The Communal Future The Kibbutz And The Utopian Dilemma:

The Communal Future Joseph R. Blasi, 1978 **The Renewal of the Kibbutz** Raymond Russell, Robert Hanneman, Shlomo Getz, 2013-05-15 We think of the kibbutz as a place for communal living and working Members work reside and eat together and share income from each according to ability to each according to need But in the late 1980s the kibbutzim decided that they needed to change Reforms moderate at first were put in place Members could work outside of the organization but wages went to the collective Apartments could be expanded but housing remained kibbutz owned In 1995 change accelerated Kibbutzim began to pay salaries based on the market value of a member's work As a result of such changes the renewed kibbutz emerged By 2010 75 percent of Israel's 248 non religious kibbutzim fit into this new category This book explores the waves of reforms since 1990 Looking through the lens of organizational theories that predict how open or closed a group will be to change the authors find that less successful kibbutzim were most receptive to reform and reforms then spread through imitation from the economically weaker kibbutzim to the strong **The Communal Idea in the 21st Century**, 2012-09-28 The idea of a better society as associated with the communal idea is investigated from both theoretical perspectives and through contemporary experiences around the world This idea leaves nobody indifferent Whatever the hardship that its concretization implies however once it does materialize it cannot as such avoid new challenges tensions and unexpected claims This means at varying degrees negations of and removals from the utopian inspiration Humans are able to create unprecedented conditions of life under most ambitious inspirations but are unable to safeguard their achievements from change alterations and contradictions In this however another aspect of the utopian realizations is that they ultimately leave room for new utopist thinking and enrolment As far indeed the utopian inspiration draws its vitality from potent civilizational codes its renewal from ashes is as unavoidable as its self betrayal through materialization Contributors included Eliezer Ben Rafael Rami Degany Amitai Etzioni Maria F lling Albers Yiftah Goldman Ruth Kark Yossi Katz John Lehr Graham Meltzer Bill Metcalf Timothy Miller Yaacov Oved Michal Palgi Donald E Pitzer Shulamit Reinharz Lyman Tower Sargent Gy rgy Sz ll Menachem Topel Katherine Trebeck and Chris Warhurst *Sociology of the Kibbutz* Ernest Krausz, 2020-10-28 This is the second volume of the publication series of the Israeli Sociological Society whose object is to identify and clarify the major themes that occupy social research in Israel today Studies of Israeli Society gathers together the best of Israeli social science investigation which was previously scattered in a large variety of international journals Each book in the series is introduced by integrative essays The contents of volume two focus on the sociology of a unique Israeli social institution the kibbutz Kib butz society constitutes an important laboratory for the investigation of a variety of problems that have been of perennial concern to the social sciences Topics in this volume include relevant contemporary issues such as the dynamics of social stratification in a classless society the function and status of the family in a revolutionary society relations between generations industrializa tion in advanced rural communities and

collective economies versus the outside world The questions of the concept and development of the kibbutz social differentiation and socialization and work and production within the kibbutz possess a significance far beyond their immediate social context Does the kibbutz offer a model for an alternative communal lifestyle for the modern world How has the kibbutz changed over the past decades within the context of a rapidly modernizing Israeli society Emphasizing the nonfailure of the kibbutz experiment and contrasting it with many socialist cooperative and communal experiments that clearly did fail Martin Buber in his analysis attributes this success to the kibbutz's undogmatic character its ability to adapt structures and institutions to changing conditions while preserving its essential values and ideals This volume presents an excellent review of the social research undertaken on the kibbutz in the past decades and provides an introduction to the growing scientific literature on the kibbutz Contributors Melford E Spiro Menachem Rosner Martin Buber Joseph Ben David Daniel Katz Naftali Golomb Erik Cohen Arye Fishman Michael Saltman S N Eisenstadt Eva Rosenfeld Amitai Etzioni Ephraim Yuchtman Eliezer Ben Rafael Nissim Cohen Yonina Talmon Garber Joseph Shepher Lionel Tiger Edward C Devereux Reuben Kahane Ivan Vallier David Barkin John W Bennet Yehuda Don Uri Leviatan Eliette Orchan Shimon Shur and David Glanz

The Crisis of Liberal Democracy and the Path Ahead Bernd Reiter, 2017-08-24 Political representation and democracy are at odds and we need new models to organize politics without relying so heavily on elected representatives Similarly capitalism undermines markets as the rich and wealthy shield their assets and make them untenable for average earners Elitism thus undermines both democracy and markets and we need to devise ways to limit the power of professional politicians as well as the asset holdings of the rich so that the goods they hold can re-enter general markets A broad array of institutions and laws have been enacted in different places and at different times to block economic elitism and protect democratic self rule This book presents a number of such cases historical as well as contemporary where solutions to the problem of political and economic elitism have successfully been practiced It then compares these cases systematically to determine the common factors and hence the necessary conditions for ensuring and protecting self rule and equal opportunity This book encourages the idea that alternatives to representative capitalist democracy are possible and can be put to practice
