The Illuminated Soul:

The Illuminated Soul Aryeh Lev Stollman,2002 Eva Laquedem a scientist who has fled Prague at the outbreak of World War II arrives by accident in Windsor Canada at the home of a devout widow and her two sons Within her purse she carries the renowned Augsburg Miscellany a magnificent 15th century illuminated Hebrew manuscript which gives them all a new experience of the world and its possibilities *The Sufi Message of Hazrat Inayat Khan: The Way of Illumination* Hazrat Inayat Khan,2020-09-28 The Sufi understands that although God is the source of all knowledge inspiration and guidance yet man is the medium through which God chooses to impart His knowledge to the world He imparts it through one who is a man in the eyes of the world but God in his consciousness It is the mature soul that draws blessings from the heavens and God speaks through that soul Although the tongue of God is busy speaking through all things yet in order to speak to the deaf ears of many among us it is necessary for Him to speak through the lips of man He has done this all through the history of man every great teacher of the past having been this Guiding Spirit living the life of God in human guise In other words their human guise consists of various coats worn by the same person who appeared to be different in each Shiva Buddha Rama Krishna on the one side Abraham Moses Jesus Muhammad on the other and many more known or unknown to history always one and the same person Those who saw the person and knew Him recognized Him in whatever form or guise those who could only see the coat went astray To the Sufi therefore there is only one Teacher however differently He may be named at different periods of history and He comes constantly to awaken humanity from the slumber of this life of illusion and to guide man onwards towards divine perfection As the Sufi progresses in this view he recognizes his Master not only in the holy ones but in the wise in the foolish in the saint and in the sinner and has never allowed the Master who is One alone and the only One who can be and who ever will be to disappear from his sight The Persian word for Master is Murshid The Sufi recognizes the Murshid in all beings of the world and is ready to learn from young and old educated and uneducated rich and poor without questioning from whom he learns Then he begins to see the light of Risalat the torch of truth which shines before him in every being and thing in the universe thus he sees Rasul his Divine Message Bearer a living identity before him Thus the Sufi sees the vision of God the worshipped deity in His immanence manifest in nature and life now becomes for him a perfect revelation both within and without *The Mirror of Simple Souls* Marguerite Porete,1993 We know very little about Marguerite Porete only that she was a beguine from Hainaut who was burned at the stake as a relapsed heretic in 1310 She might have been a solitary itinerant beguine who expounded her teachings to interested listeners **The Miracle of the Illumination of All Consciences** Thomas W. Petrisko,2000-05 From as far back as the 16th century when St Edmund Campion of England spoke of a great day that would reveal all men s consciences a coming day of enlightenment has been foretold Known as the Warning or the Mini Judgment it is purported to be a day in which God will supernaturally illuminate the conscience of every man woman and child on earth Each person then would momentarily see the state of their soul

through God's eyes and realize the truth of His existence after which it is said the world will never be the same. This predicted event is now said to be imminent as talk concerning the certainty of this miracle has intensified. This comprehensive and authoritative guide uses Scripture and testimony from the Saints and Visionaries to help explain the coming great miracle of God's Mercy.

The Sufi Message of Hazrat Inayat Khan: Healing, Mental Purification and the Mind World Hazrat Inayat Khan, 2020-09-28

