commentary devoted specifically to this unusual poem since Radermacher's 1931 edition. The commentary pays special attention to linguistic, philological and interpretive matters. It is preceded by a detailed introduction that addresses the Hymn's ideas on poetry and music, the poem's humour, the Hymn's relation to other archaic hexameter literature, both in thematic and technical aspects, the poem's reception in later literature, its structure, the issue of its date and place of composition, and the question of its transmission. The critical text, based on F. C. Ssola's edition, is equipped with an apparatus of formulaic parallels in archaic hexameter poetry as well as possible verbal echoes in later literature. The Hymns of Hermes, Vol. 2 G. R. S. Mead, 2015-06-24 Excerpt from *The Hymns of Hermes Vol 2*. The Theosophical Publishing Society. Under this general title, it is proposed to publish a series of small volumes drawn from or based upon the mystic theosophic and gnostic writings of the ancients, so as to make more easily audible for the ever widening circle of those who love such things, some echoes of the mystic experiences and initiatory lore of their spiritual ancestry. There are many who love the life of the spirit and who long for the light of gnostic illumination, but who are not sufficiently equipped to study the writings of the ancients at first hand, or to follow the labours of scholars unaided. These little volumes are therefore intended to serve as introduction to the study of the more difficult literature of the subject, and it is hoped that at the same time they may become for some who have as yet not even heard of the Gnosis, stepping stones to higher things.
