Responsibilities of the Non-State Actor in Armed Conflict and the Market Place Noemi Gal-Or, Cedric Ryngaert, Math Noortmann, 2015-05-12 The central question of this pioneer work on the responsibility of non state actors NSAs and the consequences thereof is To whom are such actors in particular armed opposition groups and business corporations accountable for their actions in armed conflict and in peace times Does responsibility in international law apply to these NSAs qua groups While much has been written about NSAs rights and participation in the global theatre as well as the responsibility of the state and international organisations for wrongful acts by NSAs scant attention has been paid to questions of NSA organizational responsibility in spite of their potential to wreak international havoc This volume offers innovative insights into this unexplored territory by analyzing responsibility questions from both theoretical and
