The Ghost of Freedom Charles King,2008-02-11 The Caucasus mountains rise at the intersection of Europe Russia and the Middle East A land of astonishing natural beauty and a dizzying array of ancient cultures the Caucasus for most of the

twentieth century lay inside the Soviet Union before movements of national liberation created newly independent countries and sparked the devastating war in Chechnya Combining riveting storytelling with insightful analysis *The Ghost of Freedom* is the first general history of the modern Caucasus stretching from the beginning of Russian imperial expansion up to the rise of new countries after the Soviet Union's collapse In evocative and accessible prose Charles King reveals how tsars highlanders revolutionaries and adventurers have contributed to the fascinating history of this borderland providing an indispensable guide to the complicated histories politics and cultures of this intriguing frontier Based on new research in multiple languages the book shows how the struggle for freedom in the mountains hills and plains of the Caucasus has been a perennial theme over the last two hundred years a struggle which has led to liberation as well as to new forms of captivity The book sheds valuable light on the origins of modern disputes including the ongoing war in Chechnya conflicts in Georgia and Azerbaijan and debates over oil from the Caspian Sea and its impact on world markets Ranging from the salons of Russian writers to the circus sideshows of America from the offices of European diplomats to the villages of Muslim mountaineers *The Ghost of Freedom* paints a rich portrait of one of the world's most turbulent and least understood regions

The Smart and the Dumb Vishal Vasanthakumar, 2024-07-22 When racial and sexual injustice have been reduced we shall still be left with the grave injustice of the smart and the dumb Thomas Nagel Education achieves many things it pulls people out of poverty enables socio economic mobility and promises a route to dignity But what does education mean to different people what does it do and whose needs are being met by education Even as globalization and formal education have established themselves as unquestionable truths only a privileged few have cornered its benefits In this process education is being reconceived and its promises are being rewritten Today there clearly is more to education than going to school getting credentials and getting a job This book is an attempt to capture what this more is by exploring education's connections to caste class and gender and understanding how they affect the promise of education In documenting the fractured realities of the many children who want guns for Christmas and the psychological trauma of conflict in Manipur how a ban on toddy tapping affects educational choices in Tamil Nadu or why a grandmother chose to get her fifteen year old granddaughter married to a seventeen year old truck driver in rural Rajasthan and many such stories this book attempts to paint a portrait of the political and cultural processes that affect education

The Children of the Iroko Gods Dr. Kenneth Enyi, 2016-12-29 *The Children of The Iroko Gods* is a partial fictionalization of an African story it is ridden with history mystery and suspense treachery and tragedy and African culture and traditions all humorously conjured to appease the mind It is an intriguing fictional narration of the intimacy between a people and their gods the betrayal of that intimacy the impending doom on the people as a consequence of that betrayal and the peoples quest and stampede to avert those consequences This is a fictional narrative of the intimacy between a people and their gods yet the essential portions of it contain grains of history and humor mystery and drama treachery and tragedy all baked wrapped and served to entice and to intrigue the minds of those who

yawn for old time African stories A nostalgia for the lovers of old time African stories night time stories stories told under the moonlights This is a work of fiction with few anecdotes Names characters places and incidents either are the products of the authors imagination or are used fictitiously Any resemblance to actual persons living or dead events or locales is entirely coincidental
