The Collected Shorter Poems Of Kenneth Rexroth:

The Collected Shorter Poems Kenneth Rexroth, 1967 This volume brings together all of Kenneth Rexroth's shorter poems from 1920 to the present including a group of new poems written since the publication of *Natural Numbers* drawn from seven earlier books Among the American poets of the generation that came to prominence in the Forties Kenneth Rexroth has been notable both for the independence of his personal voice and for his accessibility to the tradition of international avant garde literature He began writing and publishing in magazines at fifteen His earliest work was personal and concrete much like that of the Imagists In his twenties he wrote in the disassociative style sometimes called literary cubism developed by Mallarmé Apollinaire and Reverdy This was not free association but the conscious disassociation and recombination of the elements of the poem to achieve the highest possible level of significance With his later books Rexroth moved back to a direct and classically simple form of personal statement In this period he wrote the great nature poems the love poems and the contemplative lyrics that have established his reputation as one of the most important American poets

The Collected Shorter Poems Kenneth Rexroth, 1980 *The Collected Shorter Poems of Kenneth Rexroth* Kenneth Rexroth, 1966 *Collected Longer Poems* Kenneth Rexroth, 2013-05-15 This is a companion volume to the *Collected Shorter Poems of Kenneth Rexroth* which was published in 1967 This is a companion volume to the *Collected Shorter Poems of Kenneth Rexroth* which was published in 1967 All of the long poems written over the past forty years are included *The Homestead* Called Damascus 1920 25 *A Prolegomenon to a Theodicy* 1925 27 *The Phoenix and the Tortoise* 1940 44 *The Dragon and the Unicorn* 1944 50 and *The Heart's Garden The Garden's Heart* 1967 68 As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility He is concerned above all with process the movement from the Dual to the Other I have tried Rexroth writes to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability the supernatural identification of the self with the tragic unity of creative process I hope I have made it clear that the self does not do this by an act of will by sheer assertion He who would save his life must lose it **Collected Shorter Poems** Kenneth Rexroth, 2013-05-10 This volume brings together all of Kenneth Rexroth's shorter poems from 1920 to the present including a group of new poems written since the publication of *Natural Numbers* drawn from seven earlier books This volume brings together all of Kenneth Rexroth's shorter poems from 1920 to the present including a group of new poems written since the publication of *Natural Numbers* drawn from seven earlier books Among the American poets of the generation that came to prominence in the Forties Kenneth Rexroth has been notable both for the independence of his personal voice and for his accessibility to the tradition of international avant garde literature He began writing and publishing in magazines at fifteen His earliest work was personal and concrete much like that of the Imagists In his twenties he wrote in the disassociative style sometimes called literary cubism developed

American and British Writers in Mexico, 1556-1973 Drewey Wayne Gunn, 2014-07-03 American and British Writers in Mexico is the study that

laid the foundation upon which subsequent examinations of Mexico's impact upon American and British letters have built. Chosen by the Mexican government to be placed in translation in its public libraries, the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker. Reflections on Mexico and the United States. Drew Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the Americas. Beats who sought to escape the strictures of American culture. Among the 140 or so writers considered are Stephen Crane, Ambrose Bierce, Langston Hughes, D. H. Lawrence, Somerset Maugham, Katherine Anne Porter, Hart Crane, Malcolm Lowry, John Steinbeck, Graham Greene, Tennessee Williams, Saul Bellow, William Carlos Williams, Robert Lowell, Ray Bradbury, Allen Ginsberg, William Burroughs, and Jack Kerouac. Gunn finds that while certain elements reflecting the Mexican experience—colors, landscape, manners, political atmosphere, a sense of the alien—are common in their writings, the authors reveal less about Mexico than they do about themselves. A Mexican sojourn often marked the beginning, the end, or the turning point in a literary career. The insights that this pioneering study provides into our complex cultural relationship with Mexico, so different from American and British authors' encounters with Continental cultures, remain vital. The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers.
