

The State of USSR And Comintern as of 1st January 1953

The Comintern Hist Intern Comm Pr

Milorad M. Drachkovitch

The Comintern Hist Intern Comm Pr:

The Comintern Duncan Hallas, 2008 This history of the Communist Third International from its beginnings in 1919 as the center of world revolution through its degeneration at the hands of the Stalinist bureaucracy draws out lessons valid today to the work of building bridges to unite and rebuild a Left capable of fighting for radical social change

The History of the North Carolina Communist Party Gregory S. Taylor, 2009 This book presents a re evaluation of the objectives and actions of the Tar Heel Reds from the 1920s to the 1960s The author argues that contrary to widely held belief they were not a threat to national security nor were they beholden to the Soviet Union and that their aims are now accepted parts of the national consensus

The Comintern; Historical Highlights, Essays, Recollections, Documents Milorad M. Drachkovitch, 1966

The History of Ghana Roger S. Gocking, 2005-06-30 Gocking provides a historical overview of Ghana from the emergence of precolonial states through increasing contact with Europeans that led to the establishment of formal colonial rule by Great Britain at the end of the 19th century Colonial rule transformed what was known as the Gold Coast economically socially and politically but it contained the seeds of its own demise After World War II an increasingly more effective nationalist movement challenged British rule and in 1957 Ghana became independent Independence brought its own challenges the most important of which was the inability to maintain political stability Within the space of 24 years there were four military coups and the collapse of three republics Ghana's Fourth Republic established in 1993 has dealt with the legacy of instability inherited from the past as it moves towards a more stable future A timeline photographs maps and an appendix of biographies of notable figures in the history of Ghana are included Students and adults alike will find this book to be highly effective in describing the often turbulent and tumultuous history of this country

History Of Russian Underwater Acoustics Oleg A Godin, David R Palmer, 2008-02-01 This book describes using first person accounts the history of the development in the Soviet Union and later in Russia of an extremely important technical field and how that history was influenced by WWI WWII and the Cold War by government bureaucracy in both positive and negative ways by the economic collapse of the Soviet Union and most importantly by the dedicated efforts of vast numbers of individuals including some of the greatest scientific minds of the 20th century It will make fascinating reading for engineers and scientists who were engaged in similar work in the West for historians of the Cold War and of the Soviet Union and for present day researchers who need to learn about Russian scientific contributions Because of its importance to national security much of the research and development effort in underwater acoustics was classified during the Cold War both in the Soviet Union and the United States This book presents the first declassified accounts of the development of numerous hydroacoustic systems by individuals having first hand knowledge of the development efforts

External Research. ER List United States. Department of State. External Research Division, 1952

External Research United States. Department of State. External Research Division, *History of the Mongolian People's Republic* William A. Brown, Urgrunge Onon, 2020-05-18 An

