Social Factors In Economic Development The Argentine Case:

Social Factors in Economic Development: the Argentine Case Tomás Roberto Fillol, 1963 **Social factors in economic development**, 1975 **Argentina's Foreign Policy** Edward S Milenky, 2019-06-03 The crises of industrialization and nation building have produced varying foreign policies and associated domestic images in Argentina Classic liberals see the country as a Western European society whose difficulties will be resolved through fuller and more effective participation in world affairs Statist nationalists see a dependent developing *Sociology of the Blue-Collar Worker* Dufty, 2022-09-12 *Reversal of Development in Argentina* Carlos Horacio Waisman, 2014-07-14 Carlos Waisman has pinpointed the specific beliefs that led the Peronists unwittingly to transform their country from a relatively prosperous land of recent settlement like Australia and Canada to an impoverished and underdeveloped society resembling the rest of Latin America Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Organizations Alike and Unlike (RLE: Organizations) Cornelis Lammers, David Hickson, 2013-08-21 This volume contrasts the life and problems of organizations in many parts of the world and highlights the differences between those societies as reflected in their different institutional sectors such as manufacturing commerce social services and government administration In so doing the book contributes to the theoretical foundations of the sociology of organizations by revealing previously unseen relationships between societies and institutions offering an original synthesis of available research *Latin America: The countries of Latin America*, 1968

Peronism Without Perón James W. McGuire, 1999-02-01 Peronism the Argentine political movement created by Juan Perón in the 1940 s has revolved since its inception around a personalistic leader a set of powerful trade unions and a weakly institutionalized political party This book examines why Peronism continued to be weakly institutionalized as a party after Perón was overthrown in 1955 and argues that this weakness has impeded the consolidation of Argentine democracy Within an analysis of Peronism from 1943 to 1995 the author pays special attention to the 1962-66 and 1984-88 periods when some Peronist politicians and union leaders tried but failed to strengthen the party structure By identifying the forces that led to these efforts of party building and by analyzing the counterforces that thwarted them he shows how these failures have shaped Argentina's experience with democracy Drawing on this interpretation of Peronism and its place in Argentine politics the book develops a distributive conflict political party explanation for Argentina's democratic instability and contrasts it to alternatives that stress economic dependency populist economic policies political culture and military interventionism A

Study of the Effects of Public Investment Consad Research Corporation, 1969 **The Soul of Development** Amy L. Sherman, 1997-05-01 Ever since Max Weber started an argument about the role of Protestantism in jump starting northern Europe's economic development scholars have clashed over the influence of religion and culture on a society's or an individual's economic prospects Today many wonder whether the explosion of Protestantism in Latin America will effect a similar wave of growth and democratization In this book Sherman compiles the results of her field study and national survey of 1000 rural Guatemalan households She offers persuasive evidence that in Guatemala and throughout the region religious world views significantly influence economic life Sherman explains how the change in attitude and behavior that accompanies conversion from animism to a Biblically orthodox world view has improved the domestic welfare and economic status of many families Further she asserts that this new attitude sympathetic to democratic capitalism has created a moral cultural soil in which freedom personal empowerment an enhanced status for women and a desire to get ahead can be nurtured **Annual Progress in Child Psychiatry and Child Development 1999** Margaret Hertzog, Ellen A. Farber, 2000-12-15 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **The Limits of Institutional Reform in Development** Matt Andrews, 2013-02-11 Developing countries commonly adopt reforms to improve their governments yet they usually fail to produce more functional and effective governments This book explains such failure and proposes an approach to facilitate better reform results in developing country governments **Parenting: Selected Writings of Marc H. Bornstein** Marc H. Bornstein, 2022-04-11 In the World Library of Psychologists series international experts present career long collections of what they judge to be their most interesting publications extracts from books key articles research findings and practical and theoretical contributions Marc H Bornstein has published widely in experimental methodological comparative developmental and cultural science as well as neuroscience pediatrics and aesthetics In this volume he has collected an integrated series of his papers on parenting Many disciplines over many centuries have expounded on parenting but theory and opinion have prevailed Bornstein initiated efforts to make parenting an evidence based field of study through his journal Parenting Science and Practice the Handbook of Parenting and two monograph series Monographs in Parenting and Studies in Parenting In addition Bornstein has undertaken empirical studies that address the determinants nature scope and consequences of parenting The writings selected for this collection symbolize the development of an empirical parenting science and the meaning and importance of parenting for the lives and well being of children parents and society Including a specially written introduction in which Marc Bornstein reflects on the importance of parenting and contextualizes both the field and the evolution of his wide ranging career this collection will serve as a valuable resource for students and researchers of parenting developmental science and all disciplines from anthropology to zoology concerned with nurturing socializing and educating the next generation *Entrepreneurship in Training* Michael A. DiConti, 1992 **Latin America** Jacques Lambert, 2023-07-28 This title is part of UC Press's Voices

Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967 *The Other Argentina* Larry Sawers,2018-02-07 In the early part of this century Argentina was one of the most affluent nations in the world Since then the Argentine economy has experienced long periods of stagnation and recession Larry Sawers links the country's economic failure to the backwardness of the interior which comprises 70 percent of the area of the country and in which nearly one third of the population resides The interior's poverty according to Sawers is caused by the scarcity of agricultural resources and by serious inequalities in the distribution of those resources The region is poorly endowed land has been degraded through abuse and overuse and most farmers work tiny unproductive plots Moreover most of the products of the interior are produced for highly protected domestic markets and face stiff competition and falling prices in world markets Recent reforms in Argentina have dramatically aggravated the economic crisis of the interior Sawers shows how the poverty of the interior has contributed to the dismal performance of the Argentine economy as a whole He emphasizes the deleterious effects of extensive emigration from the interior to the major urban areas that are unable to absorb the human tide Additionally the national government has taxed the more prosperous regions in order to subsidize the interior placing a severe drain on the federal government budget and worsening inflation The effects of the interior's poverty on the nation are also political Sawers argues that the backward political system in the interior exacerbates the worst features of the national political culture and governance which in turn pose profound obstacles to economic progress *The Sociology of the Blue-collar Worker* Norman Francis Dufty,1969 Post Report ,1985 Series of pamphlets on countries of the world revisions issued Monthly Labor Review United States.
