## **The Infernal Desire Machines Of Doctor Hoffman:**

**The Infernal Desire Machines of Doctor Hoffman** Angela Carter, 1986-03-04 The transformation of Desiderio's city into a mysterious kingdom is instantaneous. Hallucination flows with magical speed in every brain. Avenues and plazas are suddenly as fertile as fairy book forests. And the evil comes too as imaginary massacres fill the streets with blood. The dead return to question the living and profound anxiety drives hundreds to suicide. Behind it all stands Doctor Hoffman whose gigantic generators crack the immutable surfaces of time and space and plunge civilization into a world without the chains or structures of reason. Only Desiderio, immune to mirages and fantasy, can defeat him. But Desiderio's battle will take him to the very brink of undeniable, irresistible desire. [The Infernal Desire Machines of Doctor Hoffman](#) Angela Carter, 2011-02-03

Desiderio, an employee of the city, under a bizarre reality attack from Doctor Hoffman's mysterious machines, has fallen in love with Albertina, the Doctor's daughter. But Albertina, a beautiful woman made of glass, seems only to appear to him in his dreams. Meeting on his adventures a host of cannibals, centaurs, and acrobats, Desiderio must battle against unreality and the warping of time and space to be with her as the Doctor reduces Desiderio's city to a chaotic state of emergency, one ridden with madness, crime, and sexual excess. A satirical tale of magic and sex, *The Infernal Desire Machines of Doctor Hoffman* is a dazzling quest for truth, love, and identity. **Allegories of Telling** Lynn Wells, 2003

In this critical study, Lynn Wells presents detailed readings of novels by five prominent British authors: John Fowles, Angela Carter, Graham Swift, A.S. Byatt, and Salman Rushdie, with an emphasis on how the texts' self-referential aspects illuminate the acts of reading and writing fiction in contemporary Britain and by extension around the world. **Cinematic Howling** Hoi Cheu, 2010-10-01

Cinematic Howling presents a refreshingly unorthodox framework for feminist film studies. Instead of criticizing mainstream movies from feminist perspectives, Hoi Cheu focuses on women's filmmaking itself. Integrating systems theory and feminist aesthetics in his close readings of films and screenplays by women, he considers how women engage the process of storytelling in cinema. The importance of these films, he argues, is not merely that they reflect women's perceptions but that they have the power to reframe experiences and consequently to transform life. A major contribution to feminist scholarship that will appeal to scholars of both gender and film, *Cinematic Howling* is written in an approachable and inviting style, full of vivid examples and attention to detail, which will suit both undergraduate and graduate courses in gender, film, and cultural studies.

[Tactical Readings](#) Nicola Pitchford, 2002 Both writers' novels borrow heavily from other authors, and in doing so they offer strategies for a politically committed rereading of literary history and its interaction with the popular imagination. [Angela Carter](#) Aidan Day, 1998-06-15 The first full-scale study of Angela Carter's fiction with a broad though scholarly appeal.

