The Clinic Jonathan Kellerman:

The Clinic Jonathan Kellerman, 2003-04-01 After an unsuccessful three month investigation into the murder of psychology professor Hope Devane author of a best selling anti male polemic homicide detective Milo Sturgis calls in psychologist Alex Delaware to uncover a motive for the cold blooded stalking and killing Reprint **The Clinic** Jonathan Kellerman, 2009-01-08 **The Clinic (Alex Delaware series, Book 11)** Jonathan Kellerman, 2009-01-08 The doctor will see you now The Clinic is a brilliantly plotted thriller that builds to a white knuckle climax from internationally bestselling author Jonathan Kellerman Perfect for fans of Karen Slaughter and Harlan Coben Quite possibly the best of the series and that s saying quite a lot Chicago Tribune For three months the police have found no clues to the murder of Hope Devane psychology professor and controversial author of a pop psych bestseller an angry indictment of men Now homicide detective Milo Sturgis turns to his friend psychologist Dr Alex Delaware for help One by one they unlock the very private compartments of her life her marriage her shadowy work for a Beverly Hills clinic and her baffling link to another murder victim But when Alex delves into her childhood he begins to understand the formidable woman she was and the ties that entangled her life until the horrifying act of betrayal that ended it What readers are saying about The Clinic Clearly drawn characters plenty of plot twists and compelling writing throughout Twists and turns abound Realistic and gritty **The Clinic** Jonathan Kellerman, 1997-03-01 For three months the police find no clues in the stabbing death of Hope Devane the author of a pop psychology bestseller So they turn to Dr Alex Delaware to study the case for insights that might point to a killer As Alex unlocks the private compartments of Hope s life the murder looks calculated and vengeful A study of her childhood reveals that she kept secrets from everyone It also helps Alex set a trap for the killer Kellerman mines new realms of psychological terror **The Clinic**, 1996 *Survival of the Fittest* Jonathan Kellerman, 1997 In this riveting follow up to the New York Times bestseller The Clinic Jonathan Kellerman proves once again why he is crime fiction s hottest author And psychologist Dr Alex Delaware confronts an almost unimaginably cruel arrogant and obsessed killer who takes as much pleasure in matching wits with the police as in robbing human life The slightly retarded fifteen year old daughter of a diplomat dies on a school field trip forced or lured into a deserted corner of the Santa Monica mountains and killed in cold blood Her father adamantly denies the possibility of a political motive which leaves LAPD detective Milo Sturgis and his longtime friend psychologist Alex Delaware to pose the question Why There are no signs of struggle no evidence of sexual assault and there are no easy answers Just one innocent youngster dead The victim s father is so intent on controlling the investigation that Alex and Milo start to wonder if he wants to bring out the truth or make sure it stays buried Then there is another killing and within days Alex finds himself ensnared in one of the darkest most menacing cases of his career Driven to find answers he and Milo will work closely with Inspector Daniel Sharavi the brilliant Israeli police detective introduced in Jonathan Kellerman s The Butcher s Theater In the end though it is Alex who will go undercover alone to expose the smug

brutality of a murderous conspiracy and a terrifying contempt for human life Weaving together the threads of a mystery that lead from a child's murder to a young scientist's suicide Jonathan Kellerman draws one of the most chilling frighteningly realistic portraits of evil you will ever experience *Clinic a D/Bx36* Jonathan Kellerman,1997-08-07 *The Clinic - Book 11 - Alex Delaware* Jonathan Kellerman,1996 Building to a white knuckle climax *The Clinic* is a brilliantly plotted thriller For three months the police have found no clues to the murder of Hope Devane psychology professor and controversial author of a pop psych bestseller an angry indictment of men Now homicide detective Milo Sturgis turns to his friend psychologist Dr Alex Delaware for help One by one they unlock the very private compartments of her life her marriage her shadowy work for a Beverly Hills clinic and her baffling link to another murder victim But when Alex delves into her childhood he begins to understand the formidable woman she was and the ties that entangled her life until the horrifying act of betrayal that ended it
