Garrett, 2009-01-08 Scholars engage the ideas and legacy of Cary Nelson in conversations about the corporate university teaching poetry and activism *Fictional Space in the Modernist and Post-modernist American Novel* Carl Darryl

Malmgren, 1985 Fictional space is the imaginal expanse of field created by fictional discourse a space which through ultimately self referential and self validating necessarily exists in ascertainable relation to the real world outside the text After defining his theoretical framework the author applies it to American fiction of the twentieth century **Words,**

**Worlds, Narratives: Transmedia and Immersion** Tawnya Ravy, Eric Forcier, 2019-01-04 Words Worlds and Narratives Transmedia and Immersion offers an interdisciplinary discussion of the way in which narrative is transmitted transformed and translated through the wide variety of technologies and media platforms available in the 21st century This volume critically engages with the field of transmedia studies and addresses the significance of media to narrative and authorship to immersion What emerges is a unique look at collaborative scholarship and storytelling which is both disruptive and immersive Using a diverse archive of narrative forms including video games fan fiction film adaptation and social media the chapters in this volume explore the narratological social political and economic implications of transmedia narrative in the public and private spaces of the digital and the immersive media communities **Israel Denial** Cary Nelson, 2019-06-07 A

work of rigorous intellectual inquiry critiquing the BDS movement in academia Jewish Journal Israel Denial is the first book to offer detailed analyses of the work faculty members have published individually and collectively in support of the Boycott Divestment and Sanctions BDS movement it contrasts their claims with options for promoting peace The faculty discussed here have devoted a significant part of their professional lives to delegitimizing the Jewish state While there are beliefs they hold in common including the conviction that there is nothing good to say about Israel they also develop distinctive arguments designed to recruit converts to their cause in novel ways They do so both as writers and as teachers Israel Denial is the first to give substantial attention to anti Zionist pedagogy No effort to understand the BDS movement's impact on the academy and public policy can be complete without the kind of understanding this book offers A co publication of the Academic Engagement Network **Not in Kansas Anymore** Cary Nelson, 2021-01-19 For years anti Zionist activists have

accused Israel of undermining academic freedom and campus free speech in both Gaza and the West Bank Not in Kansas Anymore demonstrates conclusively that the major threats to academic freedom come from Palestinians themselves including from both the Palestinian Authority and from paramilitary and terrorist groups Hamas most prominent among them This is the first thoroughly researched and documented study of the status of academic freedom in Gaza and the West Bank

**Allegories of America** Frederick M. Dolan, 2018-03-15 Allegories of America offers a bold idea of what in terms of political theory it means to be American Beginning with the question What do we want from a theory of politics Dolan

explores the metaphysics of American ness and stops along the way to reflect on John Winthrop the Constitution 1950s behaviorist social science James Merrill and William Burroughs The pressing problem in Dolan s view is how to find a vocabulary for politics in the absence of European metaphysics American political thinkers he suggests might respond by approaching their own theories as allegories The postmodern dilemma of the loss of traditional absolutes would thus assume the status of a national mythology America s perennial identity crisis in the absence of a tradition establishing the legitimacy of its founding After examining the mid Atlantic sermons of John Winthrop the spiritual founding father Dolan reflects on the authority of the Constitution and the Federalist He then takes on questions of representation in Cold War ideology focusing on the language of David Easton and other liberal political behaviorists as well as on cold War cinema and the coverage of international affairs by American journalists Additional discussions are inspired by Hannah Arendt s recasting of political theory in a narrative framework here Dolan considers two starkly contrasting postwar literary figures William S Burroughs and James Merrill both of whom have a troubled relationship to politics but nonetheless register an urgent need to articulate its dangers and opportunities Alongside Merrill s unraveling of the distinction between the serious and the fictive Dolan assesses the attempt in Arendt s *On Revolution* to reclaim fictional devices for political reflection Defensive Measures Lee Upton, 2005 Much of our strongest poetry that learned its lessons from early modernism lives by its defensive measures that is by means of reversing inverting and challenging in covert ways a dominant perceptual mode *Defensive Measures* explores strategies by which poets claim their distinctiveness and argues that poetry is the one literary form that most insistently demands a defense It demands a defense it would seem because it is perpetually in crisis not only in regard to its utility and its aesthetic appeal or the vigor of its renunciation of such an appeal but in regard to its generic existence Upton defines a generative conception of defense and examines in a new light the poetry of Lorine Niedecker Elizabeth Bishop Louise Gluck and Anne Carson In writing about Bishop Upton puts this well regarded poet in a new framework aligning her work with that of three poets whose aesthetics might be viewed as antithetical to her own Seeing the Gawain-Poet Sarah Stanbury, 2016-11-11 Offers the full length study of the descriptive art found in four medieval poems *Sir Gawain and the Green Knight Pearl Purity and Patience* *Revolutionary Memory* Cary Nelson, 2013-10-11 *Revolutionary Memory* is the most important book yet to be published about the vital tradition of leftwing American Poetry As Cary Nelson shows it is not only our image of the past but also our sense of the present and future that changes when we recover these revolutionary memories Making a forceful case for political poetry as poetry Nelson brings to bear his extraordinary knowledge of American poets radical movements and social struggles in order to bring out an undervalued strength in a literature often left at the canon s edge Focused in part of the red decade of the 1930s *Revolutionary Memory* revitalizes biographical criticism for writers on the margin and shows us for the first time how progressive poets fused their work into a powerful chorus of political voices Richly detailed and beautifully illustrated with period engravings and woodcuts *Revolutionary*