Illness is disharmony either physical disharmony or mental disharmony; the one acts upon the other. What causes disharmony? The lack of tone and rhythm. How can it be interpreted in physical terminology? Prana or life or energy is the tone. Circulation regularity is the rhythm regularity in the beatings of the heart of the pulse and the circulation of the blood through the veins. In physical terms the lack of circulation means congestion and the lack of Prana or life or energy means weakness. These two conditions attract illness and are the cause of illness. In mental terms the rhythm is the action of the mind whether the mind is active in harmonious thoughts or in disharmonious thoughts whether the mind is strong, firm and steady or whether it is weak. If one continues to think harmonious thoughts it is just like regular beating of the pulse and proper circulation of the blood. If the harmony of thought is broken then the mind becomes congested. Then a person loses memory, depression comes as the result and what one sees is nothing but darkness. Doubt, suspicion, distrust and all manner of distress and despair come when the mind is congested in this way. The Prana of the mind is maintained when the mind can be steady in thoughts of harmony; then the mind can balance its thoughts; then it cannot be easily shaken; then doubt and confusion cannot easily overpower it. Whether it is nervous illness, whether it is mental disorder, whether it is physical illness, at the root of all these different aspects of illness there is one cause and that cause is disharmony. The body which has once become disharmonious turns into a receptacle of disharmonious influences of disharmonious atoms; it partakes of them without knowing it and so it is with the mind. The body which is already lacking in health is more susceptible to illness than the body which is perfectly healthy and so the mind which already has a disorder in it is more susceptible to every suggestion of disorder and in this way goes from bad to worse. Scientists of all ages have found that each element attracts the same element and so it is natural that illness should attract illness; thus in plain words disharmony attracts disharmony whereas harmony attracts harmony. We see in everyday life that a person who has nothing the matter with him and is only weak physically or whose life is not regular is always susceptible to illness. Then we see that a person who ponders often upon inharmonious thoughts is very easily offended. It does not take long for him to get offended. A little thing here and there makes him feel irritated because irritation is already there. It wants just a little touch to make it a deeper irritation.

The Sufi Message Volume 4 Hazrat Inayat Khan, 2015-01-01

This volume is rich in both quantity and quality. It offers beautiful insights into the world of the mind in its relation to the body on the one hand and to the soul on the other. Interestingly in the conception of Hazrat Inayat Khan the mind includes the heart; thinking and feeling are not separate. The matter is discussed from three different angles. In the Book of Health Hazrat Inayat Khan presents a picture of health and

healing which rises above the controversies between traditional and western professionals Moreover it appeals directly to both ordinary man and healers It sets forth the basic laws governing the divine healing power as well as several methods for its application Quite another perspective is offered in Mental Purification This collection of papers deals with the workings and hygiene of the mind and heart One comes to the understanding of how to manage the mind both for living everyday life and for spiritual development Rather it implies how leaving the world physically or mentally Rather it implies how to deal with life and yet keep your balance by proper attunement The Mind world expands on this subject matter resulting in a sort of travel guide through the world of the mind Although it is highly practical yet it never substitutes for your own options and decisions It is like a foundation on which to build your individual life Sufi Hazrat Inayat Khan Baroda 1982 Delhi 1927 provides a beautiful guidebook for your inner path It contains neither prescriptions nor do s and don ts You may be provided with insight and understanding which may be as a welcome in the circle of Sufi friends or as a silent companion on your further way The soul is called Atman which means happiness or bliss itself It is not that happiness belongs to the soul it is that the soul itself is happiness This inspiring book covers almost all aspects of the life of someone who chooses to go the way of self unfoldment and self realization It refers to the struggle of life its intoxication and its deeper side The aim meaning and purpose of life are discussed What is wanted in life Essential for the answer to this question are concepts like the art and development of personality attitude interest and indifference purity of life and the ideal All these are discussed in separate chapters dealing with these items in an inspiring and uplifting manner nevertheless remaining realistic as to daily life s requirements Life is presented as an opportunity to gain experience both within and without stressing their mutual interdependence The second half of the book discusses amongst others inner life the kingly road from limitation to perfection and the stages of his destiny in the context of the continuity of life This the fourth volume of the Sufi Message by Hazrat Inayat Khan It includes three works the first Healing is a collection of teachings on spiritual healing In this work the Sufi mystic discusses the basic laws governing the mind s influence on the body which he considers greater than that of the physical body on the mental existence and he emphasises the need for a stronger awareness of the possibilities which spiritual healing can offer Mental Purification is a collection of lectures on the working and hygiene of the mind in relation to the spirit This part conveys in a beautiful way the synthesis that can be gained between inner life and life in the world The volume concludes with the Mind World which in the terms of the Sufi poets is called The palace of Mirrors an expression which Inayat Khan takes as symbolising on different levels the whole of life
