The Church Of England And The First World War

Mike Horswell

The Church Of England And The First World War:

The Church of England and the First World War Alan Wilkinson, 2014-01-30 The Church of England and the First World War first published in 1978 explores in depth the role of the church during the tragic circumstances of the First World War using biographies newspapers magazines letters poetry and other sources in a balanced evaluation The myth that the war was fought by lions led by donkeys powerfully endures turning heroes into victims Alan Wilkinson demonstrates the sheer horror moral ambiguity and the interaction between religion the church and war with a scholarly and yet poetic hand The author creates a vivid image of the church and society includes views of the Free Churches and Roman Catholics portrays the pastoral problems and challenges to faith presented by war and the pressures for reform of church and society The Church of England and the First World War is written with compelling compassion and great historical understanding making the book hard to put down This expert and classic study will grip the religious and secular alike the general reader or the student

The Church of England and the Holocaust Tom Lawson, 2006 Explores the Church of England's understanding of the Third Reich and its impact on the reactions to and memory of the Holocaust in Britain Argues that the Anglican Church did not engage with the Third Reich through the prism of the persecution of the Jews English Christians commonly perceived Nazism as significant through its anti Christianity as an attack on Christian culture and not through its antisemitism In the 1930s the Church was opposed to war but when Nazi antisemitism became much more pronounced after 1938 the Church incorporated this persecution into its image of Nazism as anti Christian While there was some concern for Jewish victims especially on the part of George Bell and William Temple particular concern was expressed for the German Christian victims of totalitarianism This led the Anglican Church after the war to favor reconstruction of West Germany as a buffer against communism and anti Christianity The Church objected to war crimes trials as being opposed to Christian forgiveness vs the Jewish value of vengeance a view which sought to reduce the significance of Nazi antisemitism and the Holocaust

The Sunday School Movement in Britain 1900-1939 Caitriona McCartney, 2023 Demonstrates the vital role Sunday schools played in forming and sustaining faith before during and after the First World War for British populations both at home and abroad Sunday schools were an important part of the religious landscape of twentieth century Britain and they were widely attended by much of the British population The Sunday School Movement in Britain argues that the schools played a vital role in forming and sustaining the faith of those who lived and served during the First World War Moreover the volume contends that the conflict did not cause the schools to decline and proposes that decline instead set in much earlier in the twentieth century The book also questions the perception that the schools were ineffective tools of religious socialisation and examines the continued attempts of the Sunday school movement to professionalise and improve their efforts Thus the involvement of the movement with the World's Sunday School Association is revealed to be part of the wider developing international ecumenical community during the twentieth century Drawing together under utilised material from archives

and newspapers in national and local collections The Sunday School Movement in Britain presents a history of the schools demonstrating their lasting significance in the religious life of the nation and by extension the enduring importance of Christianity in Britain during the first half of the twentieth century *British Religion and the World Wars* Clive Field, 2019-05-08 Religion did much to shape contemporary British opinion and behaviour during the First and Second World Wars but it featured rather less in the initial historiography of either conflict The situation has changed considerably in the past half century with a steadily increasing number of academic and popular outputs on the religious aspects of the wars As key milestones in connection with the centenary of the First World War and the eightieth anniversary of the Second World War have occurred or approach it seems an appropriate time to take bibliographical stock This volume is the first to offer an in depth listing of modern literature in English and other European languages on British religion and the First and Second World Wars both on the home front and in combat zones Coverage extends to Judaism and alternative religion as well as Christianity More than 1 200 items are included comprising monographs book chapters journal articles and postgraduate theses They are arranged by subjects in separate sections on each war with cross references and a cumulative index of personal names Carefully compiled over several years by an accomplished religious historian and bibliographer the work will be an indispensable reference tool to those embarking on investigations into the religious landscape of Britain during the World Wars and those who wish to discover what has been written about their chosen field to date It will also help identify gaps in scholarship and encourage researchers to try and fill them **The Church of England in the First World War**, 2005 ABSTRACT The Church of England in the First World War by Kevin Christopher Fielden The Church of England was at a crossroads in 1914 as the First World War began The war was seen as an opportunity to revitalize it and return it to its role of prominence in society In comparison to other areas of study the role of the Church of England during this time period is inadequately examined Primary sources including letters diaries contemporary newspaper accounts and pastors sermons were used Also secondary sources provided background and analysis about the people events and movements of the time A handful of papers and journal articles that specifically dealt with a particular aspect of the research provided some analysis This thesis examines the Anglican Church as the war began and during the war both domestically and at the front in order to judge the response it made to the war Great War Britain West Sussex: Remembering 1914-18 West Sussex County Council, 2014-08-04 The First World War claimed over 995 000 British lives and its legacy continues to be remembered today Great War Britain West Sussex offers an intimate portrayal of the county and its people living in the shadow of the war to end all wars A beautifully illustrated and highly accessible volume it describes local reaction to the outbreak of war charts the experience of individuals who enlisted the changing face of industry the work of the many hospitals in the area the effect of the conflict on local families the women who defied convention to play a vital role on the home front and concludes with a chapter dedicated to how the county and its people coped with the transition to life in peacetime once more The Great War

