

Winner of the 1987 Translation Prize of
the American-Scandinavian Foundation

Volume 1 in the Holmæ Trilogy

"Holmæ's trilogy about the first Holmæ and his fight for freedom is one of the most beautiful pieces of literature I have ever read. It is not in Viking times, it teaches us many things relevant today." — *Norborg Lundell, University of California, Santa Barbara*
"Beautifully written and exciting, it also provides a vast amount of historically accurate and largely unemphasized information about life during the Viking era." — *Rebecca Wright, University of Illinois at Urbana-Champaign*

The romantic and powerful Viking legend is a favorite subject of novels, movies, and television. But few have the heart of *Land of Wooden Ships*. This country, Jan Holmæ (1927) vividly recreates the Viking period from a new perspective, bringing to life not only the warlike culture of tenth-century Sweden but also the individuals that supported it, especially women. Originally published in Sweden in 1980, *Land of Wooden Ships* is the first volume of a trilogy of novels that Scandinavians consider one of the greatest and most accurate ever written about the Vikings. For capturing its dramatic and emotional force in English, Robert E. Spate won the 1987 Translation Prize of the American-Scandinavian Foundation.

Holmæ, a master at creating atmosphere, sets the scene for this monumental work: a Viking village, with its long halls, ships, and city; feasting legends and human conflicts; small, named dragon ships and a host of pirates. In this powerful setting, Holmæ tells the dramatic story of his Holmæ — and ours.

Robert E. Spate, a professor of English at Arizona State University, has translated Jan Holmæ's other great trilogy — *Land of the Dead*, *Land of Ladders*, and *Many* — also published by the University of Minnesota Press.

Volume 2 in the Holmæ Trilogy

"Holmæ's trilogy is one of the most beautiful pieces of literature I know. Even though it is set in Viking times, it teaches us many things relevant today." — *Norborg Lundell, University of California, Santa Barbara*
"It provides a vast amount of historically accurate and largely unemphasized information about life during the Viking era." — *Rebecca Wright, University of Illinois at Urbana-Champaign*

The clash between paganism and Christianity splits tenth-century Sweden in this second volume of Jan Holmæ's much-admired Holmæ Trilogy. Its dramatic clarity and vividness is perfectly matched in Robert E. Spate's prize-winning English translation.

In *People of the Dead* the blacksmith Holmæ emerges as a leader of the people and a target for the enemies of freedom. The novel, originally published in Sweden in 1981, opens with a raid by the Vikings, who capture Holmæ's wife, Aune. She is brought to the holdings of the Christian missionaries, whose conflict with the rich and powerful of Nordic Holmæ, in the midst of anger to providing the needs of Christians and pagan Vikings alike, has long been a failure. He directs an uprising of starving slaves and fights to reclaim his wife. Holmæ is surrounded by danger as the hard truth, which years after he escaped his master in *Land of the Wooden Ships*, the first volume of the trilogy, has led, inevitably to the end of the year and his death, and becomes known in the last volume of the trilogy, *Land of Ladders*.

Robert E. Spate, a professor of English at Arizona State University, translated Jan Holmæ's other great trilogy — *Land of the Dead*, *Land of Ladders*, and *Many* — also published by the University of Minnesota Press.

Volume 3 in the Holmæ Trilogy

"Holmæ's trilogy about the first Holmæ and his fight for freedom is one of the most beautiful pieces of literature I have ever read. It is not in Viking times, it teaches us many things relevant today." — *Norborg Lundell, University of California, Santa Barbara*
"Beautifully written and exciting, it also provides a vast amount of historically accurate and largely unemphasized information about life during the Viking era." — *Rebecca Wright, University of Illinois at Urbana-Champaign*

The events of the powerful trilogy have been vividly brought to life in *Land of the Dead*, the first volume of Jan Holmæ's much-admired Holmæ Trilogy. Now, before Holmæ in *Land of the Dead*, the events of the trilogy of mystery, who have always been recognized in Nordic and overseas. The former blacksmith Holmæ is transformed into a free-lance figure as he leads the slave uprising that started in *Land of the Wooden Ships* and gathered force in *People of the Dead*. But for Holmæ and his found sons, which years after he escaped his master in *Land of the Wooden Ships*, the first volume of the trilogy, has led, inevitably to the end of the year and his death, and becomes known in the last volume of the trilogy, *Land of Ladders*. Robert E. Spate's prize-winning English translation captures the crystal clarity and emotional force of a world torn by strife between pagans and Christians.

Robert E. Spate, a professor of English at Arizona State University, has translated Jan Holmæ's other great trilogy — *Land of the Dead*, *Land of Ladders*, and *Many* — also published by the University of Minnesota Press.
