**Nights in Haunted Houses** Peter Underwood, 1994

The eerie quiet and disorientating darkness of the night have long been associated with the terror of the unknown. In the cold light of day it is all too easy for sceptics to dismiss apparently inexplicable events but in the dead of night when faced with the evidence of their senses and those of other perfectly rational people it is far more difficult to ignore the facts however disturbing they may be. Peter Underwood is Britain's leading ghost hunter. For over thirty years in his position as President and Chief Investigator of the Ghost Club of Great Britain he was actively involved in undertaking night vigils and carrying out research into ghosts and paranormal activity in controlled scientific conditions. In this unique volume of largely unpublished accounts of nocturnal investigations he guides us on a chilling tour of the most haunted houses in Great Britain. Among others we encounter the headless Blue Lady and disturbing inexplicable odour of lavender of Bovey House in Devon the happy spirits monk of Bromfield Manor Shropshire who chuckles with delight when noticed and the strange disembodied voices footsteps and unnatural coldness of Newark Park Gloucestershire. In *Nights in Haunted Houses* Peter Underwood vividly records terrifying accounts of ghostly encounters in locations as diverse as a farmhouse a church a castle and a council house and builds a convincing catalogue of evidence for the existence of ghosts.

The British Aristocracy and the Modern World

Professor Miles Taylor, Christopher Ridgway, 2025-07-02 In the thirty five years since the publication of David Cannadine's *Decline and Fall of the British Aristocracy* 1990 the power of Britain's landed elite declined but they remain far from extinct. One third of Britain's land still belongs to the aristocracy. Moreover partly inspired by Cannadine's book we now know much more about the ways in which the aristocracy established their hold on modernity and how they have lasted so long. Many key questions remain. How much was this a distinctively British story to what extent were things different in Scotland Wales and Ireland. Does decline and fall accurately describe what happened to landed elites in other countries particularly in western Europe or amongst assimilated elites such as Jews. Was the soft power of the aristocracy their role in the arts philanthropy and higher education as significant as their political and economic sway. How dependent on the colonies and also the USA were the British aristocracy for their wealth in the first place and how did their role overseas change their profile at home. This volume brings together a wide ranging group of scholars to explore *The Decline and Fall* developing its themes in new ways and investigating other aspects for the first time.

**Capital Punishment in Twentieth-Century Britain** Lizzie

Seal, 2014-03-05 Capital punishment for murder was abolished in Britain in 1965. At this time the way people in Britain perceived and understood the death penalty had changed. It was an issue that had become increasingly controversial, high profile and fraught with emotion. In order to understand why this was it is necessary to examine how ordinary people learned about and experienced capital punishment. Drawing on primary research this book explores the cultural life of the death penalty in Britain in the twentieth century including an exploration of the role of the popular press and a discussion of

portrayals of the death penalty in plays novels and films Popular protest against capital punishment and public responses to and understandings of capital cases are also discussed particularly in relation to conceptualisations of justice Miscarriages of justice were significant to capital punishment's increasingly fraught nature in the mid twentieth century and the book analyses the unsettling power of two such high profile miscarriages of justice The final chapters consider the continuing relevance of capital punishment in Britain after abolition including its symbolism and how people negotiate memories of the death penalty Capital Punishment in Twentieth Century Britain is groundbreaking in its attention to the death penalty and the effect it had on everyday life and it is the only text on this era to place public and popular discourses about and reactions to capital punishment at the centre of the analysis Interdisciplinary in focus and methodology it will appeal to historians criminologists sociologists and socio legal scholars

**Dead Woman Walking** Anette Ballinger, 2019-05-24 This title was first published in 2000 Between 1900 and 1950 130 women were sentenced to death for murder in England and Wales Only 12 of these women were actually executed Thus 91 per cent of women murderers had their sentence commuted whereas if we examine the corresponding figures for men only 39 per cent had their sentence commuted It would appear that state servants working within the criminal justice system were far more reluctant to hang women than men However this text argues that a closer examination of this apparent discrepancy reveals it to be a misconception which has come about as a result of the statistics regarding infanticide That is to say unlike men the vast majority of women murderers have killed their own child or children Once this is taken into account we find that women who had murdered an adult had less hope of a reprieve than men Thus the author shows that the large proportion of women murderers as killers of their own children has created a false impression of how female murderers fared inside the criminal justice system

*The Rise and Fall of the Rehabilitative Ideal, 1895-1970* Victor Bailey, 2019-04-09 Spanning almost a century of penal policy and practice in England and Wales this book is a study of the long arc of the rehabilitative ideal beginning in 1895 the year of the Gladstone Committee on Prisons and ending in 1970 when the policy of treating and training criminals was very much on the defensive Drawing on a plethora of source material such as the official papers of mandarins ministers and magistrates measures of public opinion prisoner memoirs publications of penal reform groups and prison officers the reports of Royal Commissions and Departmental Committees political opinion in both Houses of Parliament and the research of the first cadre of criminologists this book comprehensively examines a number of aspects of the British penal system including judicial sentencing law making and the administration of legal penalties In doing so Victor Bailey expertly weaves a complex and nuanced picture of punishment in twentieth century England and Wales one that incorporates the enduring influence of the death penalty and will force historians to revise their interpretation of twentieth century social and penal policy This detailed and ground breaking account of the rise and fall of the rehabilitative ideal will be essential reading for scholars and students of the history of crime and justice and historical criminology as well as those interested in social and legal history

