The Humours Of Donnybrook Dublins Famous Fair And Its Suppression

Paul Rouse

The Humours Of Donnybrook Dublins Famous Fair And Its Suppression:

The Humours of Donnybrook Séamas Ó Maitiú,1995 *The Humours of Donnybrook* Séamas Ó Maitiú,1995

Donnybrook Beatrice M. Doran,2013-10-07 Donnybrook is one of the most iconic areas of South Dublin a prosperous and peaceful suburb that is well known as the being the heartland of Leinster Rugby It derived its name however from the violence and carousing that were a regular feature of the area in the 1800s and this book tells the story of the development and the journey from these inauspicious beginnings to its current form through a series of rare and beautifully produced photographs *Holy Wells of Ireland* Celeste Ray,Finbar McCormick,2023-09-19 The storied landscapes of Ireland are dotted with holy wells hallowed springs pools ponds and lakes credited with curative powers and often associated with Catholic and indigenous saints While many of these sites have been recently lost to development others are visited daily for devotions and remain the focus of annual community gatherings Encouraging both their use and protection Holy Wells of Ireland delves into these irreplaceable resources of spiritual archaeological and historical significance Reserves of localized spiritual practices holy wells are also ecosystems in themselves and provide habitats for rare and culturally meaningful flora and fauna The shift toward a post Catholic Ireland has prompted renewed interest in holy wells as popular domains with organic faith traditions Of the roughly 3 000 holy wells documented across Ireland some attract international pilgrims and others are stewarded by a single family Featuring 140 color images this remarkable volume shares the transdisciplinary work of contributors who study these wells through the overlapping lenses of anthropology archaeology art history biomedicine folklore geography history and hydrology Braiding community perspectives with those of scholars across academia Holy Wells of Ireland considers Irish holy wells as a resilient feature of ever evolving Irish Christianity as inspiration to other faith traditions as places of pilgrimage and healing and as threatened biocultural resources *Prostitution and Irish Society, 1800-1940* Maria Luddy,2007-12-13 The first book to tackle the controversial history of prostitution in modern Ireland *Marriage in Ireland, 1660-1925* Maria Luddy,Mary O'Dowd,2020-06-25 What were the laws on marriage in Ireland and did church and state differ in their interpretation How did men and women meet and arrange to marry How important was patriarchy and a husband s control over his wife And what were the options available to Irish men and women who wished to leave an unhappy marriage This first comprehensive history of marriage in Ireland across three centuries looks below the level of elite society for a multi faceted exploration of how marriage was perceived negotiated and controlled by the church and state as well as by individual men and women within Irish society Making extensive use of new and under utilised primary sources Maria Luddy and Mary O Dowd explain the laws and customs around marriage in Ireland Revising current understandings of marital law and relations *Marriage in Ireland 1660 1925* represents a major new contribution to Irish historical studies **The Cambridge History of Ireland: Volume 3, 1730-1880** James Kelly,2018-02-28 The eighteenth and nineteenth centuries was an era of continuity as well as change Though properly portrayed as the era of Protestant

Ascendancy it embraces two phases the eighteenth century when that ascendancy was at its peak and the nineteenth century when the Protestant elite sustained a determined rear guard defence in the face of the emergence of modern Catholic nationalism Employing a chronology that is not bound by traditional datelines this volume moves beyond the familiar political narrative to engage with the economy society population emigration religion language state formation culture art and architecture and the Irish abroad It provides new and original interpretations of a critical phase in the emergence of a modern Ireland that while focused firmly on the island and its traditions moves beyond the nationalist narrative of the twentieth century to provide a history of late early modern Ireland for the twenty first century

Field Day Review 5
Seamus Deane,2009 Field Day Review the best Irish Studies essays and international contexts The First Irish Cities David Dickson,2021-01-01 The untold story of a group of Irish cities and their remarkable development before the age of industrialization A backward corner of Europe in 1600 Ireland was transformed during the following centuries This was most evident in the rise of its cities notably Dublin and Cork David Dickson explores ten urban centers and their patterns of physical social and cultural evolution relating this to the legacies of a violent past and he reflects on their subsequent partial eclipse Beautifully illustrated this account reveals how the country s cities were distinctive and through the Irish diaspora influential beyond Ireland s shores

