The Inquisition at Albi 1299-1300 Georgene Webber Davis,1974 **The Inquisition at Albi, 1299-1300** Georgene Webber Davis,1948 **The Inquisition at Albi, 1299-1300. Text of Register and Analysis. By Georgene W. Davis** Georgene Webber DAVIS,France (INQUISITION, Tribunal of),1948 Heresy, Crusade, and Inquisition in Southern France, 1100 - 1250 Walter L. Wakefield,2023-11-15 Heresy Crusade and Inquisition in Southern France 1100 1250 examines the rise of heresy in the Languedoc region the Albigensian Crusade and the early years of the Inquisition focusing on the social and religious dynamics that shaped this turbulent period Initially conceived as an introduction to William Pelhissos chronicle a key firsthand account of the Inquisition in Toulouse the project expanded into a broader historical study incorporating Pelhissos work and other primary documents as appendices Drawing on the foundational research of scholars like Herbert Grundmann Antoine Dondaine and Yves Dossat the book provides an accessible synthesis for English speaking readers blending analysis of dissent suppression and institutional authority with translations of key texts While rooted in medieval events the book highlights enduring themes of ideological conflict and authority offering insights valuable to both scholars and general readers This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 *The Inner Lives of Medieval Inquisitors* Karen Sullivan,2011-04-15 Examines the motivations inner spiritual lives and religious commitments of seven key inquisitors of the Middle Ages

Inquisition and Medieval Society James B. Given,2018-08-06 James B Given analyzes the inquisition in one French region in order to develop a sociology of medieval politics Established in the early thirteenth century to combat widespread popular heresy inquisitorial tribunals identified prosecuted and punished heretics and their supporters The inquisition in Languedoc was the best documented of these tribunals because the inquisitors aggressively used the developing techniques of writing and record keeping to build cases and extract confessions Using a Marxist and Foucauldian approach Given focuses on three inquiries what techniques of investigation interrogation and punishment the inquisitors worked out in the course of their struggle against heresy how the people of Languedoc responded to the activities of the inquisitors and what aspects of social organization in Languedoc either facilitated or constrained the work of the inquisitors Punishments not only inflicted suffering and humiliation on those condemned he argues but also served as theatrical instruction for the rest of society about the terrible price of transgression Through a careful pursuit of these inquiries Given elucidates medieval societys contribution to the modern apparatus of power *Inquisition and Power* John H. Arnold,2013-07-20 What should historians do with the words of the dead Inquisition and Power reformulates the historiography of heresy and the inquisition by focusing on depositions taken from the Cathars a religious sect that opposed the Catholic church and took root in southern

France during the twelfth century Despite the fact that these depositions were spoken in the vernacular but recorded in Latin in the third person and rewritten in the past tense historians have often taken these accounts as verbatim transcriptions of personal testimony This belief has prompted some historians including E Le Roy Ladurie to go so far as to retranslate the testimonies into the first person These testimonies have been a long source of controversy for historians and scholars of the Middle Ages Arnold enters current theoretical debates about subjectivity and the nature of power to develop reading strategies that will permit a more nuanced reinterpretation of these documents of interrogation Rather than seeking to recover the true voice of the Cathars from behind the inquisitor s framework this book shows how the historian is better served by analyzing texts as sites of competing discourses that construct and position a variety of subjectivities In this critically informed history Arnold suggests that what we do with the voices of history in fact has as much to do with ourselves as with those we seek to rescue from the silences of past

The Cathars Malcolm Barber, 2014-06-17 The Cathars are one of the most famous heretical movements of the late twelfth and early thirteenth centuries They infiltrated the highest ranks of society and posed a major threat not only to the Catholic Church but also to secular authorities as well The movement was finally smashed by the crusade and the inquisitional proceedings that followed This new study is the first comprehensive history of the Cathars It addresses major topics in medieval history including heresy orthodoxy and the Crusades as well as providing a history of the social and political history of Languedoc and the rise of the Capetian dynasty A fascinating study of the development of radical religious belief and its violent suppression

The Waldenses, 1170-1530 Peter Biller, 2024-10-28 The Waldenses like the Franciscans emerged from the apostolic movements within the Latin Church of the decades around 1200 but unlike the Franciscans they were driven underground Not a full counter Church like the Cathar heretics they formed a clandestine religious order preaching to and hearing the confessions of their secret followers and surviving until the Reformation This volume begins by surveying modern historiography Then using both inquisition records from the Baltic to the Alps and the Waldenses own books the author deals with the asceticism of the Waldensian order its practice of poverty and medicine the culture of the Brothers and the preaching of the Waldensian Sisters the way both used and mythicised history to support their position and the composition of their followers The final chapters examine their origins and authorship of the inquisitors texts and look through them to see how inquisitors viewed the Waldenses

The Hammer of the Inquisitors: Brother Bernard Délicieux and the Struggle Against the Inquisition in Fourteenth-Century France Alan Friedlander, 2021-10-05 The early fourteenth century saw the resistance of the Franciscans to the conduct of the ecclesiastical Inquisition in the wake of the Cathar heresy the crisis and destruction of the Spiritual Franciscan movement and the struggle to maintain the unity of France under Philip the Fair The movement to suppress the Inquisition unique in the Middle Ages was conceived of and directed by Bernard Delicieux one of the last leaders of the Spiritual Franciscans whose rise to fame and involvement in these controversies forms the focus of this first monographic treatment in 70 years

Schools of Asceticism Lutz F. Kaelber, 2010-11-01 Explores the Weberian theme of religious asceticism in the context of medieval religion concentrating on the Cathars and Waldensians in southern France Analyzes how the ideology and social organization of religious groups shaped rational ascetic conduct of their members and how the different forms of asceticism affected cultural and economic life combining a sociological approach to the analysis of medieval history with an original analysis of primary sources For scholars of comparative historical and theoretical sociology medieval history and religious studies Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR

Christendom and Its Discontents Scott L. Waugh, Peter Diehl, 2002-07-18 From the eleventh century onward Latin Christendom was torn by discontent and controversy As the Church and secular rulers defined more clearly than ever before the laws and institutions on which they based their power they demanded greater uniformity and obedience to their authority The essays in this book cast new light on the dynamics of repression highlighting the controversies and discontent that troubled medieval society Looking especially at the mechanisms underlying the dissemination of heterodoxy and its repression the religious aspirations of women the fate of non Christian minorities in Europe and changing boundaries between orthodoxy and heterodoxy the authors provide a new understanding of the Church's response to the diversity of belief and practice by which it was confronted
