhetoric is overwhelming but his argument is not always crystal clear and carefully formulated With the help of semiotic and philosophical analysis and biblical exegesis Baan articulates Hauerwas's intuitions fills some of the gaps in his argumentation and discloses hidden biases The results of this analysis sometimes surprise Baan notes that unexpected pericopes in Scripture such as Isaiah and Revelation support Hauerwas's account of witness and concludes that his work

offers insight into how in our late modern society such diverse groups as martyrs and pop stars offer implicit witness through their lives

**The Activist Impulse** Jared S. Burkholder, David Cramer, 2012-04-04 Anabaptists have often felt suspicious of American evangelicalism and in turn evangelicals have found various reasons to dismiss the Anabaptist witness Yet at various points in the past as well as the present evangelicals and Anabaptists have found ample reason for conversation and much to appreciate about each other The Activist Impulse represents the first book length examination of the complex relationship between evangelicalism and Anabaptism in the past thirty years It brings established experts and new voices together in an effort to explore the historical and theological intersection of these two rich traditions Each of the essays provides fresh insight on at least one characteristic that both evangelicals and Anabaptists share an impulse to engage society through the pursuit of active Christian witness

**The Heterodox Yoder** Paul Martens, 2012-01-01 The Heterodox Yoder provides a critical rereading of Yoder s corpus through his own conviction that discipleship is most basically ethics Tracing the development of Yoder s theological foundations through to their final role in redefining Jewish Christian and ecumenical relations this volume explains why the appropriation and use of the language of politics eventually constrains Yoder s ethical vision to the point that it reframes Christianity within the limits of social ethics alone Because this vision self consciously excludes or at best relativizes many of the claims of orthodox Christianity including but not limited to the ecumenical creeds Martens concludes that Yoder s Christian ethic is best described as heterodox
