visual imagery in the alchemical treatises composed by members of the Lutheran and Anglican confessions during the Renaissance and Early Modern periods It discusses the reasons for such unexpected confessional survivals in a time of extreme Protestant iconoclasm and religious reform The book presents an analysis of the manner in which Catholic doctrines concerning the Virgin Mary the Holy Trinity and the Eucharist were an essential factor in the development of alchemical theory and illustration from the medieval period to the seventeenth century The role of the Joachimites radical members of the Franciscan Order in the history of alchemy is an important issue The Apocalypse of St John the Book of Revelation and other scriptural texts and specifically Roman Catholic Marian devotions are also considered regarding their influences on late medieval alchemy and on the sixteenth and seventeenth century alchemical literature composed by Protestants Additional issues explored here include the role played by alchemy in strengthening the leaders of the European defence against the invading Ottoman Turks as well as the importance of the figure of the Virgin Mary as the Apocalyptic Woman in the same cause Special consideration is given to the role played by the apocalyptic Mary within alchemical texts and pictures as an emblem of the mercurial quintessence and also in her form as the Bride of the scriptural Wisdom books which also entered alchemical discourse Additional issues discussed in this book include the little regarded problem of confessional alchemy namely whether there were distinct Protestant and Roman Catholic types of alchemy The treatises under consideration include the Buch der Heiligen Dreifaltigkeit 1419 1433 the Rosarium Philosophorum 1550 Reusner s Pandora 1582 1588 and the Pandora of Faustus 1706 as well as the work of Michael Maier Robert Fludd Johann Daniel Mylius Jacob Boehme and pseudo Nicolas Flamel among many others Their works are contextualised within the religious reforms instigated by Martin Luther as well as within the unorthodox radical theology devised by Paracelsus and his alchemical followers The Marian theology of Paracelsus is also of particular interest here
