

Mass Media Influence

- In the last 50 years the media influence has grown exponentially with the advance of technology, first there was the telegraph, then the radio, the newspaper, magazines, television and now the internet.
- We live in a society that depends on information and communication to keep moving in the right direction and do our daily activities like work, entertainment, health care, education, personal relationships, traveling and anything else that we have to do.
- A common person in the city usually wakes up checks the tv news or newspaper, goes to work, makes a few phone calls, eats with their family when possible and makes his decisions based on the information that he has either from their co workers, news, tv, friends, family, financial reports, etc.