annotated translation of the third volume of the detailed comprehensive history of the Mongolian People's Republic A
Documentary History of the Communist Party of the United States: Toil and trouble, 1928-1933 Bernard K. Johnpoll, 1994
 This is the second in an eight volume documentary history of the Communist Party of the United States of America This
 landmark collection by a noted authority on the American Left is the result of forty years of searching for pamphlets
 proclamations manifestos party reports and minutes of meetings in bookstores and archives all over the country Facsimiles
 of the originals are presented whenever possible Brief introductions and critical notes and explanations about the documents
 are provided with each of these rare and hard to find materials Volume II begins with a short introduction describing the
 documentary history and pointing to important sources of information about the Communist Party of the United States
 Documents are arranged chronologically and cover a period of toil and trouble from 1928 to 1933 The documents include
 speeches resolution and various reports and discussions about timely issues and attitudes current in the party then on race
 German Fascism and the church Stalin and the Struggle for Supremacy in Eurasia Alfred J. Rieber, 2015-08-25 This is a
 major new study of the successor states that emerged in the wake of the collapse of the great Russian Habsburg Iranian
 Ottoman and Qing Empires and of the expansionist powers who renewed their struggle over the Eurasian borderlands
 through to the end of the Second World War Surveying the great power rivalry between the Soviet Union Nazi Germany and
 Imperial Japan for control over the Western and Far Eastern boundaries of Eurasia Alfred J Rieber provides a new framework
 for understanding the evolution of Soviet policy from the Revolution through to the beginning of the Cold War Paying
 particular attention to the Soviet Union the book charts how these powers adopted similar methods to the old ruling elites to
 expand and consolidate their conquests ranging from colonisation and deportation to forced assimilation but applied them
 with a force that far surpassed the practices of their imperial predecessors The Oxford History of Modern Europe T. C.
 W. Blanning, 2000 Written by eleven contributors of international standing this book offers a readable and authoritative
 account of Europe's turbulent history from the French Revolution in the late eighteenth century to the present day Each
 chapter portrays both change and continuity revolutions and stability and covers the political economic social cultural and
 military life of Europe This book provides a better understanding of modern Europe how it came to be what it is and where it
 may be going in the future **Historical Dictionary of Moldova** Andrei Brezianu, Vlad Spânu, 2007-04-23 The Republic of
 Moldova claims a European lineage reaching back in time long before its 14th century accession to statehood In the 15th
 century it managed against all odds to avoid being conquered by Islam and albeit an intermittent vassal after 1485 it
 maintained its autonomy and was never turned into a province of the Ottoman Empire After this period however Moldova
 would not be so fortunate as it altered between Russian Romanian and Soviet control until it finally gained its independence
 in 1991 from the Soviet Union The second edition of the Historical Dictionary of Moldova through its chronology introduction
 appendixes maps bibliography and hundreds of cross referenced dictionary entries on important persons places events and

institutions and significant political economic social and cultural aspects traces the history of this small but densely populated country providing a compass for the direction it is heading

Mao and the Economic Stalinization of China, 1948-1953 Hua-Yu Li, 2006-02-01 In the first systematic study of its kind Hua yu Li tackles one of the most important unresolved mysteries of the early history of the People s Republic of China_ the economic policy shift of 1953 As a result of this policy shift the moderate economic policies of New Democracy were abruptly terminated_ much sooner than specified by the official party line_ and replaced with a radical Stalinist economic program called the general line for socialist transition Utilizing the rich archival materials released in China since the mid 1980s and Russian archival information released since the early 1990s Li presents a compelling explanation for the policy shift Placing the analysis within the larger context of the world communist movement communist ideology and Mao s complicated relationship with Stalin this book makes it clear that the policy shift was initiated by Mao and that he did so for two reasons First he was committed to a history text compiled under Stalin s guidance that purported to describe the Soviet experience of building socialism in the 1920s and 1930s Mao relied heavily on this text as a road map for China to follow in building socialism in the early 1950s Second Mao was driven by feelings of personal rivalry with Stalin and of national rivalry with the Soviet Union he wanted China to achieve socialism faster than the Soviet Union had The precise timing of the change Li argues resulted from Mao s belief that China was economically ready to build socialism and from his decision to interpret an ambiguous statement made by Stalin in October 1952 as a clear endorsement of a policy shift Li asserts that Mao was a committed Stalinist that he dominated domestic policy decision making and that he skillfully maneuvered his way through his negotiations with Stalin in advancing his own agenda Situating its analysis within the larger context of the world communist movement this carefully researched book will have a profound impact on the fields of communist studies and Sino Soviet relations and in studies of Mao Stalin and their relationship

