*The Financial Death Spiral of the United States Postal Service ...Unless?* Grady E Griffin,2015-12-23 Grady E Griffin knows all too well that the United States Postal Service is on the verge of financial collapse It continues to lose billions of dollars per year and it has reached its maximum federal borrowing limit of 15 billion Meanwhile total liabilities are approaching 100 billion Griffin who worked for the Postal Service in numerous roles proposes common sense solutions to the Postal Service s most pressing problems These solutions and other fixes are popular among working level employees but many managers union officials labor specialists contract compliance officials advocates for grievances and arbitrators who make a living off interpreting complicated contracts continue to oppose them for selfish reasons Tens of thousands of jobs are at stake and a valuable service that the public relies on could be eliminated forever unless stakeholders overhaul the Postal Service      **Hearings, Reports and Prints of the House Committee on Post Office and Civil Service** United States.
