Neglected Factors in the Study of the Early Progress of Christianity James Orr, 2006-02-16 This volume represents the Morgan Lectures delivered at Auburn Theological Seminary in New York in October 1897 The advances in the history of Christianity have come about not so much from the discovery of new materials though of these also unremitting research has yielded an abundant supply as from the new historical temper in which scholars have approached their task from the fresh power acquired of reading aright the meaning of the data already possessed and of setting them in new lights and relations from increased skill in coligating them and in interpreting the significance of unnoticed details in their bearing on an entire situation in which lies so much of the higher art of the historian Just as the naturalist is reputed to be able from a single bone to reconstruct the form of some creature of the past so our modern scholars aim at showing that the minutest fact is not isolated but stands in organic relation with the all pervading life of the time and from comparison of the facts they seek to re create for us a picture whose justification is its verisimilitude and its power of interpreting the sum total of the phenomena from Lecture One

Mohammed Chris Alli's The Federal Republic of Nigerian Army Maduabuchi Dukor, 2018-06-14 Mohammed Chris Alli is a retired Nigerian Army Major General who served as Chief of Army Staff from 1993 to 1994 under General Sanni

Abacha's regime and was military governor of Plateau State Nigeria from August 1985 to 1986 during the military regime of General Ibrahim Babangida. Many years later he was appointed interim administrator of the state during a 2004 crisis in the state following ethno religious killings in Shendam, Yelwa Local Government. In this anthology organized as a symposium on Mohammed Christopher Allis' work, he is identified as one of those critical and rational thinkers/philosophers, albeit a General in the Nigerian Army whose work finds a befitting logical space in the contemporary African philosophical tapestry. The book also captures the elements of military misrule in Nigeria and its undue influence on the body polity; it is a critical survey of past military misadventures and a satire against false federalism; it is a firm warning against future corruption and impunity in the military.

Teacher Attitudes Marjorie Powell, Joseph W. Beard, 2018-06-12 Teachers' attitudes have been a subject of study and interest for many years. Originally published in 1986, this bibliography attempts to review the large field of research between the years 1965 and 1984. To identify all the sources of information and to list documents that discuss research on teachers' attitudes. It does not include an assessment of the quality of the research reported in the listed documents; however, the value is in its comprehensiveness. Users of the bibliography can locate the listed studies and then evaluate the studies using criteria relevant to their individual purposes.

Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999 John Edward White, 2020-03-16 Throughout its history, the Soviet Union was one of the most closed places in the world to missionary work. As perestroika came in the late 1980s and the Soviet Union fell in 1991, a spiritual vacuum formed as massive numbers of people became interested in Christianity. An unprecedented freedom allowed evangelicals to engage in missionary work. Much has been written about foreign evangelical missionary work during this period, but virtually nothing has been written about nationals doing ministry. This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999. Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth, Siberia. What were these pioneering missionaries like? What motivated them? What enabled them to do what had been forbidden for so long? What legacy did they leave for us today? What can we learn from their example for future missions? This book also looks at how a surge in missions takes place, analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change. Here we consider what steps we can take to help bring about new missionary surges.

Revenge Killings - The Chris Dorner Story RJ Parker, 2017-08-18 WITH 15 PHOTOS Chris Dorner was a cop with the LAPD who was fired after reporting that his training officer beat up a handcuffed, non-resisting suspect. He appealed. Lost. Then snapped. In his manifesto that he posted on Facebook, he vowed to kill those associated with him being fired, as well as their families. His first victims were the daughter of the LAPD lawyer who represented him and her fiancée. This recent case from 2013 includes several pictures, some of which are quite graphic, including the all-out manhunt for Dorner and his controversial death. Did the LAPD blow the whole scenario way out of

proportion Keeping in mind the fact that the LAPD is one of the most militarized police forces in America one man s attempts to clear his name should not have sent the whole LAPD into the frenzy that it went into after Dorner s manifesto and statement came to light Los Angeles has its share of some of the world s most ruthless and well armed crime rings These include The Crips Bloods Mexican Mafia Yakuza Armenian Mob Aryan Brotherhood Skinheads and Russian mobs as well as the local drug cartels These gangs are not only real they are openly hostile towards the LAPD and have killed numerous police officers on numerous occasions Some of these gangs have even murdered entire families with the LAPD unable to catch them Yet when an ex cop wanting to clear his name tried to speak out against the LAPD the police goes all out balls to the wall and embarked on one of the most organized and widespread manhunts in recent history Additionally newer reports regarding Monica Quan have arisen that render an even greater air of speculation to the whole ordeal Monica Quan and her fianc both with law enforcement backgrounds were found in a car that was parked in a parking garage in a million dollar predominantly white neighborhood The parking garage was being guarded by a police officer who did not see Dorner a large black man break in The garages are monitored 24 7 and yet there is no footage of Dorner either breaking in killing anyone being there or leaving Nothing But that s what the LAPD wants people to believe