story of West Sussex is told through the testimony of those who were there and is vividly illustrated with evocative images from the archives of West Sussex County Council and local museums

Edward Elgar and His World Byron

Adams,2011-11-14 Edward Elgar 1857 1934 is undoubtedly one of the most fascinating important and influential figures in the history of British music He rose from humble beginnings and achieved fame with music that to this day is beloved by audiences in England and his work has secured an enduring legacy worldwide Leading scholars examine the composer s life in Edward Elgar and His World presenting a comprehensive portrait of both the man and the age in which he lived Elgar s achievement is remarkably varied and wide ranging from immensely popular works like the famous Pomp and Circumstance March no 1 a standard feature of American graduations to sweeping masterpieces like his great oratorio The Dream of Gerontius The contributors explore Elgar s Catholicism which put him at odds with the prejudices of Protestant Britain his glorification of British colonialism his populist tendencies his inner life as an inspired autodidact the aristocratic London drawing rooms where his reputation was made the class prejudice with which he contended throughout his career and his anguished reaction to World War I Published in conjunction with the 2007 Bard Music Festival and the 150th anniversary of Elgar s birth this elegant and thought provoking volume illuminates the greatness of this accomplished English composer and brings vividly to life the rich panorama of Victorian and Edwardian Britain The contributors are Byron Adams Leon Botstein Rachel Cowgill Sophie Fuller Daniel M Grimley Nalini Ghuman Gwynne Deborah Heckert Charles Edward McGuire Matthew Riley Alison I Shiel and Aidan J Thomson Some images inside the book are unavailable due to digital copyright restrictions

The Oxford History of Anglicanism, Volume IV Jeremy Morris,2017-02-16 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world s largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume four of The Oxford History of Anglicanism explores Anglicanism from 1910 to present day

Periodizing Secularization Clive D. Field,2019-10-31

Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the

fin de siècle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author's previous volumes on the chronology of British secularization Britain's Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880-1980

The Oxford History of Anglicanism
 Anthony Milton, Jeremy Gregory, Rowan Strong, Jeremy Morris, William L. Sachs, 2017 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world's largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume four of The Oxford History of Anglicanism explores Anglicanism examines the twentieth century history of Anglicanism in North America Britain and Ireland and Australasia A historiographical introduction provides insight into changing historical interpretation The volume explores perspectives on secularization decolonization mission and the theological identity of Anglicanism It highlights the global communion's movement away from an Anglo centric leadership and a British imperial legacy towards greater diversity and greater influence for the global south Ten themed chapters open up complementary aspects of the history of Western Anglicanism including theological development social justice women human sexuality ecumenical relations mission and decolonization war and peace liturgical revision sociological analysis and the relationship of the church state and nationalism A further section on institutional development looks at the history of communion wide institutions in the twentieth century and at changing ideas of Anglican identity Later chapters survey the regional history of Western Anglicanism in three substantial chapters examining extensively Australia and New Zealand North America and the British Isles

