Movement William Farina, 2020-03-13 Over the last three decades Italian crime fiction has demonstrated a trend toward a much higher level of realism and complexity The origins of the New Italian Epic as it has been coined by some of its proponents can be found in the widespread backlash against the Mafia sponsored murders of Sicilian magistrates which culminated with the assassinations of Judges Giovanni Falcone and Paolo Borsellino in 1992 Though beginning in the Italian language this prolific popular movement has more recently found its way into the English language and hence it has found a much wider international audience Following a brief yet detailed history of the cultural and economic development of Sicily this book provides a multilayered look into the evolution of the New Italian Epic genre The works of ten prominent

contemporary writers including Andrea Camilleri Michael Dibdin Elena Ferrante and Massimo Carlotto are examined against the backdrop of various historical periods This past is prologue approach to contemporary crime fiction provides context for the creation of these recent novels and enhances understanding of the complex moral ambiguity that is characteristic of anti mafia Italian crime fiction

The Foreign in International Crime Fiction Jean Anderson, Carolina Miranda, Barbara Pezzotti, 2012-06-14 The foreigner is a familiar character in popular crime fiction from the foreign detective whose outsider status provides a unique perspective on a familiar or exotic location to the xenophobic portrayal of the criminal other Exploring popular crime fiction from across the world The Foreign in International Crime Fiction examines these popular works as transcultural contact zones in which writers can tackle such issues as national identity immigration globalization and diaspora communities Offering readings of 20th and 21st century crime writing from Norway the UK India China Europe and Australasia the essays in this book open up new directions for scholarship on crime writing and transnational literatures

The Importance of Place in Contemporary Italian Crime Fiction Barbara Pezzotti, 2012-09-20 By taking as its point of departure the privileged relationship between the crime novel and its setting this book is the most wide ranging examination of the way in which Italian detective fiction in the last twenty years has become a means to articulate the changes in the social landscape of the country Nowadays there is a general acknowledgment of the importance of place in Italian crime novels However apart from a limited scholarship on single cities the genre has never been systematically studied in a way that so comprehensively spans Italian national boundaries The originality of this volume also lies in the fact that the author have not limited her investigation to a series of cities but rather she has considered the different forms of social landscape in which Italian crime novels are set Through the analysis of the way in which cities the urban sprawl and islands are represented in the serial novels of eleven of the most important contemporary crime writers in Italy of the 1990s Pezzotti articulates the different ways in which individual authors appropriate the structures and tropes of the genre to reflect the social transformations and dysfunctions of contemporary Italy In so doing this volume also makes a case for the genre as an instrument of social critique and analysis of a still elusive Italian national identity thus bringing further evidence in support of the thesis that in Italy detective fiction has come to play the role of the new social novel

Gangland Michael Johnstone, 2013-07-05 The colorful characters of the Cosa Nostra the ruthlessness of the Russian Mafia and the drive by shootings of the LA street gangs have all hit the headlines in recent times catching the public eye with lifestyles that appear at once exciting and menacing Gangland investigates the world s most notorious gangs and shines a light into the murky underworld that they inhabit to give an unflinching insight into organized crime and its perpetrators For anyone who has ever wanted to know what gangs are all about Gangland is a must

The Immigrant Other Rich Furman, Greg Lamphear, Douglas Epps, 2016-03-01 The immigrants profiled in The Immigrant Other shed light on a system designed to dehumanize and disenfranchise them and they describe the difficulty of finding shelter in an increasingly globalized and

unsympathetic world They include Muslims facing discrimination from both the War on Terror and the War on Immigration Latino day laborers Filipino immigrants supporting themselves and their families back home and Brazilian parents terrified of being separated from their naturalized children Immigrants living in Spain Australia Greece and Qatar are also represented showcasing the similarities and differences in the treatment of immigrants worldwide Each chapter in this anthology pairs a description of specific state national and transnational immigration laws and regulations with the testimony of individuals struggling to find legitimacy and sanctuary among them
