Petry, 2001-01-01 *The Cambridge History of Egypt* Carl F. Petry, 2008-07-10 Egypt **Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies *Islamic Law in Action* Kristen Stilt, 2012-01-12 A dynamic account of the practice of Islamic law this book focuses on the actions of a particular legal official the muhtasib whose vast jurisdiction included all public behavior In the cities of Cairo and neighboring Fustat during the Mamluk period 1250 1517 the men who held the position of muhtasib acted as regulators of markets and public spaces generally They traversed their jurisdictions carrying out the duty to command right and forbid wrong and were as much a part of the legal landscape as the better known figures of judge and mufti Taking directions from the rulers the sultan foremost among them they were also guided by legal doctrine as formulated by the jurists combining these two sources of law in one face of authority The daily workings of the law are illuminated by the reports of the muhtasib in the vivid Mamluk era chronicles which often also captured the responses of the individuals who encountered the official The book is organized around actions taken by the muhtasib in the areas of Muslim devotional and pious practices crimes and offenses the management of Christians and Jews market regulation and consumer protection the specific markets for essential bread currency and taxes and public order The case studies presented show that while legal doctrine was clearly relevant to the muhtasib's actions the policy demands of the sultan were also quite significant and rules from both sources of authority intersected with social

political economic and personal factors to create full and vibrant scenarios that reveal the practice of Islamic law **History and Society During the Mamluk Period (1250-1517)** Stephan Conermann, 2014 Once a person starts to study the 250 some years of the Mamluk Era in Egypt and Syria 1250-1517 one characteristic of that period stands out immediately the very unusual polarization of its society A predominantly Arabic population was dominated by a purely Turkish born elite of manumitted military slaves who sought to regenerate themselves continuously through a self imposed fiat The only person who could become a Mamluk was a Turk who had been born free outside the Islamic territories as a non Muslim then enslaved brought to Egypt as a slave converted to Islam freed and finally trained as a warrior Only those who met these prerequisites were members of the ruling stratum with all the concomitant political military and economic advantages On this historically unique model of a society Stephan Conermann has published a series of seminal articles In this edited volume the reader gets an excellent introduction to some of the central issues of the ongoing research on the Mamluk history and society

Petry,1994-11-04 This analysis of state policy under the last two Mamluk rulers enables modern readers to observe a pivotal era in the history of Egypt and southwest Asia Beset with external threats and internal dissent the Mamluk Sultanate confronted profound challenges in its waning years The author depicts how each monarch differed in his responses to the bureaucratic and military dilemmas he faced al Ashraf Qaytbay remained a stalwart conservator of traditional soldierly values He would be revered by later generations as an exemplary officer and pious believer Qansuh al Ghawri however exhibited little regard for hallowed traditions military or religious Burdened by irremedial bankruptcy and endemic sedition he initiated the first steps toward innovation since the architects of the Mamluk system founded the regime during the thirteenth century The contrasting styles of these two sultans is examined in the context of the foreign and domestic events that shaped their reigns The strategies that they devised to deal with endemic crises decisively influenced the nature of bureaucratic procedures in Egypt influence that is still evident in its government today **Routledge Library Editions:**

Quo Vademus?** Stephan Conermann, 2013. In Mamlukology, an enormous amount of fundamental work in the edition of texts remains yet to be done. Many Mamlukists are primarily engaged in this activity. It may also have been this unavoidable focus on handwritten materials that resulted in the fact that the scholars studying the Mamluk Era have only very rarely occupied themselves. **Writing History in the Medieval Islamic World** Fozia Bora, 2019-06-13. In the encyclopaedic fourteenth-century Arabic chronicles produced in Mamluk cities bore textual witness to both recent and bygone history, including that of the Fatimids (969-1171 CE). For in two centuries of rule over Egypt and North Africa, the Isma'ili Fatimids had left few self-generated historiographical records. Instead, it fell to Ayyubid and Mamluk historians to represent the dynasty to posterity. This monograph sets out to explain how later historians preserved, interpreted, and reorganised earlier textual sources. Mamluk historians engaged in a sophisticated archival practice within historiography rather than uncritically reproducing earlier reports. In a new diplomatic edition, translation, and analysis of Mamluk historian Ibn al-Furat's account of late Fatimid rule in *The History of Dynasties and Kings*, a widely known but barely copied universal chronicle of Islamic history, Fozia Bora traces the survival of historiographical narratives from Fatimid Egypt. Through Ibn al-Furat's text, Bora demonstrates archivality as the heuristic key to Mamluk historical writing. This book is essential for all scholars working on the written culture and history of the medieval Islamic world and paves the way for a more nuanced reading of pre-modern Arabic chronicles and of the epistemic environment in which they were produced. **Studies in Islamic History and Civilization** M. Sharon, 2023-09-29. **Urban Planning in North Africa** Carlos Nunes Silva, 2016-07-07. There has been relatively little written on the history of urban planning in North Africa despite the wealth of towns and cities in this region which date back to Antiquity. The book explores the history of urban planning in North Africa and the challenges confronting contemporary urban planning in Algeria, Egypt, Libya, Morocco, and Tunisia. It examines the transnational flow of planning ideas during the colonial period, namely through the French, British, and Italian colonial presence, and the Portuguese and Spanish influences, as well as discusses key challenges currently confronting urban planning in the major urban centers in the region. The fifteen chapters that constitute the book offer an informed analysis of the history of urban planning in North Africa, covering the pre-colonial, colonial, and post-colonial periods.
