The Imagination As the Architect of Manhood Newell Dwight Hillis, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

A Man's Value to Society: Studies in Self Culture and Character Newell Dwight Hillis, 2019-12-03 In *A Man's Value to Society: Studies in Self Culture and Character*, Newell Dwight Hillis articulates a compelling exploration of individual moral and character development as vital contributions to society. Fusing insights from philosophy, psychology, and spirituality, Hillis employs an accessible didactic style designed to inspire readers toward self-improvement and civic responsibility. His reflections provide a rich tapestry of anecdotal evidence and cultural references, encouraging a holistic view of personal development as intertwined with social welfare, all contextualized within the burgeoning progressive era of the early 20th century. Newell Dwight Hillis was a prominent clergyman, author, and social reformer who championed moral and ethical living. Influenced by his experiences in the socio-religious landscape of America, particularly in the wake of industrialization's impact on society, Hillis's work seeks to remedy the alienation and moral vacuity that often accompanied rapid societal changes. His commitment to self-culture and character building reflects a profound belief in the potential for individualized growth to effect broader social change. This work is recommended for anyone seeking to understand the interplay between personal development and societal contribution. Hillis's insights resonate with the modern reader, making this book a timeless guide for those interested in the cultivation of virtues essential for personal fulfillment and community engagement. **A**

work, 1906 **Bachelors, Manhood, and the Novel, 1850-1925** Katherine V. Snyder, 1999-09-02 Katherine Snyder's study explores the significance of the bachelor narrator, a prevalent but little-recognized figure in premodernist and modernist fiction by male authors including Hawthorne, James, Conrad, Ford, and Fitzgerald. Snyder demonstrates that bachelors functioned in cultural and literary discourse as threshold figures who, by crossing the shifting permeable boundaries of bourgeois domesticity, highlighted the limits of conventional masculinity. The very marginality of the figure, Snyder argues, effects a critique of gendered norms of manhood, while the symbolic function of marriage as a means of plot resolution is also made more complex by the presence of the single man. Bachelor figures made moreover an ideal narrative device for male authors who themselves occupied vexed cultural positions. By attending to the gendered identities and relations at issue in these narratives, Snyder's study discloses the aesthetic and political underpinnings of the traditional canon of English and American male modernism. **The Architects** Joseph J.