The Rule of Freedom Patrick Joyce,2003 The liberal governance of the nineteenth century state and city depended on the rule of freedom As a form of rule it relied on the production of certain kinds of citizens and patterns of social life which in turn depended on transforming both the material form of the city its layout architecture infrastructure and the ways it was inhabited and imagined by its leaders citizens and custodians Focusing mainly on London and Manchester but with reference also to Glasgow Dublin Paris Vienna colonial India and even contemporary Los Angeles Patrick Joyce creatively and originally develops Foucauldian approaches to historiography to reflect on the nature of modern liberal society His consideration of such artifacts as maps and censuses sewers and markets public libraries and parks and of civic governments and city planning are intertwined with theoretical interpretations to examine both the impersonal often invisible forms of social direction and control built into the infrastructure of modern life and the ways in which these mechanisms both shape culture and social life and engender popular resistance

Irish Artisans and Radical Politics, 1776-1820 Timothy Murtagh,2022-10-15 Irish Artisans and Radical Politics 1776 1820 Apprenticeship to Revolution is a comparative study of the political activities of workers in three Irish cities Dublin Belfast and Cork It investigates how Ireland s journeymen and apprentices engaged in campaigns for political reform as well as in revolutionary conspiracies during the years 1776 to 1820 This book marks the first ever attempt to analyse the role of Irish workers in the creation of eighteenth century republicanism representing the careful distillation of nearly a decade of research on the topic It argues that Irish craftsmen truly did serve an apprenticeship to revolution In the literal sense the experience of the workshop provided artisans with a set of traditions which shaped how new revolutionary doctrines were

received But generations of Irish workers also served a figurative apprenticeship to successive political movements the campaigns of Irish Patriot MPs the Volunteering movement of the 1770s and the revolutionary campaigns of the United Irishmen The book explores the role of urban workers within the 1798 Irish Rebellion and Robert Emmet's 1803 rising and adopting a transnational framework places the actions of these Irish artisans within the context of British radicalism and the creation of an industrial working class

Making Ireland Modern Enda Delaney, 2025-10-02 A provocative and original reinterpretation of modern Irish history There is a widespread misconception that Ireland became modern much later than its neighbours in the 1960s and 1970s This is grounded in several enduring stereotypes and caricatures of Ireland as a timeless and unchanging land of saints and scholars of its society and culture in the long nineteenth century as puritanical regressive or archaic of Gaelic language and culture as backward or inward looking in contrast to a modern English counterpart and of the island as natural and rural in the face of the urban and technological progress of modernity Drawing on an extensive range of sources from poetry and novels to contemporary historical documents acclaimed historian Enda Delaney here offers a reinterpretation of Ireland's encounter with modernity that corrects these stereotypes By situating the island's history between 1780 and 1916 within its broader European global and colonial contexts he demonstrates that Ireland's pathway to modernity was not inevitable belated or uni-directional over a complex and centuries long process it was made modern and in its own distinctive way This was related to but distinct from Ireland's complicated colonial relationship with Britain and played out in the broader contexts of globalisation and the rise of capitalism And at the heart of this history are the Irish people themselves both those who lived on the island and the millions of those who left during this period and made their lives in Britain America Australia and beyond who made sense of modernity in a variety of conflicting ways and in so doing sought to shape their own destinies and adapt the old ways of doing things in the face of relentless waves of progress Changes in values consciousness and beliefs interacted with broader social political and cultural revolutions to create a distinctive experience of becoming modern The result is a bold and wide ranging new history of modern Ireland that restores agency to those who lived and made its history raising important and timely questions about modernity globalisation modern history and post colonialism