Woman This revised new edition reviews Carter's novels in the light of recent critical developments and offers entirely new perspectives on her work There is now extended discussion of Carter's most widely studied novels including *The Passion of New Eve* and *Nights at the Circus* and discussion of the long essay *The Sadeian Woman* *Angela Carter: Surrealist, Psychologist, Moral Pornographer* Scott Dimovitz, 2016-03-02 Contributing to the conversation regarding Angela Carter's problematic relationship with what she viewed as the interrelated traditions of surrealism and psychoanalysis Scott Dimovitz explores the intricate connections between Carter's private life and her public writing He begins with Carter's assertion that it was through her sexual and emotional life that she was radicalized drawing extensively on the British Library's recently archived collection of Carter's private papers journals and letters to show how that radicalization happened and what it meant both for her worldview and for her writings Through close textual analysis and a detailed study of her papers Dimovitz analyzes the ways in which this second wave feminist's explorations of sexuality merged with her investigations into surrealism and psychoanalysis an engagement that ultimately led to the explosively surreal allegories of Carter's later more complex and more accomplished work His study not only offers a new way to view Carter's oeuvre but also makes the case for the importance of Angela Carter's vision in understanding the transformations in feminist thinking from the postwar to the postfeminist generation *Angela Carter's Pasts* Sarah Gamble, Anna Watz, 2025-02-20 This book provides a fresh look at Angela Carter's critical and intertextual engagements with the past Examining a broad range of Carter's work novels short stories poetry as well as stage plays the essays in this collection explore a stimulating selection of topics including folk song medieval literature magic realism and the occult Frequently drawing on newly available archival material the volume lays out the ways in which Carter wove allusions into her own narratives creating a lively and challenging dialogue with the cultural materials of the past and present This volume will appeal both to scholars and students of contemporary women's writing critical theory gender studies and British fiction **The World of Angela Carter** Dani Cavallaro, 2014-09-24 Angela Carter a prolific author who worked in numerous genres remains one of the most important British writers of the last century She was particularly renowned for her investigation of cultural mythologies which shape our lives but which we often leave unexamined This text explores a selection of Carter's novels and short stories supplemented with her perspectives on politics society and aesthetics and her attempts to redefine popular genres such as the fairy tale This critical work is a strong addition to the scholarship on this important but often overlooked writer *The arts of Angela Carter* Marie Mulvey-Roberts, 2019-07-17 The arrangement of the material indicated by the chapter headings draws attention to a variety of areas not normally associated with dominant perceptions of Angela Carter These encompass food fashion art poetry music performance and translation which will be discussed in a number of historical literary and cultural contexts *Engendering the Subject* Sally Robinson, 1991-01-01 Viewing the novels of Doris Lessing Angela Carter and Gayle Jones through feminist critical theory argues that female subjectivity is engendered by women characters engaging systems that rely on the figure of

the women for coherence Paper edition unseen 14 95 Annotation copyrighted by Book News Inc Portland OR *Heterotopia in Angela Carter's Fiction: Worlds in Collision* Eliza Claudia Filimon, 2014-02-01 Angela Carter's work is a collage of discourses and genres The challenge of finding a critical framework complex and accurate enough to classify her work has remained The spectacular and the pragmatic threads of her texts framed by extreme seriousness and witty humour are unravelled with the help of a different metaphor denoting enigmatic spaces counterdiscourses borders of otherness heterotopia Five novels out of nine five short stories out of thirty five as well as Carter's two film adaptations are filtered through a term extricated from its medical and geographical roots which emphasizes the ambiguity as well as the dialogic interaction of Angela Carter's often discordant discourses that have kept her at the top of the literary canon **The Allegorical Architectural Machine** Daniel K. Brown, Michael Chapman, 2024-10-28 The intersection of architecture and the machine has a history that stretches back to the Industrial Revolution however the machine has recently begun to appear in new ways in speculative architectural drawing and modelling This issue of AD considers the influence of the machine as an allegorical device for exploring alternative architectural practices and includes a cross section of viewpoints from emerging and established international practitioners and academics Allegory a technique native to literature provides a critical method through which machine typologies can contribute to deeper architectural narratives offering new lenses for challenging or reassembling conventional modes of thought An allegorical architectural project can unveil a story that enhances our awareness of something important This AD reveals how engagement with the machine as an allegorical device in architectural discourse provides an avenue for architecture to provoke new ideas in response to current environmental political economic cultural and social issues At the forefront of this discussion it extends the criticality of the topic within the broader spectrum of history theory philosophy allegory and new technologies Contributors Daniela Atencio and Claudio Rossi Peter Baldwin Brian Cantley Kirill Chelushkin Giuliano Fiorenzoli Marissa Lindquist Bea Martin Derek Hales Wes Jones Brian M Kelly Tom Kundig and Caleb White Featured architects and designers Jones Partners Architecture Olson Kundig Adolfo Luis Moure Strangis and Liam Young *The Influence of Imagination* Lee Easton, Randy Schroeder, 2008-01-23 This collection of essays examines the potential connections between speculative fiction and actual social change Through a variety of approaches the contributors explore whether consumers of science fiction and fantasy narratives can experience a real shift in their worldviews as a result of that consumption Topics include the utopian vision of California in Ursula K LeGuin's *Always Coming Home* the changing role of women in science fiction pulp magazines and the representation of progress and social change in popular graphic novels [Corporeality and Culture](#) Karin Sellberg, Lena Wånggren, 2016-03-09 The material turn in critical theory and particularly the turn towards the body coupled with scientific insights from biomedicine biology and physics is becoming an important path in fields of humanities based scholarly inquiry Material and technological philosophies play an increasingly central role in disciplines such as literary studies cultural