*The Old Bailey* Theresa Murphy, 2011-10-14 This is the story of an arena of crime and degradation of infamy and human suffering It is the history of the Old Bailey an institution as flawed as all man made attempts at justice are doomed to be In the beginning there was barbarity and injustice The court was packed with a restless muttering mob eager for the verdicts of Guilty so they could enjoy public executions hurling abuse and missiles at those with the noose around their neck Today we fool ourselves that we have evolved beyond barbarism but are made uneasy by the continuing exposure of miscarriage of justice If we use the Old Bailey as a yardstick it is possible to argue that mankind has not made much progress through the centuries In these pages we tour the courts of long ago meeting the Dracula garbed court chaplains drunken brutal judges and cold blooded hangmen With wit and skill Theresa Murphy brings to life a cast of hundreds from the well known to the less infamous who together make up the harrowing history of the Old Bailey

**Faberge's Eggs** Toby Faber, 2008-10-07 In Stradivari s Genius Toby Faber charted the fascinating course of some of the world s most prized musical instruments Now in this enthralling new book he tells the story of objects that are to many the pinnacle of the jeweler s art the Faberg imperial eggs The Easter presents that Russia s last two czars gave to their czarinas have become synonymous with privilege beauty and an almost provocative uselessness They are perhaps the most redolent symbols of the old empire s phenomenal craftsmanship of the decadence of its court and of the upheavals that brought about its inevitable downfall Faberg s Eggs is the first book to recount the remarkable story of these masterpieces taking us from the circumstances that inspired each egg s design through their disappearance in the trauma of revolution to their eventual reemergence in the global marketplace In 1885 Carl Faberg created a seemingly plain white egg for Czar Alexander III to give to his beloved wife Marie Fedorovna It was the surprises hidden inside that made it special a diamond miniature of the Imperial crown and a ruby pendant This gift began a tradition that would last for more than three decades lavishly extravagant eggs commemorating public events that in retrospect seem little more than staging posts on the march to revolution Above all the eggs illustrate the attitudes that would ultimately lead to the downfall of the Romanovs their apparent indifference to the poverty that choked their country their preference for style over substance and during the reign of Nicholas II their all consuming concern with the health of the czarevitch Alexis the sickly heir to the throne a preoccupation that would propel them toward Rasputin and the doom of the dynasty More than a superb new account of a

classic tragedy Fabergé's Eggs illuminates some fascinating aspects of twentieth century history The eggs amazing journey from revolutionary Russia features a cast of characters including embattled Bolsheviks acquisitive British royals eccentric artifact salesmen and such famous business and society figures as Arm and Hammer Marjorie Merriweather Post and Malcolm Forbes Finally Toby Faber tantalizingly suggests that some of the eggs long thought lost may eventually emerge Darting from the palaces of a besieged Russia to the showcases of New York's modern mega wealthy Fabergé's Eggs weaves a story unparalleled in its drama and extravagance Praise for Stradivari's Genius Fascinating lively more enthralling earthy and illuminating than any fiction could be The New York Times Book Review A celebration of six instruments and the master craftsman who made them Faber brings to the subject an infectious fascination with Stradivari's life and trade He writes with clarity and fluency Chicago Tribune An extraordinary accomplishment and a compelling read Like strange totems that cast an irresistible spell these instruments bring out the best and the worst of those who would own them and Faber deftly tells the stories in all their rich and surprising detail Thad Carhart author of The Piano Shop on the Left Bank A worthy contribution to the ongoing legend of Stradivari Minneapolis Star Tribune Fascinating accessible and enjoyable Tracy Chevalier author of Girl with a Pearl Earring *The Eccentropedia* Chris Mikul, 2012-10-02 An A-Z of eccentrics 250 true stories of the most original and outrageous people on earth from bad poets to transsexual evolutionary theorists this encyclopedic guide covering ancient times to the present includes reams of material never seen in book form before Famous eccentrics like King Ludwig Salvador Dalí and Howard Hughes rub shoulders with a host of lesser known but equally colorful characters in these mostly life affirming stories There are unsuspected parallels and connections throughout creating an alternative off kilter history of the world *War Crimes* M.J. Trow, 2008-10-31 The Second World War was a defining experience in British history It shaped us made us what we are and we are still fascinated by it And one of the most extraordinary aspects of this unique war was the effect it had on crime and this is the focus of M.J. Trow's compelling survey He does not write solely about servicemen who committed crime although there were many of them and he does not celebrate heroes On the contrary his account highlights the unheroic the weak and the corrupt And it draws attention to something perhaps uniquely British the will of the people to cope be it housewives with rationing the police with the black market or magistrates all too aware that careless talk costs lives The war may have been Britain's finest hour but during it there were many dark moments which M.J. Trow explores in his intriguing study **Writers Directory** NA NA, 2016-03-05

**The Murder Gang** Neil Root, 2018-03-15 They were an elite group of renegade Fleet Street crime reporters covering the most notorious British crime between the mid 1930s and the mid 1960s It was an era in which murder dominated the front and inside pages of the newspapers the golden age of tabloid crime Members of the Murder Gang knew one another well They drank together in the same Fleet Street pubs but they were also ruthlessly competitive in pursuit of the latest scoop It was said that when the Daily Express covered a big murder story they would send four cars one containing their reporters