Life, Death, and

Growing Up on the Western Front Anthony Fletcher, 2013-10-28 This book was inspired by the author's discovery of an extraordinary cache of letters from a soldier who was killed on the Western Front during the First World War. The soldier was his grandfather and the letters had been tucked away unread and unmentioned for many decades. Intrigued by the heartbreak and history of these family letters, Fletcher sought out the correspondence of other British soldiers who had volunteered for the fight against Germany. This resulting volume offers a vivid account of the physical and emotional experiences of seventeen British soldiers whose letters survive. Drawn from different regiments, social backgrounds, and areas of England and Scotland, they include twelve officers and five ordinary Tommies. The book explores the training journey to France, fear, shellshock, and life in the trenches, as well as the leisure, love, and home leave the soldiers dreamed of. Fletcher discusses the psychological responses of 17 and 18 year old men facing appalling realities and considers the particular pressures on those who survived their fallen comrades. While acknowledging the horror and futility, the soldiers of the Great War experienced, the author shows another side to the story, focusing new attention on the loyal comradeship, robust humor, and strong morale that uplifted the men at the Front and created a powerful bond among them.

The New Crusaders Elizabeth Siberry, 2016-12-05 This is the first comprehensive study of the use, abuse, and development of the crusade image in popular and high culture in the nineteenth and early twentieth centuries. Drawing upon a diverse range of sources, mainly from the British Isles but with parallels from Western Europe and North America, the author shows the different approaches to the history of the crusading movement and crusade images taken by the historian, composer, artist, and author.

German and Scandinavian Protestantism 1700-1918 Nicholas Hope, 1995-11-09 This book is the first history in English of the Lutheran Church in Germany and Scandinavia in the eighteenth and nineteenth centuries. A period of fundamental and lasting change in the political landscape with the separation of the old twin monarchies of Sweden, Finland, and Denmark, Norway in Scandinavia, 1808, 1814, and the unification of Germany, 1866-71, this was also a time of particular unease and upheaval for the church. Attempts to emulate the spiritual community of the early church, reform of the church establishment, and steps taken to enlighten parishioners were almost always held back by the anomalous structural legacy of the Reformation tradition and parish habit, sacred and profane. However, the birth of the modern nation-state and its market economy posed a fundamental challenge to the structure and ethos of the Reformation churches, as it did to the Catholic Church. The First World War deepened the crisis further. German Protestants and the Scandinavians were not immune, either, although they remained neutral, who bracketed modernity with crisis and religion with national renewal, and who saw national loyalty as a higher value than the faith fellowship and moral order of the church, were swept up into the maw of a modern national war machine which threatened to wipe out Protestantism altogether.

The Theology and Ecclesiology of the Prayer Book Crisis, 1906-1928 Dan D. Cruickshank, 2019-09-12 This book considers the doctrinal and ecclesiological trends that were present during the construction of the revised Book of Common Prayer of 1927. Through the

use of the records of both Convocations and of the National Church Assembly it examines the debates that led to the revised Book and the doctrinal shifts that were present in these debates It challenges the idea that the revision process stalled in the First World War by showing how the birth of the National Assembly that took place during the war was born out of the revision process Through the Assembly records it shows the integral role the laity played in the revision process It examines the attempts to get the revised Books through Parliament the difference between pro and anti revision speakers and the radical ecclesiological thinking that followed the rejections **Life after Tragedy** Michael W. Brierley, Georgia A.