Sport and Ireland Paul Rouse, 2015-10-08 This is the first history of sport in Ireland locating the history of sport within Irish political social and cultural history and within the global history of sport Sport and Ireland demonstrates that there are aspects of Ireland's sporting history that are uniquely Irish and are defined by the peculiarities of life on a small island on the edge of Europe What is equally apparent though is that the Irish sporting world is unique only in part much of the history of Irish sport is a shared history with that of other societies Drawing on an unparalleled range of sources government archives sporting institutions private collections and more than sixty local national and international newspapers this volume offers a unique insight into the history of the British Empire in Ireland and examines the impact that political partition has had on the organization of sport there Paul Rouse assesses the relationship

between sport and national identity how sport influences policy making in modern states and the ways in which sport has been colonized by the media and has colonized it in turn Each chapter of *Sport and Ireland* contains new research on the place of sport in Irish life the playing of hurling matches in London in the eighteenth century the growth of cricket to become the most important sport in early Victorian Ireland and the enlistment of thousands of members of the Gaelic Athletic Association as soldiers in the British Army during the Great War Rouse draws out the significance of animals to the Irish sporting tradition from the role of horse and dogs in racing and hunting to the cocks bulls and bears that were involved in fighting and baiting

The Social in Question Patrick Joyce, 2002-01 With postmodernism has come the questioning of the very idea of the social Thinkers from across the social sciences and humanities now agree that this one foundational concept can no longer be taken for granted as an objective or real characteristic of the world However their uncertainty has taken on many guises and the social in Question represents an attempt to pull these diverse forms of questioning together Drawn from sociology cultural studies history and theology an international and eminent cast of contributors look at how the idea of the social developed from its mediaeval foundations to its consolidation in the early twentieth century The book then charts how the concept has been brought into the question by critiques from science studies cultural studies and postcolonial studies before going on to look at how new frameworks are being proposed for the exploration of issues formerly seen as the social This book makes a fascinating contribution to the rethinking of contemporary academic activity

Ireland in the Nineteenth Century Leon Litvack, Glenn Hooper, 2000 Hooper Irish and Scottish studies U of Aberdeen UK and Litvack English Queens U Ireland present 13 interdisciplinary contributions from the fields of law politics English anthropology and history which explore the interactions between urban core regions rural peripheral areas and the larger national structure for the constructions of identity Organized along the lines of the above categories topics include the Irish imitation of Britain's Great Exhibition of 1851 the level of support that the Young Ireland movement hoped to receive from Germany in their bid for national independence in the 1840s the rise of literary regionalisms and the relationship of land distribution to regional concerns Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR

Marketing Apocalypse Jim Bell, Stephen Brown, David Carson, 2003-09-02 The present volume of essays examines the extent to which the end of marketing is nigh The authors explore the present state of marketing scholarship and put forward a variety of visions of marketing in the twenty first century Ranging from narratology to feminism these suggestions are always enlightening often provocative and occasionally outrageous *Marketing Apocalypse* is required reading for anyone interested in the future of marketing

A History of Leisure Peter Borsay, 2006-02-27 Leisure is a key aspect of modern living How did our ancestors experience recreation in the past and how does this relate to the present To answer these questions Peter Borsay examines the history of leisure in Britain over the past 500 years analysing elements of both continuity and change *A History of Leisure* Explores a range of pastimes from festive culture and music to tourism and sport Emphasises a conceptual and critical

approach rather than a simple narrative history Covers a range of themes including economy state class identities place space and time Treats the constituent parts of the British Isles as a fluid and dynamic amalgam of local and national cultures and polities Authoritative and engaging this text challenges conventional views on the history of leisure and suggests new approaches to the subject Borsay draws upon the insights provided by a variety of disciplines alongside that of history anthropology the arts geography and sociology to offer an essential guide to this fascinating area of study Sources for the History of Landed Estates in Ireland Terence A. M. Dooley,2000 Readers receive step by step guidance as to how to conduct their research and are alerted to some of the problems they might encounter in working with particular collections Possible avenues for research are suggested and relevant secondary works are also recommended Jacket **Dublin** Siobhán Marie Kilfeather,2005 Siobhan Kilfeather explores Ireland s capital city and walks the streets immortalized by James Joyce s Ulysses Kilfeather takes readers through one thousand years of Dublin s history and examines in detail its architecture statuary painting and writing Back cover **Canon Frederick Donovan's Dunlavin, 1884-1896** Chris Lawlor,2000 Frederick Augustine Donovan served as Catholic parish priest in Dunlavin for twelve years He kept a diary which portrays the history of the ordinary people as they experienced political religious and social divisions in the community
