The Churchill Coalition, 1940-1945 John Michael Lee, 1980 **The Churchill Coalition and Wartime Politics, 1940-1945** Kevin Jefferys, 1995 In this revisionist study Jefferys challenges many long held assumptions about British politics in the period between 1939 and 1945 Drawing on a range of unpublished sources he challenges the notion of consensus as a guiding principle of politics in the 1940s and argues that wartime coalition masked the continuance of profound disagreements about the future direction of economic and social policy Distributed in the US and Canada by St Martin s Press Annotation copyrighted by Book News Inc Portland OR *CHURCHILL* Geoffrey Best, 2001-01-01 We are all worms But I do believe I am a glow worm Churchill Winston Churchill s inspiring leadership in the Second World War once made him above criticism In recent years his record has come under attack from revisionists In *Churchill A Study in Greatness* one of Britain s most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial colourful contradictory and heroic career Geoffrey Best brings out both his strengths and his weaknesses looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill s greatness We are all worms But I do believe I am a glow worm Churchill Winston Churchill s inspiring leadership in the Second World War once made him above criticism In recent years his record has come under attack from revisionists In *Churchill A Study in Greatness* one of Britain s most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial colourful contradictory and heroic career Geoffrey Best brings out both his strengths and his weaknesses looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill s greatness **Coalition** Mark Oaten, 2007 As the prospect of a hung Parliament looms large our political protagonists can learn much from the politics and personalities of the past Mark Oaten s story of coalition government begins in the 1850s with Disraeli fighting for his political life and Queen Victoria s battle to find a Prime Minister from the Whigs and Peelites driving her **Churchill** Robert Blake, Wm. Roger Louis, 1996-02-29 Churchill was an extraordinary figure There has never been anyone quite like him and inevitably legends have accumulated How can he be treated both realistically and fairly after so much has been written about his controversial career by himself and others This is a fresh look at Churchill and his role in twentieth century history Each of the authors in this book is an authority on at least one aspect of Churchill s life The result is a fascinating interplay of ideas about his policies and motives Some of it is critical and unflattering Even the greatest of statesmen can make mistakes and misjudgements and Churchill was at the centre of the political scene for more than half a century Yet he emerges with both his integrity and his greatness intact His achievement seems as remarkable as ever The picture that is drawn by this lively and readable study is of an astonishing personality with some flaws but also with immense strengths The book provides a fuller understanding of how Churchill came to be in A J P Taylor s words the saviour of his nation *War and Reform* Kevin

Jefferys,1994 World War II marked a crucial watershed in the political history of modern Britain This book seeks to explain through the eyes of contemporaries how the transition occurred from the Conservative enterprise society of the 1930s to Labour's welfare state and mixed economy of the late 1940s War and Reform also addresses the question of how the political changes of this period affected British society as a whole and how much public opinion itself shaped change *Clement Attlee* Jerry Hardman Brookshire,1995 Shows how Attlee middle class and Oxford educated became a committed socialist while a young social worker in London's East End and his rise as Deputy Minister during Churchill's wartime coalition and Prime Minister during Labour's creation of the welfare state from 1945-1951 **Churchill, Roosevelt & Company** Lewis E. Lehrman,2017-01-30 During World War II the special relationship between the United States and Great Britain cemented the alliance that won the war But the ultimate victory of that partnership has obscured many of the conflicts behind Franklin Roosevelt's grins and Winston Churchill's victory signs the clashes of principles and especially personalities between and within the two nations Synthesizing an impressive variety of sources from memoirs and letters to histories and biographies Lewis Lehrman explains how the Anglo American alliance worked and occasionally did not work by presenting portraits and case studies of the men who worked the back channels and back rooms the secretaries and under secretaries ambassadors and ministers responsible for carrying out Roosevelt's and Churchill's agendas while also pursuing their own and thwarting others This was the domain of Joseph Kennedy American ambassador to England often at odds with his boss spymasters William Donovan and William Stephenson Secretary of State Cordell Hull whom FDR frequently bypassed in favor of Under Secretary Sumner Welles British ambassadors Lord Lothian and Lord Halifax and above them all Roosevelt and Churchill who had the difficult task not always well performed of managing their subordinates and who frequently chose to conduct foreign policy directly between themselves Scrupulous in its research and fair in its judgments Lehrman's book reveals the personal diplomacy at the core of the Anglo American alliance Lincoln & Churchill Lewis E Lehrman,2023-06-14 With penetrating insight Lehrman unfolds the contrasts and similarities between these two leaders I savored every page of this magnificent work Doris Kearns Goodwin 1 New York Times bestselling author of Team of Rivals The Political Genius of Abraham Lincoln Winner of the Abraham Lincoln Institute of Washington's 2019 book prize Lewis E Lehrman a renowned historian and National Humanities Medal winner gives new perspective on two of the greatest English speaking statesmen and their remarkable leadership in wars of national survival Abraham Lincoln and Winston Churchill as commanders in chief led their nations to victory Lincoln in the Civil War Churchill in World War II They became revered leaders statesmen for all time Yet these two world famous war leaders have never been seriously compared at book length Acclaimed historian Lewis Lehrman in his pathbreaking comparison of both statesmen finds that Lincoln and Churchill with very different upbringings and contrasting personalities led their war efforts to some extent in similar ways As supreme war lords they were guided not only by principles of honor duty and freedom but also by the practical wisdom to know when where and how to apply these

principles Even their writings and speeches were swords in battle Gifted literary stylists both men relied on the written and spoken word to steel their citizens throughout desperate and prolonged wars And both statesmen unexpectedly left office near the end of their wars Lincoln by the bullet Churchill by the ballot They made mistakes which Lehrman considers carefully But the author emphasizes that despite setbacks they never gave up Deeply researched and elegantly written a valuable contribution to our knowledge of the past By expertly conjoining two great leaders in a single volume he has enhanced our understanding of both