Enemies Within the Gates? William J. Chase, 2001-01-01 This compelling work of documentary history tells a story of idealism betrayed a story of how the Comintern Communist International an organization established by Lenin in 1919 to direct and assist revolutionary movements throughout the world participated in and was ultimately destroyed by the Stalinist repression in the late 1930s Presenting and drawing on recently declassified archival documents William J Chase analyses the Comintern s roles as agent instrument and victim of terror In both principle and practice the Comintern was an international organization with a staff that consisted primarily of Communist emigres who had fled dictatorial regimes in Europe and Asia It was however headquartered in Moscow and controlled by Soviet leaders This book examines the rise of suspicions and xenophobia among Soviet and Comintern leaders and cadres for whom many foreigners were no longer the heroes of the class struggle but rather possible enemy agents Some Comintern members internalised and acted on Stalin s theories about the infiltration of foreign spies into Soviet society supplying the Soviet police with information that led to the exile or execution of emigres Thousands of other emigres also became victims of the purges Together the text and documents

of this book convey graphically the essential roles played by the Comintern providing a unique perspective on the era of Stalinist repression and terror *History of Modern Latin America* Teresa A. Meade, 2016-01-19 Now available in a fully revised and updated second edition A History of Modern Latin America offers a comprehensive and accessible introduction to the rich cultural and political history of this vibrant region from the onset of independence to the present day Includes coverage of the recent opening of diplomatic relations between the U S and Cuba as well as a new chapter exploring economic growth and environmental sustainability Balances accounts of the lives of prominent figures with those of ordinary people from a diverse array of social racial and ethnic backgrounds Features first hand accounts documents and excerpts from fiction interspersed throughout the narrative to provide tangible examples of historical ideas Examines gender and its influence on political and economic change and the important role of popular culture including music art sports and movies in the formation of Latin American cultural identity Includes all new study questions and topics for discussion at the end of each chapter plus comprehensive updates to the suggested readings **A History of European Socialism** Albert S. Lindemann, 1983-01-01 This is a serious and accomplished synthesis Biographical vignettes enliven the presentation of ideas and references to studies of regional diversities give the narrative an uncommonly rich texture Lucid and illuminating It is the best book on the subject to put into the hands of our students Helmut Gruber International Labor and Working Class History A synthetic narrative by a young academic scholar who has independent ideas on an important subject This book is worth reading if for no other reason than its modest but nonpatronizing rehabilitation from generations of Marxist caricature of a host of deeply democratic European socialists James H Billington Washington Post Book World One asset of this book is its lack of the overbearing personal partisanship one finds in so many historical studies of socialism Lindeman incorporates some recent and inaccessible studies in social history written from the bottom up David D Arcy World View As a whole Lindemann offers a more balanced treatment of the ideas and the movement of socialism than found in many extant histories A must for all college and university libraries Choice A competent and fair minded study of a controversial subject It presents much factual material and judicious interpretation in lucid prose L S Stavrianos Los Angeles Times Book Review

Transnational Moments of Change Padraic Kenney, Gerd Rainer-Horn, 2004-01-29 Transnational Moments of Change offers a broad introduction to the methodology and practice of transnational history To demonstrate the value of this approach the work focuses on Europe since World War II a period whose study particularly benefits from a transnational vantage point Twelve distinguished contributors from around the globe offer a range of transnational approaches to three continent wide moments of change The work begins with a look at the close of World War Two when liberation from Nazi occupation offered the opportunity for social and political experiment Next essays explore the late 1960s as generational change and political dissatisfaction rocked urban centers from Paris to Prague Finally the book turns to the fall of communism a moment of revolutionary change that not only spread rapidly from country to country but even affected and

interacted with protest movements in Western Europe and elsewhere Together the essays provide both a new perspective on postwar Europe and a range of models for the historian interested in using the transnational approach **Labour History Review** Society for the Study of Labour History,2000 **A History of East Asia** Charles Holcombe,2011 This book traces the story of East Asia from the dawn of history to the present Concise Dictionary of Modern Japanese History Janet Hunter,1984-06-28 This is a concise reliable guide to the people places events and ideas of significance from the Meiji Restoration to the present