Byrne, 2018-01-01 Much has been written on the centenary of the First World War however no book has yet explored the tragedy of the conflict from a theological perspective This book fills that gap Taking their cue from the famous British army chaplain Geoffrey Studdert Kennedy seven central essays all by authors associated with the cathedral where Studdert Kennedy first preached to troops examine aspects of faith that featured in the war such as the notion of home poetry theological doctrine preaching social reform humanitarianism and remembrance Each essay applies its reflections to the life of faith today The essays thus represent a highly original contribution to the history of the First World War in general and the work of Studdert Kennedy in particular and they provide wider theological insight into how in the contemporary world life and tragedy God and suffering can be integrated The book will accordingly be of considerable interest to historians both of the war and of the church to communities commemorating the war and to all those who wrestle with current challenges to faith A foreword by Studdert Kennedy's grandson and an afterword by the bishop of Magdeburg in Germany render this a volume of remarkable depth and worth Christianity in Britain Since 1914 David Goodhew, Mark Smith, 2024-11-18 This book charts the profound changes in British Christianity over the last century It does so through the medium of diverse local case studies based on high quality new research The ethnic diversification of British churches in the last fifty years is a key theme of the volume Overall the chapters show how secularization has had different trajectories in different parts of the country Alongside this the book charts the surprising desecularisation of parts of Britain in recent decades **The Rise and**

Fall of British Crusader Medievalism, c.1825-1945 Mike Horswell, 2018-01-29 This book investigates the uses of crusader medievalism the memory of the crusades and crusading rhetoric and imagery in Britain from Walter Scott's *The Talisman* 1825 to the end of the Second World War It seeks to understand why and when the crusades and crusading were popular how they fitted with other cultural trends of the Victorian and Edwardian eras how their use was affected by the turmoil of the First World War and whether they were differently employed in the interwar years and in the 1939-45 conflict Building on existing studies and contributing the fruits of fresh research it brings together examples of the uses of the crusades from disparate contexts and integrates them into the story of the rise and fall of crusader medievalism in Britain

Christian Ideals in British Culture D. Nash, 2013-05-07 This book offers a challenge to conventional histories of secularisation by focusing upon the importance of central religious narratives These narratives are changed significantly over

time but also to have been invested with importance and meaning by religious individuals and organisations as well as by secular ones

The Royal Army Chaplains' Department, 1796-1953 Michael Francis Snape, 2008 A survey and reassessment of the role of the army chaplain in its first 150 years Few military or ecclesiastical figures are as controversial as the military chaplain routinely attacked by pacifist and anticlerical commentators and too readily dismissed by religious and military historians This highly revisionist study represents a complete reappraisal of the role of the British army chaplain and of the Royal Army Chaplains Department in the first century and a half of its existence Challenging old caricatures and stereotypes and drawing on a wealth of new archival material it surveys the political denominational and organisational development of the R A Ch D analyses the changing role and experience of the British army chaplain across the nineteenth century and the two World Wars and addresses the wider significance of British army chaplaincy for Britain's military religious and cultural history over the period c 1800 1950 MICHAEL SNAPE is Senior Lecturer in Modern History at the University of Birmingham The volume has a Foreword by Richard Holmes

The Silence of Memory Adrian Gregory, 2014-03-04 This book examines how the British people came to terms with the massive trauma of the First World War Although the literary memory of the war has often been discussed little has been written on the public ceremonies on and around 11 November which dominated the public memory of the war in the inter war years This book aims to remedy the deficiency by showing the pre eminence of Armistice Day both in reflecting what people felt about the war and in shaping their memories of it It shows that this memory was complex rather than simple and that it was continually contested Finally it seeks to examine the impact of the Second World War on the memory of the First and to show how difficult it is to recapture the idealistic assumptions of a world that believed it had experienced the war to end all wars

Getting the books **The Church Of England And The First World War** now is not type of inspiring means. You could not by yourself going later books accretion or library or borrowing from your links to way in them. This is an unquestionably simple means to specifically get lead by on-line. The Church Of England And The First World War Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Church Of England And The First World War has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Church Of England And The First World War has opened up a world of possibilities. Downloading The Church Of England And The First World War provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Church Of England And The First World War has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Church Of England And The First World War. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Church Of England And The First World War. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Church Of England And The First World War, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the

legitimacy of the websites they are downloading from. In conclusion, the ability to download The Church Of England And The First World War has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Church Of England And The First World War Books

1. Where can I buy The Church Of England And The First World War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