studies history performance and aesthetics to name only a few This edited collection of essays investigates how the material turn finds applications within humanities based frameworks focusing on practical reflections and disciplinary responses It takes as its critical premise the understanding that importation of theoretical viewpoints is never straightforward rather a complex sometimes even fraught communication takes place between these disciplines at the imperceptible lines where praxis and theory meet transforming both the landscape of practical engagement and the models of material theory Presenting a multi and interdisciplinary consideration of current research on the cultural relationship to living and non living bodies Corporeality and Culture Bodies in Movement puts the body in focus From performance and body modification to film literature and other cultural technologies this volume undertakes a significant speculative mapping of the current possibilities for engagement transformation and variance of embodied movement in relation to scientifically situated corporealities and materialities in cultural and artistic practices Time and time again it finds these ever shifting modes of being to be inextricably interdependent and coextensive movement requires embodiment and embodiment is a form of movement

*Modern Fantasy: The 100 Best Novels* David Pringle, 2014-09-30 Pringle presents his selections in chronological order and includes a synopsis of the story a discussion of the author's overall contribution to fantasy literature critical commentary on the title's significance and a brief publishing history An introductory essay tackles the difficulty of defining fantasy while a Brief Bibliography directs readers to other discussions of the genre By no means a definitive subject guide this entertaining volume should serve as a solid introduction to the elusive field of imaginative literature

*Ludics and Laughter as Feminist Aesthetic* Jennifer Gustar, Caleb Sivy, Sarah Gamble, 2021-01-20 Angela Carter's provocations to laughter and her enchantment with ludic narrative strategies are two key aspects of her aesthetic practice neither of which has been the focus of sustained study *Ludics and Laughter as Feminist Aesthetic* Angela Carter at Play responds to this lacuna in Carter criticism This international collection of eleven essays from acclaimed Carter scholars and emerging voices in the field of Carter studies seeks to reclaim play as a serious undertaking for feminist writing and scholarship and to foreground laughter as a potent affect While Carter's work turned to comedy in the later years from the first publication in 1966 until her last in 1992 her fiction poetry and journalism engaged in sharp social and cultural critique she habitually engaged this critique through ludic structures and wickedly funny narratives that challenged conventional norms and ways of thinking Contributors explore the diverse ways in which Carter compelled a complex and often uneasy laughter by means of a controversial aesthetic that merges a persistently ludic sensibility with a biting intransigent wit This volume draws on theories of play surrealism feminism as well as studies of feminist humour and Carter's own journals and diaries to reveal the ways in which her work moves readers towards the unexpected This volume will be of relevance both to scholars of Carter's work and of feminist humour more generally as well it will be of interest to students and general readers of Carter's fiction journalism and poetry

*Intimacy and Identity in the Postmodern Novel* Emilija Dimitrijevic, 2008 This book focuses on the

themes of intimacy and identity in the contemporary novel and in particular in the novels of A S Byatt Angela Carter and Jeanette Winterson Not only do the specificity of the contemporary social context and a growing awareness of the relational nature of the concepts of intimacy and identity set these novels apart from earlier writing that take these issues more for granted Their very concern with the themes of intimacy and identity also sets them apart from much postmodernist or mannerist writing that chooses to cold shoulder these arguments The study draws on work by contemporary social theorists and philosophers and aims to examine issues which although central to the writing of these authors have been neglected or treated superficially in literary criticism Finally it looks into the ways in which the new approaches to the question of intimacy and identity relate and contribute to contemporary debates on the postmodern novel     *The Infernal Desires of Angela Carter* Joseph Bristow, Trev Lynn Broughton, 2014-10-13 Drawing on many aspects of contemporary feminist theory this lively collection of essays assesses Angela Carter s polemical fictions of desire Carter renowned for her irreverent wit was one of the most gifted subversive and stylish British writers to emerge in the 1960s