Memory brings that chorus dramatically to life and set a cultural agenda for future work      **The Wound and the Dream**

Cary Nelson, 2002 When the United States and other powers declined to help fight fascist power at the onset of the Spanish Civil War forty thousand private citizens from fifty two countries rallied to join the International Brigade s defense of the Spanish Republic Born out of the struggle between fascism and democracy and considered the first battle of World War II the Spanish Civil War holds tremendous ideological significance and has inspired a remarkable range of American poetry The Wound and the Dream represents the sixty year tradition of American poetic responses to the Spanish Civil War and provides an overview of progressive American poetry as a whole Four of the featured poets Alvah Bessie William Lindsay Gresham James Neugass and Edwin Rolfe were members of the International Brigade Their poetry appears alongside lesser known works by some of the greatest American poets of the twentieth century including Wallace Stevens Edna St Vincent Millay Randall Jarrell Langston Hughes and Philip Levine Cary Nelson s introduction discusses the collective nature of the poems puts them in their international context and provides a sturdy framework for interpreting the Spanish Civil War as a historical conjecture that has dramatically altered the ways we read and write poetry The book also includes a brief biography of each poet and a glossary of related terms      God and the Gawain-poet Cecilia A. Hatt, 2015 A fresh examination of the four poems of the Cotton manuscript arguing that they share a profound theological vision      Common Measures Joseph Albernaz, 2024-08-20 What happens to the experience of community when the grounds of communal life collapse The Romantic period s upheaval cast both traditional communal organizations of life and outgrowths of the new revolutionary age into crisis In this context Joseph Albernaz argues that Romantic writers articulate a vital conception of groundless community while following this idea through its aesthetic ecological political and philosophical registers into the present Amidst the violent expropriation of the commons Romantic writers including the Wordsworths Clare H Iderlin and the revolutionary abolitionist Robert Wedderburn reimagined the forms of their own lives through literature to conceive community as groundless a disposition toward radically open forms of sharing including with nonhuman beings without recourse to any collective identity Both a poetics and ethics groundless community names an everyday sociality that surges beneath and against the enclosures of property and identity binding us to the movements of the earth Unearthing Romanticism s intersections with the history of communism and the general strike Albernaz also demonstrates how Romantic literature s communal imagination reverberates through later theories of community in Bataille Derrida Nancy Moten and others With sharp close readings new historical constellations and innovative theoretical paradigms Common Measures recasts the relationship of the Romantic period to the basic terms of modernity      *Manifesto of a Tenured Radical* Cary Nelson, 1997-04 In an age when innovative scholarly work is at an all time high the academy itself is being rocked by structural change Funding is plummeting Tenure increasingly seems a prospect for only the elite few Ph D s are going begging for even adjunct work Into this tumult steps Cary Nelson with a no holds barred account of recent developments in higher education Eloquent

and witty Manifesto of a Tenured Radical urges academics to apply the theoretical advances of the last twenty years to an analysis of their own practices and standards of behavior In the process Nelson offers a devastating critique of current inequities and a detailed proposal for change in the form of A Twelve Step Program for Academia      **Glossator 9: Pearl** Karl Steel,David Coley,Daniel Remein,Jane Beal,Karen Gross,Piotr Spyra,Anne Baden-Daintree,Tekla Bude,Monika Otter,Beth Sutherland,Bruno Shah,Kevin Marti,Walter Wadiak,William Storm,Karen Bollermann,Kay Miller,James Staples,Noelle Phillips,A. Simons,Trevor Melia,1989 Capturing the lively modernist milieu of Kenneth Burke s early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America s most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke s formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz s 291 gallery and Eugene O Neill s Provincetown Players the leftists associated with the magazines The Masses and Seven Arts the Dadaists and the modernist writers working on literary journals like The Dial where Burke in his capacity as an associate editor saw T S Eliot s The Wasteland into print for the first time and provided other editorial services for Thomas Mann e e cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded Contact and The New Republic Jack Selzer shows how Burke s own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke s transformation from aesthete to social critic
