Sniper One Usmc Snipers In Action:

Sniper One Roy F. Chandler, 1999-11-01 *Hogs in the Shadows* Milo S. Afong, 2012-09-04 There is a special breed of Marine for whom the prey is the enemy and every day is hunting season This Marine is a HOG a Hunter of Gunmen These are the gripping gut wrenching true stories of those Marines in Iraq whose sole purpose on the battlefield is to eliminate the enemy one combatant at a time Every time a HOG puts his eye to the glass it means death for his target Here former Scout Sniper Team leader Milo S Afong reveals what it takes to be a Hunter of Gunmen He describes the intensive training that turns expert infantrymen into one shot life takers how they operate in the field and under fire and how HOGs get the job done under any conditions From sniping from a rooftop in Baghdad to unknowingly being surrounded in a palm grove in the city of Hit these stories will transport you right into the heat of the desert war where one squeeze of the trigger can make all the difference **Shooter** Sgt. Jack Coughlin, Casey Kuhlman, Donald A. Davis, 2007-04-01 The phenomenal New York Times

bestseller *Shooter* captures a professional sniper's life both on the battlefield where he has racked up more than 60 confirmed kills and off Jack Coughlin is the Marine Corps top ranked sniper the man who personally brings America's military muscle to the enemy's front door In twenty years of active service he has accumulated one of the most impressive records in the Corps ranging through many of the world's hot spots During Operation Iraqi Freedom alone he recorded at least thirty six kills thirteen of them in a single twenty four hour period In *Shooter* Coughlin has written a highly personal story about his deadly craft taking readers deep inside an invisible society that is off limits to outsiders This is not a heroic battlefield memoir but the careful study of an exceptional man as he carries forward one of the deadliest legacies in the U S military **Modern Snipers** Leigh Neville, 2016-08-25 The years since 9 11 have seen major changes in the way snipers are

employed on the modern battlefield alongside an incredibly rapid evolution in their weapons equipment and training This book covers the 14 years of near constant warfare since the dawn of the 21st century documenting where when and how snipers have been deployed their rifles optics and their ancillary equipment such as laser range finders their training and tactics and accounts of real life operations involving sniper teams The wars in Iraq and Afghanistan have reaffirmed the importance of snipers in both conventional and unconventional warfare and this new study covers these developments in depth as well as looking at the role of the sniper in police and counterterrorism environments **Crosshairs on the Kill**

Zone Charles W. Sasser, Craig Roberts, 2004-07-01 From the jungles of Vietnam to the unforgiving deserts of Afghanistan and Iraq one breed of soldier has achieved legendary status in the arena of combat the sniper From the authors of the classic sniper chronicle *One Shot One Kill* comes a new generation of true tales from some of the most expert and deadly marksmen in the world Meet Adelbert Waldron II whose 109 confirmed kills in Vietnam made him the most successful sniper in American military history and Tom Moose Ferran who coined the term Fetch whereupon the infantry would retrieve the sniper's dead quarry Also included are stories from snipers in Beirut the Bosnian conflict and both wars with Iraq including

the feat of Sergeants Joshua Hamblin and Owen Mulder who took down thirty two enemy soldiers in a single day outside Baghdad in 2003 The military sniper has evolved into one of the most dangerous and highly skilled warrior professions They suffer through weather terrain and enemy action lay unmoving for days on end and take out their targets with unerring accuracy proving that the deadliest weapon in any battle anywhere in the world is a single well aimed shot *Continental Marine*, 2004 **Inside the Crosshairs** Col. Michael Lee Lanning, 2013-06-19 The American sniper could be regarded as the greatest all around rifleman the world has ever known At the start of the war in Vietnam the United States had no snipers by the end of the war Marine and army precision marksmen had killed more than 10 000 NVA and VC soldiers the equivalent of an entire division at the cost of under 20 000 bullets proving that long range shooters still had a place in the battlefield Now noted military historian Michael Lee Lanning shows how U S snipers in Vietnam combining modern technology in weapons ammunition and telescopes used the experience and traditions of centuries of expert shooters to perfect their craft To provide insight into the use of American snipers in Vietnam Lanning interviewed men with combat trigger time as well as their instructors the founders of the Marine and U S Army sniper programs and the generals to whom they reported Backed by hard information and firsthand accounts the author demonstrates how the skills these one shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada the Gulf War and Somalia and continues to this day with American troops in Bosnia Hunters Milo S. Afong, 2013-10-01 In the War on Terror there are no set battles The fanatical enemy adheres to no warrior code or international law Their only desire is to kill or be killed That is where the snipers of the U S Marines Army and Navy SEALs come in Here in their own words are the compelling true stories of the snipers whose sole purpose is to eliminate the enemy with a single bullet From Iraq to Afghanistan this is life and death as seen through the scope of a high powered rifle These snipers stories illustrate the mental discipline and psychological strength that they must possess to accomplish their missions the effect a sniper's skill and reputation has on the enemy and how they deal with the stark reality of their work after the target is neutralized and after a sniper returns to civilian life Part wartime chronicle part psychological exploration of the warrior mind and part exposé into a secretive brotherhood of military snipers *Hunters* is a must read for anyone who wants to learn the truth about war when it is fought one kill at a time Includes photographs *Fighting Elites* John C. Fredriksen, 2011-12-12 From Army Rangers to Green Berets to the U S Navy SEAL team that killed Osama bin Laden this book explains what makes Special Forces special covering the rich and varied history of elite formations in American military history and describing their recruitment intense training and equipment in depth Most civilians have only a vague idea of what the U S Special Forces are all about who they are how they differ from our normal military forces what they've accomplished throughout our history and how they operate today *Fighting Elites* A History of U S Special Forces examines the rich and varied history of U S Special Forces identifies their contributions to specific conflicts from colonial times forward and highlights their present operational excellence In this

first ever reference guide to U S Special Forces military historian John C Fredriksen provides a carefully balanced presentation describing all units in their own detailed section that discusses their origins recruitment training tactics and equipment and defining military engagements if known The text also contains 20 biographical entries of noted personalities associated with special purpose activities **Special Forces Sniper Skills** Robert Stirling, 2012-12-20 Special Forces Sniper Skills is a hard hitting account of the soldiers weapons and techniques used to coldly eliminate high value targets on the battlefield Though many books have become best sellers through telling one side of the story a sniper s experiences a training manual or a weapons catalogue none before have combined the whole spectrum of a sniper s life and skills into one gripping book This book examines the role of the sniper and the unique skills employed when serving as part of a Special Forces unit including the British SAS the US Navy Seals and the Russian Spetznaz The book is illustrated with photographs of every aspect of the sniper s trade and stories from the real life experiences of the author s comrades soldiers who have served in almost every overt and covert conflict since World War II
