Thoreau, 2019-03-11 Illustrations were created specifically for this edition in 2019 by Lysa Kaliostra *Walden* by Henry David Thoreau *Walden* or *Life in the Forest* is a widely known book by American poet and thinker Henry David Thoreau First published in 1854 This book is literary a record of a kind of social experiment for which the author spent over two years On his own Thoreau decided to isolate himself from society for some time focusing only on himself and his needs imbued with the ideas of the liberal philosopher and the Unitarian pastor Ralph Waldo Emerson He settled in Massachusetts in his own self built hut on the banks of the Walden Pond He got everything he needed to live on his own spending most of his time gardening fishing reading classic literature swimming and rowing However he did not avoid human intercourse often meeting and talking both with random travelers and with the owner of the pond Emerson himself With his experiment Thoreau sought to make it clear to the modern society with its cult of material things that it is possible to live well and happily outside of society satisfying all natural needs with your own work He contrasted the industrial revolution and the emerging consumer society with freedom from material wealth privacy self sufficiency and closeness to nature In fact the Thoreau's book in addition to its undoubtedly amazing literary qualities is also a kind of propaganda of anti capitalist and romantic utopian ideas of the XIX century By the way it is appropriate to note that the ideas of maximum separation from

modern society in order to be left alone with yourself and with nature are also quite popular in the 21st century **Walden**

"I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not when I came to die, discover that I had not lived." He spent the next two years alone in the woods, learning to live self-sufficiently and to take his creative and moral inspiration from nature.
